Mark,

Please see attached ETI Valuation draft with multiple tabs for each ETI. I was not able to pull any valuation information from Argentarius for the Nordic ETI so I created a temporary template. Please let me know if anything needs to be changed or adjusted.

Thanks,

Daniel

Also, put your heads together, and we will be responsible for providing an additional "third-party" monthly valuation for the 4-ETIs that I have listed below. All information for the ETIs can be found on the "argentarius-group.com" website (go to the "ETIs" section). The valuations should be from "HAYDEN", on a HAYDEN form, from a HAYDEN email.

The 4-ETIs are as follow:

Nordic Power

Boardwalk

Pro Mittlestand

Solid Venture

Examples of valuations for three of them from Argentarius are attached

here,,, for you to use as a template. Hayden's valuations should always "approximate" the Agrentarius-Group valuations. Please prepare draft examples for me by next Tuesday, and a process and responsible party for this valuation process, as over time, there will be more ETIs.

Thanks,

M

Please look at the "drafts" for the ETI valuations (all are on the tabs in the excel file). If you approve, Hayden will pdf the valuations and send them as you direct. They will also need appropriate contact information.

Thanks,

Mark

Thanks for getting back to me.

I look forward to a draft contract.

Moreover, can you also provide a little more background on Hayden and your credentials to perform such valuations, as this is needed for compliance purposes.

Dear Tom

Further to your correspondence with my colleague Barbaros concerning the valuation of the ETI's in our portfolio I now attach the agreement which you had previously sent.

My colleague Francesco Meglioli (CC) will be in touch shortly to discuss further and send details of the ETI's

I should point that we are currently seeking to disinvest in the instruments in question and that therefore I would expect that we will require your services in this regard for just a few months at most.

Kind regards

Anthony

Dear Tom,

please find attached the weekly valuation reports we are receiving from Argentarius.

Could you kindly confirm once per week, after having received them from Argentarius, that those valuations are correct and accurate - reflecting in a fair way the actual value of the investments?

If you need any additional info to help you value them, please let me know

Thank you very much.

Kind Regards,

Francesco

Dear Tom,

Thank you for getting back on this.

Rather than confirming valuations, it would be better if you can send your own valuations on a weekly basis. I think your suggested format, as communicated in your earlier email, is fine.

Thanks,
Barbaros

	 Monday , 12. August 2013	
Nils Holmström	Ok, då vet jag, no problemo. Hur har du det?	10:13
E-A Ingmanson	Ok. 35 grader varmt	10:17
Nils Holmström	Tur du har ac i bilen	10:17
	På väg till jobbet, hör av när jag är där.	10:18
	Väntar svar från Livinvest	14:39
E-A Ingmanson	Kan firmatecknaren vara på plats på Kriström's kontor i morgon kl. 09.00 för att skriva på avtalet om försäljningen av Ringia´s kundstock till All Tele?	14:49
Nils Holmström	Vänta	14:50
	Svar ja.	14:52
	Adress?	
	Sveavägen 17??	14:56
	Det är till Häge han ska eller?	14:57
E-A Ingmanson	JApp	14:59
	precis	14:59
	går du med honom?	14:59
Nils Holmström	Hmmm ok det gör jag, blir lite sen till jobbet men det får dom leva med	15:00
	Btw, har en utmärkt kandidat för framtida uppdrag, alltså sådana som innebär passivt styrelsearbete. Inte målis, men lydiga och utan anmärkningar och skulder. Man i 45 årsåldern inget missbruk, ingen kriminalitet. Jag har honom på hyllan till rätt uppdrag kommer.	15:10
	Jelena fått kallelse till edgång, den skall hon gå på själv, eller hur?	15:18
	Nobben från Livinvest fortsätter med nästa.	16:59
E-A Ingmanson	Jag tror att jag har nåt till honom	18:43
	Ja hon ska träffa förvaltaren och gå på edgången	18:44
	Om hon har frågor så kan hon alltid fråga Häge...	18:44
	Ett problem mindre i morgon, hoppas vi...	18:44
		18:45
Nils Holmström	Ok, vad har du åt min "vilande ledamot"?	18:45
	Ja problem är till för lösas.	18:45
	Jag sa att jag kunde gå med henne om hon var nervös.	18:46
E-A Ingmanson	Mycket bra, tack!	18:46
	El	18:46
	Big time	18:46

Nils Holmström	Ok och det är bara att sitta där utan nämnvärda risker, som jag sa, han är INTE målis	18:49
E-A Ingmanson	Nja, återkommer om det, men inget i livet är risk fritt 🙄	18:50
Nils Holmström	Hahaha ok vi tittar på det	18:50
Tuesday, 13. August 2013		
Nils Holmström	Det gick bra hos Häge även om det fattades ett dokument. Han har säkert meddelat dig det.	13:09
E-A Ingmanson	Nej, allt är OK. Affären är stängd 😞	13:58
	Ett problem mindre 😞	13:58
Nils Holmström	Gott	13:59
	Advokat Häge gjorde också följande..När Marcus precis skulle skriva på så säger Häge, " ja hur mycket får du av den här försäljningen, (tystnad i 5 sekunder) -jag tycker du skall få 20.000 i alla fall" avslutar Häge med, varpå Marcus skiner upp och tittar på mig....	15:05
E-A Ingmanson	Hahah	15:05
	Han e så sjuk...	15:05
Nils Holmström	Jag gjorde som alltid, jag sa att jag är bara springpojke, jag vet inte...	15:06
E-A Ingmanson	Bra	15:06
Nils Holmström	Han såg faktiskt ut som han hade riktigt skoj när han sa det	15:07
E-A Ingmanson	Han är sjukt rolig, eller hur?	15:07
Nils Holmström	Faktisk! Svårt att inte gilla honom	15:07
E-A Ingmanson	Call	15:08
Nils Holmström	Call ended	15:08
	Sitter vid busshållplats ingen wifi	15:08
E-A Ingmanson	ok	15:09
	inga problem	15:09
	det rullar på bra nu	15:09
Nils Holmström	Härligt!	15:09
E-A Ingmanson	PP och RI borta...	15:09
	Bara VO kvar och sen få lugn i stormen...	15:09
Nils Holmström	Jepp, det ska gå bra!	15:10
	Jag har lite papper som konkursförv måste få, snställda i pp som blivit utan jobb, facket tjafsar	15:11
	Lg förmodar jag?	15:11
	Från Gbg alltså	15:11
E-A Ingmanson	Ja allt som har med PP att göra ska till Ulf Mullo på DLA Mordic	15:12
Nils Holmström	Oki, jag tar fram adress	15:12
	Vet du hur man öppnar ett vpc- konto åt ett barn?	16:32
E-A Ingmanson	Hon måste kontakta Mullo ASAP via Häge och ta ett möte med honom	17:38
	Häge kan vars med för hennes trygghet	17:38
	Men Mullo måste få tag i henne iaf	17:39
Nils Holmström	Ok jag ber henne ringa Häge. Vad är problemet?	17:39
E-A Ingmanson	Media. Mullo är lugn men han vill kunna säga att de har haft kontakt	17:40
Nils Holmström	Ok jag hajar	17:40
E-A Ingmanson	Annars får han press på sig 🙄	17:43
	http://mobil.svd.se/c.jsp?jsessionid=2B4FA8C7904354AFD445F934E5CC817C.aldo4?cid=25991131&rssiId=&item=http%3a%2f%2fwww.svd.se%2f%3fservice%3dmobile%26amp%3barticleId%3d8421442%26amp%3bnew%3dtrue	17:43
Nils Holmström	Är det samma journalist som du träffade som har skrivit denna dyngan????	17:46
E-A Ingmanson	Nej, nu är ALLA på det här...	17:47
Nils Holmström	Hur kan man slå tillbaka? Borde inte fokus riktas mot ultrakapitalisten i Gbg?	17:48
E-A Ingmanson	Nu är det bara att avvakta. Det finns inget att slå tillbaka. De har ändå inget case.	17:50

