## Summary meeting with Auditor

1. Customers MUST pay. We currently have unpaid invoices of SEK 1.5 million and it does NOT look good. If customers do not pay and we do not take action, we will receive an audit the company. From now on I have to send out a reminder fee if the invoice is 5 days late, if the customer does not pay after 3 reminders, it will go to Kronofogden (debt collection company). The auditor was very worried about HOT so they have to start paying or they can't be one of our clients any more.

2. In the future when I make invoices, I will make ONE invoice to the customer with the total sum for services (the auditor's proposal). On the side of it I will attach an excel file with a summary of all services and products. It makes it easier for me to create the invoices, for the customer to pay and for the auditor to book. I will send out invoices once a week in the future. All this is because the auditor has said so. I can not say no to too much because then they become suspicious. I have to work well with him to keep transco clean.

3. When the financial statements have been received by the Swedish Tax Agency, I will apply for a new bank. Previously, we were not approved due to the fact that Håkan sits on the board and we were newly started. Now the financial statements will show a good profit in the company, which makes it easier to open an account with a new bank. Should the bank not approve transco, the auditor will go in and talk to the bank. When we have a new bank, there will be two accounts. One account where all transactions will take place, payments and withdrawals + a company card. The other account will be for each deposit so we have the money saved (looks good for the auditor) and also the share capital will be transferred to that account. This is because a deposit should not really be used up, it should remain with the company to be able to be paid back to the customer if the customer closes the account.

4. When the financial statements are ready, transco will make a profit. We pay a corporation tax on this profit, the tax is 21.4% of the profit. Unpaid customer invoices are also seen as a profit, so it is very important that customers who have unpaid invoices before 1 July must pay this week. ( only HOT, 7 invoices, around 49-50 krona) We will still have to pay a profit tax but then we have profited from it as well,

otherwise the company will only lose on it.

**5.** From now on when we get a new customer, I need to know if the deposit is to be paid by the customer or not. Should the customer pay a deposit, I will send out an invoice to the customer. This is so that the auditor can book the deposits.

**6.** Foreign customers who do not pay are sent 3 reminders, after which if the invoices are not paid, transco has no choice but to connect the bank, which then in some way requires money from the customer. Here is a link in Swedish on how it goes when foreign customers do not pay. You can certainly translate the website in any way.

[Utlandsinkasso - Snabbare betalt av kunder utomlands \(marginalen.se\)](#)

I understand if this will be a problem but this is something that must be done otherwise we will have problem with the tax office. There is no company that allows a customer to have 1.5 million in unpaid invoices without taking any actions. I would like to add that 1 million of that money is HOT.

What the bank will do

1. I will send documentation to them
2. they send debt collection claims to the customer on the same day.
3. the bank's representative pursues the matter if necessary.
4. transco receives the money immediately when the customer pays to the bank.

Detta på grund av att det är så pass stöldbegärliga varor och högt försäkringsvärde. I normalfallet är det ägaren av godset som ska försäkra godset till dess verkliga värde.</b><br><br><b>Om det skulle bli skador på godset när det mellanlandar i lagret (eller under själva transporten) och det i utredningen framkommer att det är ert fel så kan vi enbart ersätta 150 kr/kg enligt transportansvarsförsäkringen. Vi kan alltså inte ersätta varorna upp till dess verkliga värde.</b><br><br><b>Bifogat finns offert på företagsförsäkring utan försäkring för själva varulagret. Vi har dock räknat med en egendomsförsäkring som gäller för företagets egen egendom (maskiner/inventarier).</b><br><br><b>I ansvarsförsäkringen har vi räknat på en omsättning på 3 miljoner varav 2,5 miljoner under verksamhetskod vägtransporter övriga och resterande 500 000 har vi lagt på spedition och transportbefordran. Återkom gärna om vi behöver justera detta.</b><br><br><b>Hör gärna av er om ni har några funderingar.</b> | 2020-02-27<br>08:45:39(UTC+0) |                          |

In Sweden we have about 32% tax and above that 32 or 33% social and employer fees.</b><br><b>And last thing, if we as a Swedish company don't chase our clients especially the local ones the tax office are gonna wonder why, cause normally companies want the money they are owed. And if they see we don't do anything about the unpaid invoices they are gonna think we control all those companies. So alaa needs to pay the 6000 euro they owe and if we loose about 1500 euro or whatever will be left in the unitek account so be it. ## Information om de försäkringsprodukter offerten omfattar

### Egendomsförsäkring

Försäkringen skyddar din verksamhet mot de vanligaste skadehändelserna men det finns vissa begränsningar och säkerhetsföreskrifter. Exempel på sådana begränsningar och säkerhetsföreskrifter är följande.

