Good evening guys. Mike has put this order confirmation with supplier so I am sharing with you also.

If we manage to do 2500 pcs daily we can clear this as expected by end of this month.

By tomorrow when I get the scheduled deliveries planned I will post here in what order daily stocks will start to arrive from Monday. Thank you.

The AirPods wireless stock arrived, warehouse checking it.

Initial report:
 MRXJ2TY/A - 994 (5mc open, in 3 masters missing 2 pcs. per box (double tape under seal). In empty space plastic foil insterted. 6pcs. so far

After that warehouse started to check rest boxes, that look like originally sealed.
 With the video warehouse opened one more master - 2 pcs. , already 8 pcs. missing.
 Video I can try to send in separate mail.

What should we do for inspection of rest stock - Open each master?

Or weight each master?

So I told them to reweight which they think not good

According the re-weight of each masters should be that there are 8 master boxes more, 2 pcs. per master missing, = 16. pcs. missing.

So 4 masters as reported before + 8 masters according weight (this is not 100% sure) x 2 pcs.
 = 24 PCS, airpods are missing.

Frustrating evening... driver still there... office did not send the proper paperwork for the releases to the warehouse so he has not been loaded... there was an issue with mixed qtys and some stocks being loose which we rejected... so better you don't inform client for tomorrow... I'll see what I can sort and advise in the morning... later this evening I'll send you the stick update with what's arriving tomorrow...

This war on prices has to stop... I can help and see how to 'stop' supply to Chamon and Ace but there are 100000000 small suppliers that will try and spoil the price structure... the way is not like this... the way is to move away from your present buyers and go for different buyers that will be happy to pay you your price... for example, I am sure that you can find 1000 buyers in foreign markets for iXs at €755... or i8 at €405... or iXr 64Gb at €530... ALSO and this is very important... there are 1000s of good buyers in Dubai and HongKong and elsewhere that will buy from you ANY SPEC... so if you offer aa/a or la/a or other territories like Asian spec... they will be very happy to buy... you just have to find new buyers... I can help and speak to some end buyers that will be interested... so do not get into a price war with your buyers... stick to your price and I will help get you some new leads... this is a very awkward position for me but confidentially I will help...

Tja Jocke,
 Fick ditt namn skickat till mig utav min kran, han vill att jag kontaktar dig.
 Vi har flyttat upp i vårt led och köper direkt av högsta killen.
 Vi har tillgång till riktigt stora volymer till bra priser.
 Känns konstigt för mig att kontakta dig då jag ser upp till er på ABG.
 Men om ni söker en leverantör som har volymer kan du återkoppla till mig.

according to the re-weight of each masters should be that there are 8 master boxes more, 2 pcs. per master missing, = 16. pcs. missing. so 4 masters as reported before + 8 masters according weight (this is not 100% sure) x 2 pcs. = 24 PCS, airpods are missing

Godmorgon bästa grabbarna! Fantastiskt möte igår! Kommer importera, lagerhålla varor så jag har hemma och skicka ut direkt, kommer vara allt från , Telefoner, datorer, spelkonsoler, tv apparater, m.m . Samt hemsidan ska göras om så man kan lägga ordrar online, och priserna ja hittills kollat igenom är ca 5-6% billigare än marknadspriset , så det är fantastiskt. Under tiden processen kommer jag kunna ta emot ordrar redan från 19/3 . Eftersom massa dokument, pappersarbete innan mellan mig o leverantören.

The best way to solve this I think should be, supplier email Alaa imei before they ship Alaa put in imei in this system, if the stock have been with us before they have to send other stock.

Guys... as you know, we are having 'some' issues with Alaa/the warehouse ...some is of our own doing... we are putting too much pressure on him to receive/inspect/scan/sort/repack/release on the same day that goods arrive and more often than not we are receiving the goods at 12/13.00... on the day goods arrive, we need to allow him the time to organize himself and catalogue the goods and prepare them for deliveries early the next morning.... this will reduce errors and allow for a system to be put in place... so unless goods arrive by courier at 8am.. we should expect deliveries to start on the following day early in the morning...

Furthermore and EQUALLY importantly we need to send ALL our instructions IN WRITING by email... we cannot verbally communicate our instructions constantly during the day.. it becomes difficult to keep track...

I am sure this will help tremendously in organizing our warehousing and provide for a more efficient/error free system...

Needless to say, we need to be aware of the possible one day delay and order goods accordingly...

I am sorting a return to Maretty of some doubles that are GOOD FOR US BUT NOT GOOD FOR ABG... since we are having difficulty selling to other clients (Adam, Chamon etc) I think it's better to return the stocks and get fresh numbers.... so yes I am organizing return to supplier for:

250pcs i8 64Gb space grey
320pcs iXr 64Gb Black

I will sort returns for the rest of the 'doubles' we have so all stocks will be clean for our clients (again... they are already clean for us but.....)
THESE DO NOT SHOW ON ISKANA STOCKS SO YOU DO NOT NEED TO DEDUCT OR ADJUST THE STOCKS...

I am sorting a return to Marety of some doubles that are GOOD FOR US BUT NOT GOOD FOR ABG... since we are having difficulty selling to other clients (Adam, Chamon etc) I think it's better to return the stocks and get fresh numbers.... so yes I am organizing return to supplier for:

250pcs i8 64Gb space grey
320pcs iXr 64Gb Black

I will sort returns for the rest of the 'doubles' we have so all stocks will be clean for our clients (again... they are already clean for us but.....)
THESE DO NOT SHOW ON ISKANA STOCKS SO YOU DO NOT NEED TO DEDUCT OR ADJUST THE STOCKS...

Hej

Förlåt, då missförstod jag dig

Jag vet inte vad jag ska svara, denna sändning har dessa nummer. Då måste ni ha fått fel tidigare..

Jag har bett vårt lager om en förklaring, dock hjälper det oss inte så mkt. Men jag återkommer med ett svar, och ska självklart se till att det inte händer igen.

Väldigt ledsen för strulet.

Hej

Inför keynote från Apple så har gods snurrat runt i Europa, detta då vissa har varit oroliga för att sitta med "Svarte Petter" vid eventuella prissänkningar av befintliga modeller. Detta är vad vår leverantör av denna Batch säger till oss har skett, han har tagit detta på största allvar och jobbar för att undvika liknade situationer i framtiden. Vi jobbar även internt för att hitta ett system som flaggar samma imei nr om detta skulle uppstå igen från någon av våra leverantörer.

Vi beklagar det inträffade och vi kan ta tillbaka dessa 180 st Iphone om ni önskar.

Ha en fin kväll.

Hej Magnus,

Här kommer imei listor som vi fått från dig 7/9 samt 31/8.

180 telefoner som är rödmarkerade är dubletter dvs du sålde godset till oss 2 gånger.

Det framkommer tydligt på våra PO att vi inte accepterar trejdad goods.

Vänligen kolla upp detta och återkom till oss omgående.

Vi tar tillbaka dessa idag, mot en transportkostnad av ca 15,000 sek.

Sedan får du tillbaka dem, om ett par dagar.

Vi behöver dock nya, då varken vår kund eller vi avbokat ordern.

Skickar du asap 500 nya imei nummer så att min kund kan kolla dessa innan de skeppas?