Nils Holmström	Ok, jag såg i mitt sinne hur man talar med någon som granskar honom och använder ord som just "ultrakapitalist" "högriskfonder" "enorma personliga inkomster" "leker med småspararnas medel" om honom och om er "tillvaratar spararens intresse" "skyddar arbetarens pension" "strategi placering genom Ingmanson tar samhällsansvar" och liknande	17:56
E-A Ingmanson	Hahaha	17:58
Nils Holmström	Har du ingen tam journalist?	17:59
E-A Ingmanson	Men det kan blåsa tillbaka rätt rejält om man precis har hjort en affär som luktar hostile take over 🙄	17:59
Nils Holmström	Och????? Det ledde till att ULTRAKAPITALISTE tjänar mindre och SMÅSPARARNAS MEDEL SKYDDATS	18:00
E-A Ingmanson	De har ingenting på oss, låt dem gnälla av sig...	18:00
Nils Holmström	Ok!	18:00
E-A Ingmanson	Jag vill inte bli mer synad i sömmarna.	18:01
	Han är inte så rik heller, inte i närheten av mark iaf 🙄	18:01
Nils Holmström	Men i svenska mått mätt är han rätt rik? Kom ihåg att Gbg är smäckfullt med kommunister	18:12
	Häge svarar inte när Jeleena ringer	18:16
E-A Ingmanson	Sms?	21:08
Nils Holmström	Ingen aning men hon lämnade meddelande så jsg förmodar att han ringer upp.	21:09
E-A Ingmanson	har du sett nyheterna idag? 52 artiklar om oss...	22:24
Nils Holmström	Nej har inte sett. De skriver väl samma skit alla?	22:25
E-A Ingmanson	Ja, det är samma dravel	22:26
	Jag gillar Mullos kommentar, det är för tidigt att säga att det är ett upplägg...	22:26
	Han måste sätta sig in i det först, det brukar ta 8-9 månader....	22:27
	Han är kung!	22:27
Nils Holmström	Jag hävdar att ni inte ska tuga utan slå tillbaka med alla medel. När någon säger något länge nog blir det en sanning. Han är utan tvekan kunnig!	22:27
	Du är kristen, man skulle låta Dagen skriva något om dig, hur du blev frälst och sånt. Om sen någon börjar gräva i ditt förflutna så är det ingen nyhet längre	22:29
	Eller bara ha is i magen...	22:30
E-A Ingmanson	Is i magen är bra att ha...	22:33
	Nu har vi ju Mullo inne också	22:34
	allt går enligt plan	22:34
Nils Holmström	Ja det är jag som blir upprörd å dina vägnar. I kväll händer i alla fall inget mer. Hur går det med Lola?	22:36
E-A Ingmanson	bra, vi träffas. hon vägrar att göra abort och vill umgås med båda barnen	22:36
	men hon blöder en igår och är på sjukan	22:36
	kanske blir missfall?	22:36
Nils Holmström	Det kan det bli. Isåfall är det Guds vilja.	22:37
E-A Ingmanson	Ja, det är inte i mina händer, men hon tycker att vi är tillsammans iaf, det hade du rätt i....	22:39
Nils Holmström	Klart ni är. Har du skickat blommor till sjukhuset?	22:40
E-A Ingmanson	nej, hon är hemma igen	22:40
Nils Holmström	Ok blommor dit	22:40
E-A Ingmanson	fan, missade set i allt jobb som vanligt....	22:41
Nils Holmström	Du behöver assistent	22:41
E-A Ingmanson	ja vet	22:41
Nils Holmström	Assistent/ bodygard	22:41
E-A Ingmanson	skypar nu med emma, en som vill 🙄	22:41
Nils Holmström	Hehe	22:42
E-A Ingmanson	hon skickar bilder	22:43
	jobbade hos mig i en månad efter affären med PP	22:43
Nils Holmström	Så du tror att en kvinnlig assistent som skickar bilder till dig kommer att underlätta dina relationer? Har du inte lärt dig någonting alls???	22:44

E-A Ingmanson	hon vill träffa mig nu när vi inte jobbar ihop längre	22:47

	svårt att låta bli???	22:48
Nils Holmström	Mmm och vilket sätt är det bättre än Lola? Det är BARA för att du kan lägra henne.	22:49
	Om du ska så gör det inte på Malta	22:50
E-A Ingmanson	Nej, fan hon kommer till mig i stockholm från göteborg nästa tors	22:54
Nils Holmström	Aha... Bättre men inte bra. Varför inte satsa seriöst på Lola?	22:55
E-A Ingmanson	vet inte, vill inte, känns bara som att jag vill fly vidare	22:55
Nils Holmström	Till??	22:56
E-A Ingmanson	vet inte, samma skit hela tiden	22:56
	runt runt	22:56
	business	22:56
	brudar	22:56
Nils Holmström	Ok.... Vi behöver sitta ned och talas vid en god stund.	22:57
	Nu ska farbror Nisse sova. Hörs i morgon	22:59
E-A Ingmanson	god natt	22:59
	tack för idag...	22:59
Nils Holmström	😞 detsamma!	23:00

🕒 Wednesday , 14. August 2013		
Nils Holmström	Hon har ringt, lämnat meddelande, skickat sms och ringt igen. No respons	10:03
E-A Ingmanson	Har sagt till häge att höra av sig	11:03
Nils Holmström	Bra han vet vad det gäller också antar jag	11:04
E-A Ingmanson	Ja	11:14
Nils Holmström	Toppen!	11:15
	Om jag/vi/våra anställa har en sten i sin sko, är det något som kan åtgärdas eller skall jag i så fall använda externa entreprenörer	16:17
	De har träff fredag med advokat och Mullo	16:24
E-A Ingmanson	Vad menar du?	16:29
	Bra	16:29
Nils Holmström	Den där Johan som har ett bolag där Marcus fortfarande sitter ställer till det för honom. Jag vet inte riktigt hur jag skall hantera det. Han skyller saker på Markus så att folk som Johan är skyldig pengar blir förbannade på Markus. Jävla sandlåda men om det eskalerar så måste jag nästan göra något.	16:32
E-A Ingmanson	Jag vill inte bli inblandad i hans affärer. Du borde också dra ett tydligt sträck där.	16:34
	De kommer bara att leta efter en anledning att kasta bort vår tid	16:34
Nils Holmström	Sant. Tack. Jag softar.	16:35
E-A Ingmanson	Om det däremot gäller dig så är det en helt annan fråga. Då finns allt vi behöver och lite till. Mina vänner är samma som jag.	16:35
	det är därför som jag inte vill träffa dem. då blir det svårare att dra gränsen och det är extremt viktigt att dra den för om man lägger sig i så blir man part i målet	16:36
	då kan man inte dra sig u	16:36
	tänk på att du inte kommer ha kontakt med dem om ett par månader	16:37
Nils Holmström	Tack broder. Jag tar ditt råd på allvar och drar en gräns. Tack	16:37
E-A Ingmanson	Bra. Det här är det enda jag kan, på gott och ont 😞	16:38
	3600 kunder är flyttade iaf så Ringia verkar ha gått bra 😞	16:38
Nils Holmström	Det är bra. Att komplettera varandra är bra.	16:38
	Härligt!	16:39
E-A Ingmanson	Yes!	16:39
	Vi blev stämnda av Sekventia idag, så fortsättning följer...	16:39

	Ny nyhet i morgon?	16:39
Nils Holmström	Haha Sekventia... Jag säger ATTACK	16:40
E-A Ingmanson	Vi kör enligt plan inte med känslor, vi har värdet han är sur...	16:40
	Göteborgare...	16:40
	Dåliga förlorare...	16:41
	De ska rensa fisk och jobba på Volvo...	16:41
Nils Holmström	Haha precis!! Dom ska vara "goa göbbar"	16:41
E-A Ingmanson	Inte göra stora affärer...	16:42
Nils Holmström	Sälja torsk i feskekörka	16:42
E-A Ingmanson	Usch	16:43
	Tror du vi reder ut den här soppan,	16:46
	?	16:46
	Det börjar kännas lite väl stressigt.	16:47
Nils Holmström	Ja varför inte?	16:47
	Vad skall hända? " vi tycker upplägget för affären verkar skumt så vi dömer Ingmanson till fängelse för att han verkar skum".??	16:48
E-A Ingmanson	Nej, det är mycket bara	16:49
	Vi ska vinna i slutändan...	16:49
Nils Holmström	Det krävs mer än så. Vart är brottet och vem har bevisbördan? Du kan ju alltid lägga ner och börja köra budbil igen??	16:49
	Fast det trot jag ju inte är altuellt	16:50
E-A Ingmanson	Åh, nej, jag älskar det här...	17:17
Nils Holmström	Tänkte väl det...	17:18

Nils Holmström	Ajajaj...vem är den skyldiga?	09:56
E-A Ingmanson	Hemligt	09:56
	Ännu en rolig nyhet att berätta för lola...	09:57
	Hon blöder varje dag...	09:57
Nils Holmström	Stackars, inte lovande för graviditeten. Klamydia, om du nu har det, kan ligga latent utan symptom i flera år.	10:15
	Så det betyder att du inte nödvändigtvis behöver ha varit otrogen	10:28

	Btw Tack för hörlurarna! Perfekta!	17:37
E-A Ingmanson	Det är väl inkluderat i fakturan? Han brukar göra så...	17:42
Nils Holmström	så här skriver han	17:45
	Further to this morning's meeting, as requested, kindly find attached a draft copy of the memo and articles of association and also my invoice for the registration and setting up of the company. You can send the money to Emil and then he will transfer them into my account. Please also don't forget to transfer the Eur 233 which have to be deposited at Banif bank as company in formation.	17:45

	Min bank är beredd på att svara så fort förfrågan kommer från Banif	14:33
	Enligt min kompis, Anders Engström, som varit försäkringsmäklare (men inte det senare kallade försäkringsrådgivare) så behövs inget tillstånd och de flesta har inte tillstånd. De har istället franchise avtal med någon som har tillstånd. OM så är fallet så kan	15:03

	kunderna läggas i vilket bolag som helst som har ett franchisavtal och torde genom avtalet kunna erhålla ersättning från fonden..	
	Detta utan att han vet vad det handlar om...	15:03
	utan en rent teoretisk diskussion	15:03
E-A Ingmanson	Har han ett bolag med ett sånt avtal?	15:05
Nils Holmström	Nej det har han inte, han kan heller inte själv få tillstånd då han inte har de senaste utbildningarna som krävs för det. Men han menar att det finns massor av bolag.	15:09
	Jag tycker han låter trovärdig men tycker att uppgiften bör kontrolleras..	15:10
	Problemet är, och det är en deal-breaker, att kunden tillhör frainchaisägaren...tror jag.	15:11
	De som har såna avtal säljer mot provision, om jag fattat rätt	15:12
E-A Ingmanson	ok	15:16
	då är det inte intressant	15:16
Nils Holmström	det är vad jag trodde. jag rapporterar till dig ändå, ibland kan du hitta ett korn!	15:17