### Begränsningar i försäkringsskyddet

#### Inbrott

- Stöld ur fordon. Försäkringen gäller vid stöldskada enbart vid kortare uppehåll. Verktyg och utrustning som normalt finns i fordonet och stöldbegärliga varor omfattas inte av försäkringen
- Inbrotts- och rånförsäkringen omfattar inte stöldbegärliga varor, t.ex. mobiltelefoner, datorer, tobak etc. om du inte speciellt försäkrar sådan egendom.

#### Vattenskada i badrum, duschrum eller annat våtutrymme

- Vid vattenskada i badrum, duschrum eller annat våtutrymme gäller försäkringen endast om utrymmet har golvbrunn och om utförandet skett enligt de myndighetsföreskrifter och branschregler samt branschens råd och anvisningar som gällde vid byggnads- eller installationstillfället. Detsamma gäller för andra utrymmen, t.ex. fläktrum med krav på tätskikt.
- Försäkringen gäller inte för kostnad för utbytet av golv- och väggbeklädnad med tillhörande tätskikt som läckt och orsakat vattenskadan (golv- och väggbeklädnad inkl. tätskikt anses som en enhet). Om det läckande tätskiktet är äldre än 35 år när skadan upptäcks omfattas vattenskadan inte till någon del av försäkringen.

#### Säkerhetsföreskrifter

I försäkringsvillkoren finns flera säkerhetsföreskrifter som du, dina anställda och företag som du anlitar måste följa. Syftet med säkerhetsföreskrifterna är att förhindra att företaget drabbas av skada. Om föreskrifterna inte följts kan ersättningen vid skada minskas eller helt utebli.

Speciellt vill vi göra dig uppmärksam på nedanstående föreskrifter.

#### Generellt

- Säkerhetskopior av lagrad information som är datainformation ska framställas dagligen. Original och kopia ska förvaras i skilda byggnader
- Vid installation av solcellsanläggning ska elinstallationsreglerna i SS 436 40 00 samt SEK Handbok 457 Solceller - råd och regler för elinstallationen följas. Företaget som utför elinstallationen ska vara registrerad i Elsäkerhetsverkets register med verksamhetstypen "Elproduktion". Takhållfastsutredning ska göras för att säkerställa att taket uppfyller Boverkets byggregler och Boverkets konstruktionsregler

#### Brand

- Föreskrifter för heta arbeten, dvs. skärning, lödning, takläggning, bearbetning med snabbgående verktyg och annat arbete som medför uppvärmning eller gnistbildning på tillfällig arbetsplats
- Brännbart material som förvaras utomhus ska på annan tid än under normal arbetstid eller öppethållande förvaras minst sex meter från byggnaden, såvida inte materialet förvaras i en sluten och låst container eller stängd, låst lastkaj
- Sådana anordningar där risk för överhettning föreligger, t.ex. bastuaggregat, trinettkök och kaffebyggare, och som är placerad i gemensamt utrymme, ska vara försedd med timer som inte går att koppla ur
- Laddning av el- och hybridbilar ska ske på annan plats än i produktions- eller lagerbyggnad. Anordning för laddning ska placeras 6 meter eller längre ifrån sådan byggnad. Laddningsstation ska vara utförd enligt system mod 3 eller mod 4. Vid begäran ska elinstallationsintyg från elinstallationsföretag gällande utförandet av laddningsstation kunna uppvisas
- Beroende på verksamhet och försäkringsbelopp kan det ställas krav på revisionsbesiktning av din elektriska starkströmsanläggning. Det framgår i ditt försäkringsbrev om detta krav omfattar ditt företag. Besiktningen ska normalt ske vart tredje år men för vissa verksamheter årligen. Brandskyddsföreningens Elektriska Nämnd handhar besiktningen genom auktoriserade besiktningssingjörer.

