Gransknings-PM

2024-5000-BG128042-1

Inledning:

Mobiltelefonen i beslag är en iPhone SE, tagen i beslag från Susanne Testino 2024-10-13 på Masugnsvägen 3 i Älmhult. Beslaget är från ärende 5000-K1127011-23.

Extraheringen till UFED Reader är utförd av it-forensiker Simon Maklind 2024-12-04.

Undersökning av telefon har genomförts i programmet UFED Reader av Pa Jutta Wihlborg. Granskningen är gjord för att se om det finns något av intresse som kan föra utredningen framåt och för att kartlägga Susanne Testinos förehavanden. Granskningen är fullständig och fokus har legat på att granska mobilens innehåll på information vid tiden för brottet 2023-08-25.

Telefontömningen har gjorts med hjälp av läsprogrammet UFED som mobiltelefonen har extraherats till av behörig IT-forensiker. I detta PM redovisas sådan information som vid granskningstillfället är att anse som relevant till ärendet om utpressning och penningtvättsbrott.

Samtliga skärmdumpar redovisade i denna granskning är tagna från UFED. Alla tidsangivelser som presenteras i denna granskning är i UTC+01.

UFED är ett läsprogram där utredaren kan se alla de bilder, platser, anteckningar samt telefonkommunikation via sms, samtal, mail och chattar som extraherats till verktyget från respektive mobiltelefon av behörig IT-forensiker.

Det är viktigt att skilja på sms och chatt. Sms är textmeddelanden och chatt är skriftlig kommunikation inom olika applikationer såsom Snapchat/ Whatsapp m.m. Man måste därför skilja på det namn som är inlagt som kontakt till ett visst telefonnummer och det namn som är angivet i en applikation.

För ytterligare beskrivning av läsprogrammet UFED hänvisas till sakkunnig IT-forensiker.

Vad ger dig då rätten att komma och försöka förstöra mitt äktenskap?

Hur har JAG förstört ditt??

Du sitter på högtalare idag, vilket du är mycket väl medveten om & berättar känsliga saker jag berättat för dig och som vi kommit överens om att du inte ska säga till honom. Att du hade ringt polisen åt mig.

Det är inte din rätt att besluta vad som ska sägas mellan mig & honom bara för att vi är gifta asså de va de sjukaste jag hört.

Inte nog med detta så har du innan dess screenshotat vad jag skrivit till dig & skickat de till Daniel & skrivit att de obehagligt att prata med mig. Vilken Daniel visade mig på sin telefon direkt.

Då fick jag nog susanne. Att du inte kunde säga det direkt till mig isåfall efter allt vi har kunnat prata om.

Då jag inte vill ha sånna opålitliga människor runt mig så sa jag där att nu räcker de. Du får ha din kontakt med henne genom ali ang pengar, inget annat.

Absolut att du har känt att du blivit mellanhand till oss när vi bråkat men nu har det varit vid TVÅ tillfällen, där allt varit bra & lugnt, som du har huggit mig i ryggen.

Vad hade du själv gjort om du var mig?? Du hade gjort dig av med den människan direkt som gått så bakom din rygg..

Och bara innan när ja skulle ge min telefon till Daniel så frågade du om du var på högtalare och om jag hörde & Daniel svarade jaa, så sa du att han skulle ringa upp dig när han är själv, vad är de som är så hemligt som jag inte kan höra?

Alltså jag klarar inte av sånt, har blivit tillräckligt huggen i ryggen av min egen man & det får fan räcka där.

Jag har sagt till dig hur idiotiskt det är vad du har gått med på, för han har satt mig i samma skit för 2 år sen. Men du valde att fortsätta & lyssna på Daniel osv. Så de upp till dig att det är som det är just nu.

Jag har ingen aning om hur ni ska lösa detta eller om det ens går att lösa.

Jag har inte gjort dig ett SKIT. & vill dig inget illa. Fast man säger dumma saker när man är arg osv.

Annars hade ja väl förfan inte ens svarat dig när du ringde, hade blockat dig för längesen. Men du har ändå trots att du huggit mig i ryggen, kunnat ringa mig om du velat.