Nils Holmström	Följande gäller. Om du blir kontaktad av EBM, ekobrottsmyndigheten, om positiv pension, skall du säga att du naturligtvis kan komma när dom ordnat ett förordnande med advokat Stefan Häge. Du har hans kontaktuppgifter. Om de skulle komma och hämta dig, dvs om dom mot förmodan hittar dig, säger du ingenting alls annat än att du väntar på att dom kallar dit Stefan Häge. Det är allt du säger. Sedan enligt instruktion från Häge. Men bekymra dig inte, det är om det händer en ren formalitet. Inget brottsligt är begånget men de undersöker på grund av mediadrevet. Puss	00:07

Nils Holmström Nu har mina chefer återkommit till kyrkan och gör livet surt för mig. 😞 10:51

Jelena Saalismaa Hahaha.... så är det med chefer.. 😞 10:53

Men en gång när jag var chef då saknade mina anställda mig... 😞

Nils Holmström Då är du bra chef! 10:53

🕒 **Friday, 23. August 2013**

Nils Holmström Hag är lite nyfiken på vad som föranledde Markus reaktion igår kväll. Något som du vill kommentera på något sätt? Han skrev altså efter midnatt och var allmänt sarkastisk och tyckte att all kontakt hädanefter skulle ske genom dig. 13:32

Jelena Saalismaa Det är horan som pressar honom....sen ang pengar... 13:35

Jag tror att nästan är bäst om vi träffas och pratar om det.

Nils Holmström Tror du? Verkar som han blir irriterad av att vi försöker hjälpa honom. Jag skall koera och skicka vad han skrev. 13:36

Jelena Saalismaa Jag menar att jag kan berätta då...orkar inte skriva. Jag MÅSTE lösa saken med johan hora.... han förstör allt vad jag jobbar på ang markus 13:36

Nils Holmström Tack för att du berättade för mig vad rätten vill och vad jag inte ska göra. Jag är inte helt färsk och det är precis därför jag har sagt nej till rätten. Hädanefter får du ta mina grejer via vår kvinnliga vän. Jag sjunger inte och jag dansar inte. Jag vill inte ha hjälp med något. Mvh 13:36

Jelena Saalismaa Han är jätta desperat nu!!! 13:37

Nils Holmström Detta skrev han. Vill han inte så vill han inte. Verkar som han säger nej av egen kraft. 14:00

Jelena Saalismaa Jag kan förklara allt. Det är inte så att han inte vill... du kanske förstår inte att människa är desperat och får ingen 14:12

	hjälp. Jag kan ju inte göra allt...därför pratade jag med dig och bad om backup...	
Nils Holmström	Och efter att vi talats vid igår så skrev han det som jag skickade till dig, till mig efter midnatt. Låt han lösa det nu, han vill ju göra det själv.	14:13
Jelena Saalismaa	Jag lämnar inte honnom!!! Och det vet du. Han har bara mig. Och sen är det värsta att hans son lider av det...	14:15
Nils Holmström	Vänta och se, får han förklara för andra Markus hur det ligger till så fattar ju han att råtten är problemet	14:16
Jelena Saalismaa	Den markus plåttsättaren är själv full fisk...falsk som fan och tänker bara på pengar...inte långt ifrån johan-hora	14:24
	Det vad M skrev till dig du ska inte ta personligen. Det är inget att göra med dig eller med jobbet.	16:06
	Men jag kan förklara allt till dig vid mötet...	16:08
	Allt löser sig.	
Nils Holmström	Godnatt, hörs i morgon! Natti natti 🙄	23:41

När det är underskrivet måste jag scanna det omedelbart till tredje part för verkställighet. Så bra om du kommer hit./Nils	14:06
Jelena Saalismaa	Hur länge ska du vara på jobbet?	14:18
Nils Holmström	När kan du komma?	14:35
Jelena Saalismaa	Jag åker från fridhemsplan hem. Rastar snabbt hunden och åker till dig. Senast vid 16.00 är jag på plats.	14:36
Nils Holmström	Perfekt!	14:37
Jelena Saalismaa	Bra. Då ses vi senare. Hoppas att du är på bättre humör då... 🙄	14:37
Nils Holmström	Jag på bättre humör????? Jag var väl på bra humör? Lite nyvaken och inte druckit kaffe samt ständig löneförhandling	14:39
Jelena Saalismaa	Ok. Men vi kan prata om det sen. Gillar inte när det finns spänningar som trycker på...	14:41
Nils Holmström	inte jag heller	14:41
Jelena Saalismaa	Då får vi lösa det.	14:42
	Jag är på bussen mot alvik. Säkert blir några min försenad...	15:41
Nils Holmström	ok inga problem	15:41

	Tuesday, 27. August 2013	
Jelena Saalismaa	God morgon 🙄 Vet du, jag har tänkt lite och kom fram att ta det bara lugnt. Ungen dök inte upp igår men det förvånar mig inte. Jag ska säga till honnom det vad vi pratade om igår. Delvis givetvis. Så att han lugnar sig bara. Det vad gäller mig så jag jobbar på som vanligt. Vill inte och tänker inte svika dig eller E när jag fått förtroendet. Som sagt innan jag ska göra mitt bästa. Ärligt talat jag gillar mitt jobb och dessutom lär man säg nåt nytt. Du ska ha en bra dag och vi hörs. 🙄 Kramiz	09:07
Nils Holmström	Du oxå!	09:07
Jelena Saalismaa	Tack	09:08
	Nils, har M hört av sig idag?	15:36
Nils Holmström	Nej, det har han inte. Men du måste komma och skriva på ett papper till. När kan du komma?	15:56
Jelena Saalismaa	Inte till mig heller. Konstigt att han inte undrar om lönen. Men skit samma. Måste det skrivas på idag? För jag väntar på min huresvärd som ska komma och installera digitalbox....	15:58

Nils Holmström Gärna idag, måste göra samma som igår, skanna och skicka 15:59
Måste idag 16:07

Jelena Saalismaa Jag vet inte vilken tid han kommer. Men visst skiter jag väl i mina planer. Jag kommer vid 18.00 om det är ok. Jag fattar inte att alla papper kunde inte skrivas igår... 16:08

Nils Holmström Därför att det kom idag 16:08

Jelena Saalismaa Skit samma. Jag kommer vid 18 då om det är ok för din del. 16:09
Eller jag äter färdigt nu och åker då. 16:09

Nils Holmström Ring honom och fråga när han kommer 16:10

Jelena Saalismaa Jag försökte men han svarar inte. Jag skiter i det. Jag byter om och åker till dig nu. Ses om en stund 😞 16:12

Nils Holmström Ok 16:12

Subject: Diff Marknadsvärde MBS?

Hej,

Tittade lite MBS värderingen i prel.NAV 2013-01-21 och jämförde med underlaget från Hayden den 2013-01-18.

Fick lite differens på tre MBS, se bifogat underlag. Är det jag som missat ngt?

Subject: Diff Marknadsvärde MBS?

Hej,

Tittade lite MBS värderingen i prel.NAV 2013-01-21 och jämförde med underlaget från Hayden den 2013-01-18.

Fick lite differens på tre MBS, se bifogat underlag. Är det jag som missat ngt?

Mvh

Hej Jan

Den har vi fått men vi uppdaterar bara kurserna efter procentsiffrorna till höger. Och de ändras ganska sällan. Det är den metod som kommit överens med Ulf om hur de ska värderas.

Finns det ett bättre sätt att värdera dem så lyssnar vi gärna. Men vi har inte stöd i vårt system för MBS så denna lösning är troligtvis inte optimal.

Hej Jan

Det ska tydligen säljas 925000 st men vi har bara 838578,96. Men säljer jag dem så blir det på öret samma likvidbelopp.

Så jag reggar ett sälj på 838578,96 och anpassar settlement efter det. Struligt men jag kan inte se att vi kan göra på annat sätt. Den här modellen för detta instrument har valts av Ulf tror jag. Men det bör funka.

Tack själv!

Robert har skickat värderingsunderlagen till FI och sedan får vi avvakta att eventuellt ta fram fler underlag på deras begäran.

Vi hörs för fortsatt diskussion kring detta. Ett förslag kan vara att be Hayden skicka underlag gällande MBS:erna direkt till oss.

Mvh

Hej på Er,

Tusen tack att Ni tog Er tid och för Ert professionella bemötande under FI:s platsbesök och inte minst för all tid som Ni har lagt ner.

Jag har önskemål om att vi agerar före Finansn och åtgärdar det som vi tror att dom kommer att ha synpunkter på så vi hela tiden ligger steget föra och visar att vi tar deras åsikter på full allvar.