#### Inbrott

- Din försäkringslokal måste uppfylla de krav på inbrottsskydd som anges i säkerhetsföreskrifterna i försäkringsvillkoren och i försäkringsbrevet. Om föreskrifterna inte är uppfyllda vid ett inbrott, kan ersättningen vid skada minskas eller helt utebli. Vid tveksamhet om din försäkringslokal uppfyller kraven på inbrottsskydd, kan det vara lämpligt att en låssmed kontrollerar inbrottsskyddet, gärna en låssmed som är medlem i Sveriges Lås och Säkerhetsleverantörers Riksförbund (SLR).

#### Snölast på tak

- Din byggnads tak ska skottas så att stora mängder snö inte samlas. Marginal måste finnas för kommande nederbörd och väderleksförhållanden. Vid extrema väderleksförhållanden ska skottning ske vid första möjliga tillfälle med hänsyn till väderleksförhållandena.

## Avbrottsförsäkring

Den ekonomiska förlusten vid ett avbrott kan många gånger bli väsentligt större än själva egendomsskadan. Förlusten kan bli så kännbar att den äventyrar företagets fortsatta verksamhet. Försäkringen ersätter bortfall av företagets täckningsbidrag.

Försäkringen betalar också räddningskostnader för skäligen skadebegränsande åtgärder, t.ex. övertidsarbete för egen personal, för att snabbt komma igång med verksamheten efter en skada och därigenom minska förlusten.

Försäkringen gäller för förlust av försäkringsmässigt täckningsbidrag till följd av

- en genom egendomsförsäkringen ersättningsbar skada på försäkringsställe, på annan plats och under transport
- oförutsett avbrott i tillförsel av el, gas, vatten, värme eller data- och telekommunikation till den försäkrade verksamheten (tilläggsförsäkring vid försäkring av djur i lantbruk)
- egendomsskada som inträffar inom Norden hos dina kontrakterade leverantörer eller kunder och som skulle ha omfattats av egendomsförsäkringen på försäkringsställe, dock inte skada genom inre orsak (maskinskada) på maskiner och inventarier samt lagrad information
- att räddningstjänsten eller polisen hindrar tillträde till företaget.

## Karens

Ersättning lämnas inte för de första 24 timmarna. För vissa skador är karenstiden 48 timmar

## Verksamhetsansvarsförsäkring

### Transportansvar

Transportansvarsförsäkringen gäller för det ansvar som den försäkrade har i enlighet med de regler, lagar, föreskrifter och förordningar som normalt gäller för den verksamhet den försäkrade bedriver och som är angiven i försäkringsbrevet.

Om det framställs ett skadeståndskrav mot företaget tar vi hand om detta och

- utreder om företaget är skyldigt att betala skadestånd
- förhandlar med den som kräver skadestånd
- för företagets talan vid rättegång eller skiljemannaförfarande samt betalar rättegångs- och skiljemannakostnaderna
- betalar skadeståndet.

Försäkringen gäller med vissa begränsningar. Till exempel gäller den inte för

- ansvar till följd av att den försäkrade har transporterat eller förvarat gods i strid med lagstiftning eller förordning som han känt till eller borde ha känt till
- skada på person

Vissa undantag kan i vissa fall försäkras som till exempel

- värdeföremål
- särskilda tjänster
- driftavbrott i kyl-, frys- eller värmeanläggning

För vissa skadehändelser (vilka framgår av försäkringsbrev och villkor) gäller alltid en extra självrisk utöver den avtalade självrisken.

Försäkringens fullständiga omfattning och begränsningar framgår av försäkringsvillkoren.

## Tjänstereseförsäkring

Alla som reser i tjänsten behöver ett bra försäkringsskydd. En tjänsteresa innebär alltid att man utsätter sig för olika slags risker. Om något oförutsett skulle drabba någon av dina anställda under en tjänsteresa får han eller hon inget ordentligt skydd från hemförsäkringen eller din vanliga företagsförsäkring. Därför är det viktigt att du kompletterar skyddet på ett lämpligt sätt.

Vår tjänstereseförsäkring skyddar inte bara personalen utan även företagets verksamhet. Om du har begärt att utöka ditt skydd för läkekostnader betalar vi för att en ersättare ska komma på plats för att minimera effekterna av ett driftavbrott.