Du får ta allt dedär om bank osv mellan Ali de blir bäst så, jag har inget förtroende till dig mer vad du tänker avslöja för saker för honom ännu en gång bakom min rygg. De inte ens relevant längre vad som har hänt, allt är mycket bättre nu & varken han eller jag vill dra upp något av vad som hänt innan.

Kolla tiden . Har suttit i 40 minuter kollar bara sms enbart sms ingenting annat. Har fått fram 12 svenska namn som jag dubbel kollar på mina egna sms om jag kontaktat dem eller inte tidigare. 12 svenska namn på 50 sms totalt. Och de tog mig 40 minuter totalt. Han tömde 1300 nummer på 1 timme!!!!!!!!!!!!!! Kommer snea på han snart. Han skojar med mig för han inte fått några pengar i sin ficka får jobbet han lagt ner tidigare och därför gör han så här nu.

Han hade sin kompis där samtidigt när han skulle tömma numren. Hade tagit minst ett helt dygn att tömma 1300 nummer det lovar jag. Jag gör detta så snabbt man kan göra något pp en telefon. Jag e mycket van med telefoner. Att tömma 1300 nummer hade tagit minst 10-15 timmar rent jobb utan distraktion.

Gransknings-PM

2025-5000-BG15683-2.

Inledning:

Mobiltelefonen i beslag 2025-5000-BG15682-2 är en iPhone 13, tagen i beslag 2025-02-06 från Robert Rillver. Beslaget är från ärende 5000-K99881-25.

Extraheringen till UFED Reader är utförd av it-forensiker Patrik Jonsson 2025-02-12.

Undersökning av telefon har genomförts i programmet UFED Reader av Pa Jutta Wihlborg. Granskningen är gjord för att se om det finns något av intresse som kan föra utredningen framåt och för att kartlägga Robert Rillver förehavanden. Granskningen är fullständig och fokus har legat på att granska mobilens innehåll på information vid tiden för brottet 2025-01-27 samt för tiden 2023-05-01 t.om 2025-02-06.

Telefontömningen har gjorts med hjälp av läsprogrammet UFED som mobiltelefonen har extraherats till av behörig IT-forensiker. I detta PM redovisas sådan information som vid granskningstillfället är att anse som relevant till ärendet om människorov och utpressning.

Samtliga skärmdumpar redovisade i denna granskning är tagna från UFED. Alla tidsangivelser som presenteras i denna granskning är i UTC+01.

Granskningen är genomförd av undertecknad, Pa Jutta Wihlborg.

UFED är ett läsprogram där utredaren kan se alla de bilder, platser, anteckningar samt telefonkommunikation via sms, samtal, mail och chattar som extraherats till verktyget från respektive mobiltelefon av behörig IT-forensiker.

Det är viktigt att skilja på sms och chatt. Sms är textmeddelanden och chatt är skriftlig kommunikation inom olika applikationer såsom Snapchat/ Whatsapp m.m. Man måste därför skilja på det namn som är inlagt som kontakt till ett visst telefonnummer och det namn som är angivet i en applikation.

För ytterligare beskrivning av läsprogrammet UFED hänvisas till sakkunnig IT-forensiker.

Tjena ring mig nlt du vaknar viktigt fått svar nu men dom undrar syftet och hur vi kommunicerat. Enklaste är att han säger bostad mat hund mat busskort för överlevnad eftersom han är pank. Sen hur vi hans telefon såklart men då måste kanske jag ha nummret plus prata med honom snarast så jag kan ge svar där så fort det går

Kan inte tänka mig ngt annat än att dom kontaktar han nör som helst för att fråga om vmjs eller han ville hjälpa eller jag ville ha hjälp så kanske bra om vi gör så oss redo på att vi måste ri ga o be han säga som vi sagt el skickar du i formationen som jag skrivit han svara samma men på sitt sätt bara. 15 till seb samt då att vi måste ha sll dokumentation redo ändå är viktigt som fan alltid . Super bra att vi haft sän kontroll så försök att få samma lån eftersom det andra låst sig va han tvungen till mig andra bank bara o sen skicka in allt som måste finnas för det inte händer igen