Jag ringer för att diskutera vad som vi kan behöva ändra om det nu är något men det borde det vara.

Det är ju det jag skrev.

Har inte specat per dag och kan inte ta fram det.

Dessa flyttar gjordes under förra veckan.

Det jag vet är att de flesta flyttar gjordes under torsdagen och fredagen...

Med vänlig hälsning,

Jimi

Hi,

I finished implementing the new stop loss ("Moving average -> Current price") and we have some great results!

I combined the **90 day moving average for buying** with the **20 day moving average for stop loss** and the total yield for portfolio is **180%**
This strategy made profit even during the 2011-2012 market.

This is the graph: <http://lobster.optimusfonder.se/portfolios/?id=127&id=116&id=117>

Happy Birthday!

Av det som går att utläsa av artiklarna så är det enbart en datoriserad fondväljare de bygger. Knappast speciellt avancerat, går inte att jmf med Lobster och det tänkta steg 3 av systemet. Men det kanske kommer mer kvalificerade konkurrenter som använder portfölj-modeller i sin förvaltning och vill utveckla den kommersiellt och publikt.

Axel Landberg Hey! 11:01

i found a note about something kick you in the balls later on left in your code.. get error every time i 11:09

try to import customers.. it looks like when one customer is imported i get an error and the import 11:09

ends

now i fixed so i get the error emails 14:17

IntegrityError at /cr/import_customers/ 14:18

(1062, "Duplicate entry '199004053279' for key 'username'")

AND

ValidationError at /cr/import_customers/ 14:19

[u"V\xe4rde " har ett ogiltigt datumformat. Det m\xe5ste vara i formatet YYYY-MM-DD 14:19

HH:MM[:ss[.uuuuu]][TZ]."]

but when i try to import with wrong date it lets me correct the info, and as long i dont correct all then 14:19

be imported but when i correct all so i wonr need to correct more of them i get the error

you have any idea of what to do 14:19

hmm.. can it be a error in firefox? 14:21

didnt like chrome so i guess not 14:22

Tuesday, 28. April 2015

cd /opt/mike_reborn 11:05

[u"V\xe4rdet " har ett ogiltigt datumformat. Det m\xe5ste vara i formatet YYYY-MM-DD
HH:MM[:ss[.uuuuu]][TZ]."] really wierd stuff 13:07

The import module is still messing with me 14:57

p.suwala yeah... I can see that... 15:30

not sure what it is 15:30

I won't be able to help today, and I'm not working for the rest of the week 15:31

Axel Landberg Nice ! Where was pycon? 16:33

Tuesday, 19. May 2015

Axel Landberg Do you have any idea how we can fix the import to NWO 11:33

can i do an SQL script and use? 14:44

p.suwala hey 15:52

not sure what the problem is 15:52

you can try to save the file as csv and then open it in notepad 15:52

you should be able to see if anything is wrong with it 15:52

Axel Landberg I try now.. i can't se anything wrong in the file.. 16:17

now i try date formate YYYY-MM-DD HH:MM.. 16:31

can i remove any validation ore something.. it's the dates

hm.. I think it's something with the code :/ 17:05

i tried an old orderfile imported in Stelum backend and it didnt work, only changed the salesman and salesman id not the dates

can it be serversettings? 17:05

p.suwala I'm sure it's a bug 17:11

Axel Landberg can it be becaus it's not same os running server? 17:15

the new server is running on Debian 6 Squeeze x86_64

not sure what os the old one was running 17:15

p.suwala I don't think so. It's probably just a bug in the code that didn't manifest itself until recently 17:15

if you try to create a new file with just one row, does it import correctly? 17:16

Axel Landberg nope not on first try 17:19

error message always be about orderdate formate 17:19

p.suwala send me the file. I will try to fix the code tomorrow 17:19

Axel Landberg a testfile or the file i want to import? 17:20

p.suwala any file that doesn't work 17:20

p.suwala he doesn't know the system 14:06

`mike_customerrow` (`personal_number`))

p.suwala it seems that you are trying to create another user with the same personal number 13:27

Axel Landberg ah well i will try to delete the customer now 13:30

p.suwala this shouldn't happen on delete 13:30

Axel Landberg nah i will try delete now 13:31

p.suwala ah, ok 13:31

Axel Landberg DELETE 13:32

```
FROM mike_customerrow AS c
JOIN mike_customerhistory as h
ON c.personal_number = h.customer_id

WHERE c.personal_number = 196910271623
```

will this work?

the join works 13:33

p.suwala replace DELETE with "SELECT *" first and see what rows you get 13:33

if it looks correct then do DELETE 13:33

Axel Landberg but remove "FROM" 13:34

```
DELETE
mike_customerrow AS c
JOIN mike_customerhistory as h
ON c.personal_number = h.customer_id

WHERE c.personal_number = 196910271623
```

the select gives me what i want 13:34

p.suwala DELETE FROM is the correct syntax - <http://www.tutorialspoint.com/sql/sql-delete-query.htm> 13:34

Axel Landberg DELETE 13:36

```
FROM mike_customerrow AS c
JOIN mike_customerhistory as h
ON c.personal_number = h.customer_id
WHERE c.personal_number = 196910271623
```

Error Code: 1064. You have an error in your SQL syntax; check the manual that corresponds to your MySQL server version for the right syntax to use near 'AS c JOIN mike_customerhistory as h ON c.personal_number = h.customer_id WHERE' at line 2

the select works fine, but not delete 13:37

p.suwala DELETE 13:37

```
FROM mike_customerrow
WHERE personal_number = "196910271623"
```

Axel Landberg Error Code: 1451. Cannot delete or update a parent row: a foreign key constraint fails 13:39

```
(`mike_reborn`.`mike_customerhistory`, CONSTRAINT
`customer_id_refs_personal_number_30d77afd` FOREIGN KEY (`customer_id`) REFERENCES
`mike_customerrow` (`personal_number`))
```

so it looks like i need 2 work around it 13:39

well now the history is gone but not the customerrow 13:40

```
DELETE FROM mike_customerhistory WHERE customer_id = "196910271623"
```

343 row(s) affected 13:41

```
DELETE FROM mike_customerrow WHERE personal_number = "196910271623"
```

Error Code: 1451. Cannot delete or update a parent row: a foreign key constraint fails 13:41

```
(`mike_reborn`.`mike_weekscrape`, CONSTRAINT `customer_id_refs_personal_number_6b13cea8`
FOREIGN KEY (`customer_id`) REFERENCES `mike_customerrow` (`personal_number`))
```

p.suwala DELETE
FROM mike_customerhistory
WHERE customer_id = "customer id of that client you want to delete" 13:41

Axel Landberg well that part worked 13:44
but customerrow is still there 13:44

p.suwala now you should be able to delete it 13:45

Axel Landberg 13:45:20 DELETE FROM mike_customerrow WHERE personal_number = "196910271623" Error Code: 13:45
1451. Cannot delete or update a parent row: a foreign key constraint fails

p.suwala it says that you must delete from mike_weekscrape before 13:46

Axel Landberg ah 13:46
now i understand the error THX! 13:48

p.suwala 13:48

same typ of error but i dont understand why it not works when weekscrape is empty now 11:20

I did this one before 11:21

p.suwala Hi Axel 15:19
how is life? 15:19

Axel Landberg Hi Pawel! 15:20
It's good
work friends and training you know
and you?

p.suwala 15:20
I'm good 15:20

work is OK? 15:20

Axel Landberg yeah.. not sow inspiring but OK 15:22

have my little role in a few projects 15:22

how is omni? have you launched the site? 15:23

p.suwala If we (Jonas and I) started a new company, would you be interested in joining? 15:24

Axel Landberg always interested, you know newer settle 15:25

p.suwala cool 15:26

Axel Landberg but as always you have to look at what it will be before you can decide 15:26

p.suwala sure 15:26

keep this to yourself for now 15:26

Axel Landberg but if you ask i know it will be fun 15:26

yeah like always 15:26

p.suwala I'm just checking with you very early 15:26

Axel Landberg as I thought 15:26

p.suwala I think you might be the guy to run the customer service part of what we hope to build 15:27