Vår tjänstereseförsäkring är flexibel och mycket omfattande. Den omfattar alla anställda på företaget och gäller både vid längre och kortare resor. Om någon av företagets anställda drabbas av sjukdom, olycka, stöld eller bara ren och skär otur, är hjälpen bara ett telefonsamtal bort. Du kan vara lugn, vi hjälper dig.

Om du har anställda som ska vara borta längre tid än ett år och kommer att vara stationerade utomlands rekommenderar vi vår utlandsplaceringsförsäkring. Kontakta oss om du vill veta mer.

### Mer än bara en försäkring

Som kund hos If kan du räkna med att bli väl omhändertagen. Om du drabbas av en skada i utlandet, kontakta SOS International. De kan t.ex. ordna sjuktransporter, sköta kontakten med sjukhus och läkare och ställa betalningsgarantier när det krävs.

### Särskilda situationer

Det finns vissa situationer som ökar den risk du utsätter dig för, t.ex. om du idrottar på en hög nivå, om du utövar särskilt riskfyllda aktiviteter eller om du reser till eller vistas i ett land som präglas av politisk oro eller naturkatastrofer.

När du tecknar en försäkring är det viktigt att du funderar på om du vill vara skyddad även i dessa situationer. I så fall ska du höra av dig till If, så går vi gemensamt igenom ditt försäkringsskydd för att säkerställa att du inte står utan skydd. Om du har tecknat ett tilläggsavtal framgår det av försäkringsbrevet.

### Undantag

Försäkringen gäller inte för skador i samband med elitidrott eller farliga aktiviteter. Försäkringen gäller inte heller fullt ut i länder och områden som UD avråder från att man reser till. I vissa fall kan detta inkluderas genom tillägg i försäkringen.

## Olycksfallsförsäkring

En mångsidig olycksfallsförsäkring ger ett extra skydd för företagets personal. Vår olycksfallsförsäkring är ett bra komplement till företagets övriga försäkringar. Har ditt företag en bra försäkring mot olycksfall?

Enligt vår erfarenhet behöver många företag komplettera sina vanliga företagsförsäkringar med en separat olycksfallsförsäkring, som ett skydd mot oförutsedda händelser.

Olycksfallsförsäkringen skyddar framförallt individen, men påskyndar även en återgång i arbete genom att, beroende på offererad omfattning ersätta kristerapi, läkekostnader och handikapputrustning. Om dessa skydd ingår framgår av offerten.

### Särskilda situationer

Det finns vissa situationer som ökar den risk du utsätter dig för, t.ex. om du idrottar på en hög nivå, om du utövar särskilt riskfyllda aktiviteter eller om du arbetar i ett särskilt riskfyllt arbete.

När du tecknar en försäkring är det viktigt att du funderar på om du vill vara skyddad även i dessa situationer. I så fall ska du höra av dig till If, så går vi gemensamt igenom ditt försäkringsskydd för att säkerställa att du inte står utan skydd. Om du har tecknat ett tilläggsavtal framgår det av försäkringsbrevet.

### Viktigt att veta

Även om olycksfallsförsäkringen gäller i hela världen är det viktigt att komplettera ditt skydd med en reseförsäkring för ett komplett skydd vid resa.

### Undantag

Försäkringen gäller endast vid olycksfall och inte för medvetet framkallade skador. Inte heller lämnar den ersättning för skador i samband med elitidrott eller farliga aktiviteter.

## Databrott

Databrottsförsäkringen hjälper till när det skett ett dataintrång hos försäkrad. Försäkringen ersätter:

- avbrott och räddningskostnader
- utrednings- och återställandekostnader, även när det framställs mot försäkrad i form av ett skadeståndskrav
- kostnader för att meddela tredje man om att ett dataintrång skett och bevaka att tredje mans identitet eller kreditkortdetaljer inte stjäls.

### Vad försäkringen inte gäller för

Försäkringen har vissa begränsningar. Till exempel gäller försäkringen inte för

- dataintrång som upptäcks efter beslut om försäkrads konkurs eller som upptäcks när försäkrad befinner sig i likvidation.
- förlust av goodwill eller ränteförluster
- skada orsakad av en person som äger minst 20 % av företagets aktier.

Försäkringens fullständiga omfattning och begränsningar framgår av försäkringsvillkoren.

