Jag blev ledsen igår när du kalla mig för fula ord. Sen att jag ska behöva påminna dig tusen gånger om pengarna, skicka tusen sms, ringa dig tusen grr. Det e inte fint av dig, jätte avsmakligt. Till slut blir det att jag inte orkar med. Jag har redan missbrukat nordea pga dig. Använder swedbank nu o riskerar även där att bli avstängd. Det minsta du kan göra är att lämna tillbaka itid. Jag hoppas verkligen att dessa pengar jag får är rena och inte ett bakhåll.

Berättelse

Hämtad från mobiltelefon med beslagsnummer 2021-5000-BG111582-1.

Utdraget visar konversation mellan Esso och Emilio Ghost.

I konversationen skriver Emilio Ghost bland annat "skicka bild på den fram och baksida" samt "bror vad ska jag göra med lurarna". Utredarna kopplar detta till bilder som tas i samband med kontoskapande hos de olika kryptovalutsföretagen, som använts frekvent i brottsligheten. Det kan även kopplas till att mycket tyder på att mobiltelefoner hämtas från penningmottagarna som ställer sina konton till förfogande, till exempel som penningmottagare Fatima Bayat berättade.

I konversationen skickar även användaren Emilio Ghost ett telefonnummer som är registrerat på Emilio Dawd via Swish, vilket leder till att det misstänks vara Emiilio Dawd som använder aliaset Emilio Ghost. I konversationen skrivs det även om Norge, dit Emilio Dawd och Osama Shebani syntes ha en gemensam resa.

Ät kebab rulle på intergrill sen ät shawarma tallrik med extra vitlök på orient grill. Både är i möllan. Sväng förbi lilla torg på kvällen och åk till bo01/ribban när du vill gå i stranden. Stan, då promenerar du från triangelns köpcentrum. Du kan börja gå från möllan mitt område ti triangeln och sen promenera mot gustav o vidare längst gågatan till stortorget.

Berättelse

Hämtad från mobiltelefon med beslagsnummer 2021-5000-BG111582-1.

Konversationen anträffades på applikationen Signal och är mellan Osama Shebani och användarnamnet FF34 som senare under konversationens gång byter användarnamn till Joakim. Joakim ber Osama skicka bilder på legitimationer och selfies på personer som de kan "regga", vilket Osama gör. Han instruerar Osama i vilken typ av bilder som behövs och skriver bland annat "kort behövs inte bror. Räcker med bilderna leg och selfie". Osama repeterar detta och skickar sedan önskat material.

Osama ombeds därefter att maila allt material till den mail som tidigare beskrivits under handlingarna i "Tömningsmaterial - Protonmail", systemcentral@protonmail.com. Vidare, diskuteras pengar och Joakim nämner att han ska "sitta med system tills 18" samt "jag börjar med system igen när all säkring är klar". Utredarna menar att den säkring som nämns är säkringen av brottsvinster och Joakim är en sådan person i brottsligheten som bedöms inneha en position som "systemvetare" vars uppgift är att ha kunskap över och kontrollera de system som används i samband med bedrägeriet.

På sid. 9 i bilagan, nämner Joakim att han "behöver 3 gubbar" varpå Osama svarar att han löser detta. Att döma av fortsättningen på konversationen där plats och tidpunkt för överlämnande av detta diskuteras, bedöms "gubbar" vara någon typ av narkotika, vilket begreppet även syftar till i vardagligt slang. På sid. 13 överlämnar Joakim ett telefonnummer, 46720022176 och ber Osama ringa honom. Telefonnumret är i polisens system kopplat till Emre Bodur, född 1996-01-04. Telefonnumret användes senast av Emre i samband med passansökan 2021-07-14 på polisstationen vid Globen i Stockholm.

På sid. 24 i bilagan skriver Joakim att "X kommer bryta kontakten med er om han får reda på att ni tackade nej till pengar". Som tidigare nämnt är X också en av de personer som misstänks vara en del av brottsligheten i fråga. Även Osama har kontakt med X, vilket påvisats i andra konversationer i den här protokollsbilagan.

Sammantaget styrker innehållet i konversationen att Osama Shebani förser andra inblandade i brottsligheten med penningmålvakter som registreras som mottagare av brottsvinster i samband med de olika bedrägerierna.