Axel Landberg I see 15:27

p.suwala cool 15:27

do you know how Alex is doing? 15:27

Axel Landberg yeah, med her on the aw theo invited you to 15:28

she live with her mother and rents out her apartment 15:29

had some partner and plan on business in UK as i understood it

was happy she didn't need to work on a regular work and said she was't looking for a new job right now 15:30

p.suwala too bad it didn't work out in getanewsletter 15:31

Axel Landberg yeah, I have not heard anything about it but she called Jimi for an "arbetsintyg" from Stelum like one or two weeks ago 15:32

so then i understood she planed to quit or had already 15:32

p.suwala I'm not sure what happend actually 15:33

I thought you might know 15:33

Axel Landberg no she didn't talk about it 15:35

but i think she had a hard time to sell the service

it is not exactly what she used to sell so i think she was little unsecure about her selling skills but i'm just guessing

p.suwala yes, I had similar feeling 15:35

Axel Landberg it was comfortable to sell ppm after so many years with the same product 15:36

well well 15:36

she was happy with life as i could see 15:37

so party at office this week if you launched ? 15:37

p.suwala yeah, I'm not even thinking about party yet 15:38

but we should have one 15:38

Axel Landberg haha still a lot of work? 15:39

p.suwala yeah, quite a bit 15:44

Wednesday, 09. March 2016		
Axel Landberg	you know if there is any other SQL Function similar to "SUM" that not round the numbers?	13:37
p.suwala	SELECT ROUND(SUM , 2) FROM <tablename>	13:38
	ehh...	13:38
	SELECT ROUND(SUM (cash), 2) FROM <tablename>	13:38
	the last one	13:39
Axel Landberg	cool	13:39
	hm, it just give me more decimals in the result. well well	13:44
	the problem is that when sum it round all numbers down	13:50
	but i will google and see if anyone else have the same problem	
p.suwala	ah, I see. You will probably have to convert the ints to floats before the SUM call	14:50
	google it	14:50
Axel Landberg	well haha i don't get it right	16:20
	Original SELECT date, sum(shares), fund_id FROM mike_customerhistory AS my JOIN mike_customerrow AS mw ON my.customer_id=mw.personal_number WHERE fund_id = 208439 AND scrape_date = '2016-01-05' GROUP By date ORDER BY date then it sums 16+11+12 instead of 16,4+11,2+12,0 when i try SELECT date, cast(sum(shares) AS decimal(15,4)), fund_id FROM mike_customerhistory AS my JOIN mike_customerrow AS mw ON my.customer_id=mw.personal_number WHERE fund_id = 208439 AND scrape_date = '2016-01-05' GROUP By date ORDER BY date I get the same result but with ,0000 in the end of the result. Don't find anyone use SUM when they need to specify the number of decimals I think i understand that some part is in wrong order and tried also with SELECT date, cast(sum(shares) AS decimal(15,4)), fund_id FROM mike_customerhistory AS my JOIN mike_customerrow AS mw ON my.customer_id=mw.personal_number	

WHERE fund_id = 208439
 AND scrape_date = '2016-01-05'
 GROUP By date
 ORDER BY date

i dont get the sum to sum up the "shares" with decimals

Whisky 15:36

p.suwala with the captcha punching 15:36

Axel Landberg ah slow 15:36

p.suwala slower than expected? 15:36

Axel Landberg we change to 3 founds so it take more time 15:44

but i think i can do like 50 in one heure 15:45

p.suwala by one person? 15:45

we need like 7500 more signs 15:46

p.suwala and you have 2500? 15:47

Axel Landberg yes 15:49

so it's like mission impossible 15:50

p.suwala why? 15:50

Axel Landberg but we have like 4000 agreements sent out 15:50

well untill 20th february and about 2500 / month 15:50

maybe we get 10 000 15:50

but i think around 7000 15:50

p.suwala	why do you need only 10k?	15:51
	didn't we have something like 25k customers?	15:51
Axel Landberg	yes	15:51
	well 10 k is minimum	15:51
	we want 25 k	15:52
p.suwala	but you think 7 is more likely?	15:52
Axel Landberg	yes	15:52
p.suwala	why can't you make 25?	15:52
	not enough salesmen?	15:52
Axel Landberg	i dont think we have the time	15:52
	one month 2500	15:52
	and we have like 3 month left	15:53
p.suwala	3?	15:53
	is it end of february?	15:53
	or beginning?	15:53
Axel Landberg	end	15:53
	20th	15:53
p.suwala	so more like 2,5 because december is a bit slow	15:53
Axel Landberg	yeah	15:53
	so like 7000 more 2 go	15:54
p.suwala	cool	15:54
	are you guys doing overtime?	15:54
Axel Landberg	japp säljarna jobbar lördagar	15:57

	He is slow compet to you	
p.suwala	is he? with SQL?	15:58
	are you guys hiring more people now?	16:03
Axel Landberg	Yes more salesmen	16:04
	We are way behind	16:04
p.suwala	for punching captchas?	16:04

<hr/>		
Friday, 13. December 2013

but I think it's a bit too big 11:00

I liked the size of my galaxy 2 11:00

Axel Landberg i know 11:02

the only top end prone in small size now is iphone 11:02

phone* 11:02

p.suwala yeah, seems so 11:02

Axel Landberg the biggest reson why i chose iphone 11:02

did you get the same computer jonas got? 11:03

p.suwala we have basically the same 11:04

Axel Landberg so you can use only the screen? 11:04

p.suwala ? 11:30

Axel Landberg we have like 2500 unsigned customers right now 11:30

but the report says like 300 11:30

p.suwala ok? 11:30

Monday, 16. December 2013

Axel Landberg Hey pawel 14:33

do you know wher in the code we can find the files to ikano ?

they say they didn't get a file in beginning of december

p.suwala do yo uwant to find the code that generates the files or the files themselves? 14:34

Axel Landberg find the log for the files and the files 14:34

p.suwala 14:35

tell Agne that code is in nwo.internals.management.commands.something_something_IKANO
and the files are in media/data/something_something_IKANO

Axel Landberg is it realy something or you dont remember that part 14:36

p.suwala no, that's the part I can't recall 14:36

but it's easy to find if you know the rest 14:36

Axel Landberg cool 14:36

p.suwala so SP is backrupted? 14:37

Axel Landberg haha yeah 14:42

p.suwala what happens with the customers that were not yet moved to Stellum? 14:43

Axel Landberg i dont know, we still call them 14:43

p.suwala and moving capital every day now? 14:44

Axel Landberg yes 14:44

by hand 14:44

p.suwala how much have you moved today? 14:44

Axel Landberg soon 3000 i think 14:46

p.suwala 3000 in total? 14:46

Axel Landberg i think so 14:46

so long way 2 go 14:46

p.suwala how many a day is it now? 14:46

Axel Landberg about 30-35 14:46

left 14:46

p.suwala customers? or millions 14:46

Axel Landberg customers 14:47

30-35 days left 14:47

3000 cus 14:47

p.suwala so that's about 1h work for one person? are you doing it? 14:47

Axel Landberg nah, sabina and nina 14:48

i do cool stuff 14:48

p.suwala like rubber ball? 14:48

Axel Landberg like change pdf in scribe 14:48

Axel Landberg haha 14:51

yurek is santa this year? 14:52

p.suwala yup 14:52

so you manage to sign only about 35 customers every day? 14:59

Friday, 20. December 2013		
p.suwala	wzup	10:49
Axel Landberg	yo	10:58
	we are working with the mess you left about ikano haha	10:58
p.suwala	I left mess?	10:58
	what's the mess?	10:58
Axel Landberg	maybe jonas	10:59
	when the file creates it flag customer before upplode of file to ikano	11:00
	so it says customer is insuret before we know	11:00
p.suwala	not really. It checks if customer is active/inactive on the first day of the month and then it decides if customer should be send to ikano or not (or maybe I don't understand the problem)	11:01
Axel Landberg	yeah well the problem was that the file didn't upload in december	11:02
p.suwala	it didn't?	11:02
	well... it should have	11:03
	If it doesn't there is notification that goes to admin	11:03
Axel Landberg	yeah i know, agne is working on it and i'm learn sql slow	11:03
p.suwala	I guess the admin email was still set to pawel@solidequity.se	11:03
Axel Landberg	yes it was	11:03
p.suwala	perfect ;]	11:04
Axel Landberg	i know	11:04
p.suwala	why do you need SQL?	11:04
Axel Landberg	so i can get the data i want	11:04
p.suwala	like what?	11:04
Axel Landberg	like capital	11:06
p.suwala	why do you care about capital now? Don't you guys just make stellum agreements?	11:07
	or is there comission for capital again?	11:07
Axel Landberg	yes it is	11:11
p.suwala	oh cool	11:14
	so the salesmans are no longer slaves-of-the-base-salary	11:14
Axel Landberg	haha they are sadly	11:34
	it's only stellum that get comission	11:35
	not salesmen	11:35
p.suwala	um	12:21
	any new salesman around?	12:21
Axel Landberg	Yes they are 24 now	12:22
p.suwala	any cute girls?	12:22
Axel Landberg	One realy good looking	12:22
		12:22
<hr/>

p.suwala	cool, cool	09:53
	just checking	09:53
Axel Landberg	cool	09:54

	I have it in my calendar	09:54

p.suwala	sleepy	13:03
<hr/>		
Thursday, 09. January 2014		
p.suwala	'morning	09:46
Axel Landberg	morning	09:51
	did i tell you about the letter from pensionsmyndigheten about loosing capital?	09:51
p.suwala	tell me	09:51
Axel Landberg	they sent out a letter 2 all people with money in optimus high yield asking the once 2 check if their capital is placed correct and change ppm-code	09:53
	it was in middle ov november	09:53
p.suwala	so it's not a new one	09:54
Axel Landberg	no not a new one	09:54
p.suwala	ok, but that letter wouldn't cause so much outflow every day	09:55
	until today	09:55
Axel Landberg	you dont think so	09:55
	we lost about 500 cus / month	09:55
p.suwala	yes, that would add up to 2.5Mil /day	09:57
Axel Landberg	18 42059320.00 19 212418621.00 20 39465889.00	09:57
p.suwala	it's 10 times this number	09:57
Axel Landberg	total moved of us 42059320.00 212418621.00 39465889.00 212418621 * 0,4 is what we have left in optimus	09:57 09:57 09:57 09:58
p.suwala	in that case someone else is moving money as well	09:59
Axel Landberg	yes	10:00
p.suwala	you don't get any customer-support questions about the capital being moved without permission?	10:00
Axel Landberg	not now..	10:00
	byt i know prognosia and allra is moving hard on uss	10:00
p.suwala	how much a day are you moving now?	10:02
	aproximately	10:02
Axel Landberg	about 15175156 is moved since x-mas	10:04
	so not mutch	10:04
p.suwala	how many work days is that?	10:05
Axel Landberg	4	10:05
p.suwala	ok	10:06
	so that ~4.5M a day	10:06
Axel Landberg	yeah	10:06
p.suwala	we had 20M out today	10:06
Axel Landberg	okey yes well.. it's a bigger thief	10:07
p.suwala	I don't think prognosia and others are able to pull that much out	10:07
Axel Landberg	well.. 3 point guis have the best adresses 2 work on	10:08

p.suwala they didn't have enough of them to justify the numbers for this long 10:08