De tidigare aktieägarna har tömt bankkontot på 56 282 kr istället för att du skulle betala beloppet direkt till dem. Att tömma aktiekapitalet får man absolut inte göra. Bolaget har därmed stått i obestånd sedan den 28 januari. Understiger man hälften av aktiekapitalet (i detta fall hela) är man skyldig att upprätta en kontrollbalansräkning för att utvärdera om bolaget ska gå i konkurs.</p> <p>Det vi behöver göra nu för att skyndsamt korrigera detta och undvika större anmärkningar är att du:</p> <p>Alternativ 1 - Du privat betalar in 56 282 kr till Transco AB. Pengarna måste vara på banken SENAST den 29 juni.</p> <p>Alternativ 2 - Du plockar ut en nettolön motsvarande 56 282 kr motsvarande ca 95 000kr brutto som vi inte betalar ut till dig utan till företaget.</p> <p>Återkom så fort som möjligt med besked hur du vill göra.</p> | 2020-06-23<br>09:50:26(UTC+0) |   |

I can see 3 solutions, Sonora buys the van (the van needs to be valued in this case so cant sell if for less then its worth), Mitchell gets employed by Transco (we cant have an non employee driving around in a Transco van in Denmark) or he comes back with the van. Im not trying to be a dick about it but you know that Transco is on paper jessicas company and I signed for the van so we both will get in trouble about it eventually. Say for instant he gets in an accident in Denmark, who drove the van then? or if he gets a parking ticket.. transco has 2 employees, me and jessica, the tax office isnt stupid.. even if i find a driver who can come and start working for transco, which van will that person use? the caddy works for small deliveries otherwise we need the transporter that mitu has in denmark</b> | 2020-08-18<br>06:41:47(UTC+0) |                         |

Tyvärr så blev hösten som den blev men håkan hade planerat utifrån den utbetalningen och eftersom kunder lovade dyrt och heligt att dom skulle betala så tog jag en chansning och betalade ut den som han blivit lovad.</p> <p>Nu i efterhand kanske de va lite tokigt men lätt att vara efterklok.</p> | 2021-01-13<br>11:09:57(UTC +0) |   |

...far jag ring  
förmiddag om det

Okej! Efter att ha kollat på kontoutdragen du skickade måste jag säga att det känns lite oroande. Höga löner i december och det ligger fortfarande en stora summa obetalda kundfakturor. Vi behöver ha ett möte idag, du får gärna ringa ikväll om det passar bättre.

I don't know **idag** what to tell him more.

09:45 ✓✓

Clients will start paying from next week

09:46

We have no money left and the 12 January all the taxes and social fees must be payed, around 100.000 krona. We have almost 500.000 in unpaid bills now.

09:46 ✓✓

We have around 100.000 left

09:47 ✓✓

So that will go to the tax office but then we don't have money for salaray or anything else.

I just don't know what to tell the accountant. He will report us and that scares me

company MUST start to be run better.  
Customers have to pay and if they do not pay, I have to do what a normal Swedish company would do, not just wait and wait until the customer has over a million in debt to us.

I will send you a list of invoices that we need to pay **THIS** week so you see how much we need from our clients.

I have a meeting at 1 but i will sit down tonight and send you the list. or du you just want the total amount?

Send all to Jacky 12:14

I told hakan to find someone who specializes in freight

So Transco can make business without our work

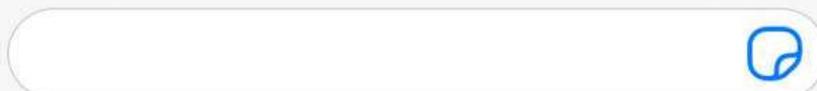

12:15

What do you mean with our work?

16:06 ✓

Transco must employ the right staff to generate income and not rely on our trading

Du skrev att du va förkyld men trodde inte du va sådär risig, du sitter o hostar från lungorna. Skulle du bli nöjd om ja skulle komma in o va så sjuk och riskera att du och dina barn blir sjuka? Du har själv varit tvungen att vara hemma för dina barn varit lite förkylda och inte får gå till skolan. Om du nu känner att de e så mkt att göra på jobbet varför har du inte hämtat ur din dator tidigare? Den har legat redo för att hämtas ut sen innan du vart sjuk, du tog ju inte ens med den nu. Jag trodde du bara skulle hämta lite saker sen åka, därför sa jag inte till dig. Det handlar om eget ansvar | 2020-11-09<br>09:29:51(UTC+0) |            |