Axel Landberg no thats throe 10:09

p.suwala do you think that anyone in the office knows the reason? 10:11

Axel Landberg i dont think so 10:11

0736333675 10:11

is that your old number? 10:11

cus we dont know hon many we got left in the SP - Stellum think 10:12

p.suwala not my number 10:12

Axel Landberg loosing so many customers 10:12

cool 10:12

p.suwala are you guys also changing the pincodes when the capital is moved? 10:15

Axel Landberg nope 10:18

p.suwala do you know how many pincodes are invalid when you try to log in? 10:18

Axel Landberg no i dont know that 10:19

but we have like 3500 known wrong ppm-cods 10:19

p.suwala stellum-signed and wrong? 10:20

Axel Landberg nah unsigned 10:20

signed i dont know 10:20

p.suwala but sent? 10:20

Axel Landberg no uncalled 10:20

p.suwala ok 10:20

Axel Landberg will get the number oc signed later 2day 10:20

p.suwala ok 10:20

cool 10:20

let me know when you have it 10:21

Axel Landberg cool 10:21

p.suwala would be great if you figured out what is really happening 10:25

Axel Landberg we have ben mooving out 208 976 000 sek 10:29

thats all 10:29

p.suwala yeah, that's why it would be great if you could figure out where the rest is going 10:30

Axel Landberg yeah, the only once i heard of is the prognosia and this keynes and partners 10:30

p.suwala what I'm suggesting is that someone knows in your office. I know how the game is played there, I have been there ~2years 10:32

10:32

Axel Landberg haha 10:37

but how 10:37

<http://www.dustin.se/product/5010748826/hp-p3520-aio-cel-2-6-4gb-500-hd-20-w7p-w8p/> 10:38

can you ask jonas if this computer will be good enuf 4 xlite and loxysft 10:38

we dont have an robot 2 move capital and its only 2 peoplw moving capital 10:38

in this office 10:38

p.suwala 1) perhaps the prospects were sold to the competitor.
2) Perhaps there is office somewhere calling these customers just like you guys are but moving to different fund 10:39

Axel Landberg could be, but not even lusse has heard of it if it is so 10:39

p.suwala are you sure? 10:40

Axel Landberg yes 10:40

we need 10 k cus untill 20th february 10:40

p.suwala why 10k? 10:41

Axel Landberg well.. afram wanted more but we dont have the time 10:42

p.suwala (the computer is good enough) 10:54

p.suwala	I've heard that festival was shut down, but how do you know that they are cooperating now?	15:15
Axel Landberg	well. i dont think its a coincidence that they use the same funds	15:21
	and if they are, then have acces to a lot of the SP cus i guess	15:22
p.suwala	how do you know they do?	15:22
Axel Landberg	the salesmen here talked to an salesmen from keynes and partners, and asked about the founds	15:23

	* where are they going to be moved (is it Falkon funds?)	
	this info would be great to get	16:09
Axel Landberg	cool	16:18
	So you know if optimus and aftam do buisnis?	16:20
p.suwala	afram is breaking the deal	16:22
	behind optimus' back	16:22
Axel Landberg	Life High Yield Bonds Carnegie Corporate Bond Life Emerging Market Bond	16:24
p.suwala	That's where they are? Or where they will be placed?	16:24
Axel Landberg	Its where they are right now	16:25
	But only checked one	
p.suwala	can you check couple of them? I would appreciate that	16:26
Axel Landberg	Will look deaper soon	16:26
	Have 2 make an sql question so i can filter them against our database	
p.suwala	great	16:26
Axel Landberg	I am aloud 2 look at all we have signed agreements with	16:26
p.suwala	didn't catch that	16:27
	ah, you are allowed to login to those you have agreements with	16:27
Axel Landberg	Not from my ip	16:32
	But still can do a few	
p.suwala		16:32
Axel Landberg	Can test the signed more open @ office	16:35
p.suwala	but the signed ones are not from the file you got from Afram, right?	16:36
Axel Landberg	They are	16:36
p.suwala	oh, ok	16:36

Axel Landberg I got a file 16:36

And some is our customers

But he told me to filter them

p.suwala They are signed by stelum? And going to be moved to somewhere else than stelum? 16:37

Axel Landberg If i dont filter them 16:37

But after filter them they will not be moved from stelum 16:37

p.suwala but those are already moved to stelum, so we (optimus) don't care about them too much. We just care about those that are still in Optimus 16:39

Axel Landberg Okay 16:39

I think almost none is optimus now

p.suwala ok? 16:40

that would be a good news 16:40

so these customers are all inactive in backend? 16:43

(inactive or signed by stelum) 16:43

Axel Landberg The most of them are not signed but still "active" 16:44

I heard some thing about it will be moved 2 optimus 16:44

p.suwala so, if they are not signed, and active then they are probably in Optimus funds, right? 16:45

Axel Landberg No they are prably in life founds 16:45

p.suwala moved to Life Funds without agreement? 16:45

Axel Landberg Yes i think so 16:47

Will soon have a list 2 check 16:47

p.suwala > I heard some thing about it will be moved 2 optimus To optimus? Whaat? 16:48

Axel Landberg Yupp 16:51

p.suwala who said so? 16:52

Axel Landberg Afram 16:52

p.suwala this makes no sense to me 16:52

Axel Landberg Okey 16:52

p.suwala 16:52

Axel Landberg I dont know but that was what he said 16:52

p.suwala 5k customers TO optimus? 16:53

without any deals 16:53

fishy 16:53

Axel Landberg Yupp 16:53

No one heard about it?

p.suwala we know nothing about it 16:53

Axel Landberg We have a lot to talk about tomorrow 16:53

p.suwala ok 16:54

thanks man 16:54

Axel Landberg If they are moving 2 optimus you will know it soon right? 16:57

They will maybe begin moving this evening 16:57

Without robot 16:57

p.suwala we will know it 24h later 16:59

are you off work at 5? 17:00

Axel Landberg Okay 17:00

p.suwala I was wondering if you could drop by our office today, if you have no plans after work 17:00

p.suwala	hey	13:04
Axel Landberg	not mutch now	13:10
	but we are upp n running	13:10
p.suwala	cool	13:12
	I've seen the alert	13:12
	yesterday at ~18	13:12
Axel Landberg	okey	13:13
p.suwala	but did you move some capital yesterday by hand?	13:13
Axel Landberg	about the servers?	13:13
	ah	13:13
	maybe	13:13
	maybe*	13:13
p.suwala	I think so	13:13
Axel Landberg	okey, is it to or from Opti	13:14
p.suwala	to Optimus	13:15
Axel Landberg	cool so then i had right about afram	13:17
p.suwala	yup	13:17
Axel Landberg	okey well, i think you can expect like 3000 in a few days and then 1500 more later	13:20
p.suwala	ok	13:20
	are you guys moving any today from Hammarby?	13:20
Axel Landberg	no i dont think so	13:21

p.suwala do you know who is moving? 13:21

Axel Landberg haha thierry maybe 13:22

p.suwala for real? 13:22

Axel Landberg yes 13:22

afrah gave him the usb 13:22

p.suwala with the robot I suppose? 13:23

by hand it would take him ages, he is not great with computers 13:23

Axel Landberg 140491 Didner & Gerge Småbolag 13:37
260919 Pictet Biotech
291906 Didner & Gerge Aktiefond
364158 UBS (Lux) Equity Fund - Biotech (USD)
537639 Carnegie Corporate Bond

my funds 13:37

noo he do it by hand 13:37

maybe have a lot of friends helping him 13:37

p.suwala why not salespeople? 13:37

have you picked these funds yourself? 13:38

Axel Landberg yes 13:39

caus afrah is strikt we are not moving this 13:39

so hammarby will not do this move 13:41

here will only robots work with stelum 13:41

p.suwala ok, cool 13:42

Axel Landberg do you think it's good funds? 13:42

p.suwala I honestly don't know. I haven't done my research. I guess you picked based on performance so it must be good 13:42

Axel Landberg yes it's based on performance 13:43

but we have big problems now i think.. we dont have a robot able to change funds yet 14:37

p.suwala it's 7 days left 14:39

Axel Landberg Yeah but you have to move all customers at the same nav kurs 15:26

So at the same day or weekend 15:27

p.suwala why? 15:28

Axel Landberg We have to treat all customers exactly the same 15:29

p.suwala it's a regulation? 15:29

Axel Landberg Yes 15:29

p.suwala we didn't care when we moved PP customers 15:29

Axel Landberg No but that was not the same type of agreement 15:30

p.suwala 16:02

```
[root@VirtualServer ~]# telnet -c 208.89.235.127 442
Trying 208.89.235.127...

Axel Landberg i think we will move by hand 15:32

about 6000 cus 15:32

p.suwala not 7000? 15:33

Axel Landberg no we have like 30% not working ppm kods 15:35

of 8500 15:36

p.suwala ok 15:36

but you should be able to manage by hand, right? 15:36

Axel Landberg yes 15:37

p.suwala so there is no problem then 15:38

are you also changing pins? 15:38

Axel Landberg no not changing 15:39

p.suwala then it's a quick job 15:39

Axel Landberg	hey pawel	15:16
	you know surtr and bitbucket	15:17
p.suwala	I do	15:18
Axel Landberg	is it merge first then approve?	15:19
	then the code	15:19

	bitbucket, merge	
	step two

	step three	

surtr

p.suwala why aren't you using git? 15:21

did Agne migrated out of it? 15:21

bitbucket is a dying project 15:21

Axel Landberg haha i think so 15:21

p.suwala silly decision. 15:21

anyhow, it's merge, approve 15:21

Axel Landberg i don't know what he destroyed 15:22

cool 15:22

p.suwala we were using git before 15:22

p.suwala I've heard that you killed agne 10:50

Axel Landberg haha 10:50

i dont think it was me 10:50

p.suwala no? 10:50

Axel Landberg but yeah 10:50

who told you 10:50

p.suwala Tyra 10:50

Axel Landberg she said i killed agne? 10:51

p.suwala is he done? 10:51

Axel Landberg well i dont know.. but he is really sick 10:51

p.suwala sick as in burned-out stressed-to-his-limit 10:52

Axel Landberg haha yes 10:52

well it's sad 10:53

but i dont know why

p.suwala hostile work environment 10:53

Axel Landberg hehe well with theo sabri and afram maybe 10:54

p.suwala how is your stress level? 11:03

Axel Landberg higher i think 11:03

p.suwala higher than...? 11:03

Axel Landberg agnes 11:04

p.suwala 11:04

yeah, but your limit is much higher 11:04

how is work in general now? 11:04

Axel Landberg yes, i think its high 11:04

well.. theodora wants me du educae to some kind of jonas 11:04

otherwise its cool 11:05

p.suwala you have a lot of responsibilities now 11:05

Axel Landberg i know 11:05

p.suwala cool 11:05

Axel Landberg i dont really know where i should stard educating cause it's so many diffrent skills needed 11:06

is debian something i should learn 11:14

p.suwala I down even know where to start answering this question 11:15

Axel Landberg haha 11:15

p.suwala debian is a distribution of Linux Operating System that you are using on the server 11:15

you should know it if you are to be a sysadmin 11:16

it took Jonas two years to get the basics 11:18

Axel Landberg wow okey 11:18

p.suwala so maybe that's too low-level stuff for you at the moment 11:19

so I hear that you guys are in deep shit IT-wise now 15:52

I talked with Jimmy now 15:52

Axel Landberg well yes 15:53

biggest problem is the robot 15:53

p.suwala I hear that it overrides the data or something 15:54

Axel Landberg well.. basicly we are not 100% sure if "startkapital" is corect and then the existing robot is not changing the date on "capital uppdated" 15:55

p.suwala anyhow, I think I will come for a day or two to you and dig you out of the shit 15:56

Axel Landberg the fun in this is that i didn't be the one naming you 15:57

but i think i will brief you 15:58

right now i skiss on the existing facts 15:58

p.suwala Jimmy is supposed to make a list of stuff to fix and prioritize 15:58
so I guess he will hand it to you 15:58

Axel Landberg i know.. but as you know how stuff works.. its me doing it 15:58

p.suwala 15:58

Axel Landberg but first step of it is to get all psw from agne xD 15:59

p.suwala yeah 15:59
maybe I can crack them 16:00
what passwords are you missing 16:00

Axel Landberg i dont be admin to the database 16:00
for example 16:00
and then to the servers 16:00

p.suwala have you tried calling Agne? 16:01
should I call him? 16:02
give me his number 16:14

Axel Landberg i think theodora handle that part 16:16
i have told her we will need ALL psws 16:16

p.suwala do it as soon as possible 16:38
I want to fix everythinkg this week 16:38

Axel Landberg okey 16:38

p.suwala I'm heading out now 16:39
see ya soon 16:39

Axel Landberg see ya 16:39

Thursday, 08. May 2014

Axel Landberg okey cool 09:29
anything you want me to set up for you until then? 09:30

p.suwala passwords 09:30
and a computer to work on 09:30

Axel Landberg so like the one agne is working on? 09:31

p.suwala yes, that will do 09:31

Axel Landberg and he use keypass2, all psw is in it and i have masterpassword 09:34

p.suwala ok 09:34
and make a list of things to do, with priorities 09:35

Axel Landberg yeah that is on jimis table 09:35

p.suwala ok 09:35

Axel Landberg i alredy told him and basicly it is modify the robot 09:36

p.suwala alright 09:36
thanks 09:36

Axel Landberg maybe some other things but i think gustaf will do some of our to do stuf 09:40

p.suwala who's Gustaf? 09:41

Axel Landberg it's Stellums know all guy 09:41

p.suwala isn't that Jimmy? 09:41

p.suwala yes 09:52

Axel Landberg <http://backend.strategiplacering.se> 09:57

p.suwala ok 09:58

this is running on the old server 09:58

same as solidequity.se 09:58

Axel Landberg okey 09:58

Axel Landberg cool np 15:03

mysql dont like us 15:05

p.suwala no? Worked for me 15:06

what info would you like to get? 15:06

Axel Landberg not an error.. i think it is this workbench 15:06

i want to ad and (error = 'OK') i realised 15:07

but have not typed that line 15:07

p.suwala oh, right, but that's in another table 15:07

let me fix that for you 15:07

15:09

```
SELECT jv.first_name, jv.last_name, jv.personal_number, jv.ppm_code, jv.order_date

AND ws.errors = "OK"

LIMIT 100

Axel Landberg YAY 15:11

p.suwala funny query 15:11

Axel Landberg i know.. it give me the amount of customers therese have in right founds 15:12

funds 15:12

you know how to solve my 600 extra customers? 15:17

p.suwala you want to delete the inactive ones, right? 15:20

Axel Landberg yes 15:31

p.suwala so this query gives you customers that are in mike_reborn that are inactive in nwo: 15:40

```
SELECT *
FROM `mike_reborn`.`mike_customerrow` as cr
JOIN `strategiplacering.se`.`customer_customer` as cc ON cc.personal_number=cr.personal_number
JOIN `strategiplacering.se`.`customer_spcustomer` as sp ON cc.id=sp.customer_ptr_id
WHERE sp.is_active = 0
LIMIT 1000
```

when you have verified that this is in fact stuff you want to delete then you need to replace 15:41

"SELECT *" with DELETE

Axel Landberg aah, mysql workbench sucks 16:14

SELECT is working but not delete 16:15

```

SELECT *
FROM `mike_reborn`.`mike_customerrow` as cr
JOIN `strategiplacering.se`.`customer_customer` as cc ON cc.personal_number=cr.personal_number
JOIN `strategiplacering.se`.`customer_spcustomer` as sp ON cc.id=sp.customer_ptr_id
WHERE sp.is_active = 0
LIMIT 1000
16:18

work but not

DELETE
FROM `mike_reborn`.`mike_customerrow` as cr
JOIN `strategiplacering.se`.`customer_customer` as cc ON cc.personal_number=cr.personal_number
JOIN `strategiplacering.se`.`customer_spcustomer` as sp ON cc.id=sp.customer_ptr_id
WHERE sp.is_active = 0
LIMIT 1000

can you do the sql?
16:42

DELETE
FROM `mike_reborn`.`mike_customerrow` as cr
JOIN `strategiplacering.se`.`customer_customer` as cc ON cc.personal_number=cr.personal_number
JOIN `strategiplacering.se`.`customer_spcustomer` as sp ON cc.id=sp.customer_ptr_id
WHERE sp.is_active = 0
LIMIT 572
16:42

is it
16:49

DROP
FROM `mike_reborn`.`mike_customerrow` as cr
JOIN `strategiplacering.se`.`customer_customer` as cc ON cc.personal_number=cr.personal_number
JOIN `strategiplacering.se`.`customer_spcustomer` as sp ON cc.id=sp.customer_ptr_id
WHERE sp.is_active = 0
LIMIT 572

p.suwala what error do you get 16:59
Axel Landberg 1064 17:03
You have an error in your SQL syntac; check the manual... 17:04
is it mayve the "as cc" 17:06
p.suwala that's helpful 17:06
Axel Landberg Error Code: 1064. You have an error in your SQL syntax; check the manual that corresponds to your MySQL server version for the 17:07
right syntax to use near 'as cr JOIN `strategiplacering.se`.`customer_customer` as cc ON cc.personal_number' at line 2
its red lined under the first "as" 17:08
p.suwala alright, let me see 17:08
Stupid MySQL 17:15
we have older version here 17:15
Try this instead: 17:16

DELETE FROM `mike_reborn`.`mike_customerrow`
WHERE personal_number in(

SELECT personal_number
FROM `strategiplacering.se`.`customer_customer` cc
INNER JOIN `strategiplacering.se`.`customer_spcustomer` sp ON cc.id=sp.customer_ptr_id
WHERE sp.is_active = 0

)
Axel Landberg Nah 17:24

Wining about safe upper
We can take it tomorrow 17:24

```

Wednesday, 14. May 2014

```

Axel Landberg a cuestion, if we change a ppm-code in nwo now, mike will not change the ppm-status? 10:02
question ofc 10:03
p.suwala yes, you will have to run a query to update mike with current status of nwo 10:24
it doesn't happen automatically 10:25

```

	maybe later on I can automate that	10:25
	but at the moment we are very busy here...	10:25

p.suwala	hey	14:18
	have you done what the error said?	14:18
	To disable safe mode, toggle the option in Preferences -> SQL Queries and reconnect.	14:18
Axel Landberg	will try, i didn't catch it was on the workbench can i ad limit on it?	14:22
p.suwala	yes	14:23

Axel Landberg	God morning pawel	08:59
	sorry bother you with an stupid sql SELECT first_name, last_name, cc.personal_number, phone_cell, email, address_1, zipcode, city, errors, error_log FROM `mike_reborn`.mike_customerrow AS cw LEFT JOIN `mike_reborn`.mike_weekscrape AS ws ON cw.personal_number=ws.customer_id JOIN `strategiplacering.se`.customer_customer as cc ON cc.personal_number=cw.personal_number JOIN `strategiplacering.se`.customer_spcustomer as sp ON cc.id=sp.customer_ptr_id JOIN `strategiplacering.se`.customer_customerquestionnaire as cq ON cq.customer_id=cc.id WHERE is_active=1 AND status IN ('signed', 'signed_by_post') ***** AND errors !='OK' ***** GROUP BY cc.personal_number i want do skip all the "ok" errors	
p.suwala	AND errors != 'OK'	09:03
	!= in programming ! means "not" so != would mean "not equal"	09:04
Axel Landberg	OKEY	09:27

p.suwala	hey axel	11:11
	do you know the IP of the other vps server?	11:12
	the new one	11:12
	is it 83.168.242.205?	11:13
Axel Landberg	oh, i dont know.. maybe i have somr notes on agnes computer	11:14

p.suwala I'm having problems connecting to it over ssh (putty) 11:15

can you check the IP and the port for it? 11:16

That's where the old spider is working from I think 11:16

Jimi wants me to disable it but I can't get there 11:16

Axel Landberg okey 11:19

well agne have shit bad nots, 11:19

any idea how i get the info 11:19

p.suwala I'm off to lunch, but I will be back in 30 min 11:19

Axel Landberg cool 11:19

p.suwala try to start putty and check what servers he has there 11:19

be back soon 11:19

Axel Landberg cool 11:19

p.suwala hey 12:16

Axel Landberg hey 12:17

p.suwala get back to me when you are done with lunch 12:17

Axel Landberg okey 12:17

p.suwala did you delete the rows you needed gone? 12:39

Axel Landberg nope 12:50

i didn't get it to work 12:50

p.suwala ok, we will fix that later 12:50

Axel Landberg okey 12:51

p.suwala we need to get into that other vps now 12:51

Axel Landberg cool 12:51

give me a sec and i change computer to agnes 12:51

p.suwala k 12:51

Axel Landberg so now i am on agnes 12:53

p.suwala try putty 12:53

Axel Landberg yeah 12:53

some exiting comands 12:54

i find vsp2 12:54

vps2 12:54

p.suwala ok, great 12:54

now, the IP and port 12:54

Axel Landberg how do i do 12:55

like log on 12:55

p.suwala /sbin/ifconfig 12:58

Axel Landberg 83.168.239.223 12:59

0709378520 13:14

p.suwala I will call him soon 13:14

I need ro recheck both vpses first 13:14

thx 13:14

Axel Landberg cool 13:15

p.suwala found it 13:29

he wrote it in shell 13:29

everything else was in python 13:29

Axel Landberg ah 13:31

p.suwala 14:08

```
INSERT INTO mike_reborn.mike_customerrow(personal_number, `label`, code)
SELECT
c.personal_number,
REPLACE(REPLACE(REPLACE(q.q6, '18', "LOW"), '19', "MEDIUM"), '20', "HIGH") AS label,
```

```

sc.ppm_code as ppm
FROM customer_customer AS c
INNER JOIN customer_spcustomer AS sc ON c.id = sc.customer_ptr_id
INNER JOIN customer_customerquestionnaire AS q ON c.id = q.customer_id
WHERE status IN ('signed', 'signed_by_post')
AND is_active = 1
on duplicate key update label=values(label), code=values(code)

```

ping 15:17

do you still have this FTP server? 212.112.173.226 15:18

Axel Landberg hey 15:18

i dont know :/ 15:18

p.suwala no, it's fucked up. 15:19

Axel Landberg okey 15:19

p.suwala that was the backup server 15:19

do you have any other FTP? 15:20

Axel Landberg ah, then agne killed it' 15:20

no.. 15:20

p.suwala god dammit 15:20

Axel Landberg i know 15:20

p.suwala this guy irritates me 15:20

do you have any space anywhere to put backups? 15:21

Axel Landberg i can look 15:21

if you think like local server space? 15:22

otherwise i can ask gustaf if stellung allerede has an backupserver ready 15:22

p.suwala tell gustaf to fix new FTP server that we can use for backups. 15:22

Axel Landberg cool 15:22

p.suwala agne fucked up so much. every time I work on anything I get so irritated.. 15:23

either you or gustaf need to fix a new FTP server 15:24

I will be back in 20 15:25

Axel Landberg You will get a ftp soon 15:28

host: 195.74.38.22 15:35

user: 166002_pawel

pass: margincall

p.suwala that's your backup server from now on 16:06

Axel Landberg cool 16:07

p.suwala I will make a db and code dump now 16:08

just so you have some safety 16:08

Axel Landberg thx 16:13

p.suwala db and code is backed up every day now 16:31

I hope there is sufficient amount of space on this server to have couple of backups 16:31

Axel Landberg 100 gb? 16:32

Well 99,5 16:32

p.suwala that's good enough for long time 16:32

Axel Landberg Gr8 16:32

It's a binero ftp 16:32

p.suwala ok, so about that deleting of customers 16:32

Axel Landberg Yes 16:33

p.suwala there is a column in customer_customer named "deleted" 16:33

if it's set to 1, the customer will not show up in the nwo 16:33

will look as if he was deleted 16:33

Axel Landberg okey 16:34

but in an data export i will get him? 16:35

p.suwala	you shouldn't - at least not in the exports I made	16:35
Axel Landberg	okey	16:35
p.suwala	so you need to create a SELECT SQL query that finds the customers that should be deleted, then we will remake it together to have UPDATE query for the deleted column	16:36
	sounds good?	16:36
Axel Landberg	yes :	16:38
		16:38

Thursday, 22. May 2014		
p.suwala	so Axel	09:41
	I have a mission for you	09:41
Axel Landberg	okey	09:41
p.suwala	you have a VPS1 and VPS2, right?	09:41
Axel Landberg	yes	09:41
p.suwala	VPS1 is running everything	09:42
	VPS2 is running nothing	09:42
	why?	09:42
Axel Landberg	VPS2 running stelum webpage?	09:42
	and was planed to run NWO bug agne then never moved it	09:42
	but*	09:42
p.suwala	that's what I thought as well. But actually it's still vps1 running it	09:43
	on different IP	09:43
Axel Landberg	ah	09:43
p.suwala	these are the IPs of VPS1:	09:44

	it's running everything	09:44
	no matter	09:46
	will you work today on the SELECT query for the customers to "delete" ?	09:47
Axel Landberg	i can do that	09:47
p.suwala	great	09:47
	I will be mostly busy today, but I think we can fix at least deleting	09:48
Axel Landberg	okey	09:48
	i'm stuck on the query	10:01
	i want to get everything except 2 status	
	so in my mind i think i can say	
	WHERE	
	cc.status IS null	
	OR cc.status <> 'signed'	
	OR cc.status <> 'signed_by_post'	
	i want to get all without any 'status' and all not having 'signed' or 'signed_by_post'	10:03
p.suwala	your approach is good, but there is easier way to do this:	10:03
	AND cc.status not in ('signed', 'signed_by_post')	

Axel Landberg okey 10:05

p.suwala you could do your way as well: 10:06

WHERE cc.status is not NULL
AND cc.status != 'signed'
AND cc.status != 'signed_by_post'

Axel Landberg ah, but we want, all null 10:06

p.suwala only null? 10:06

WHERE cc.status is NULL 10:06

Axel Landberg no, null and all status except signed and signed_by_post 10:07

p.suwala 10:07

AND cc.status not in ('signed', 'signed_by_post')

this should include null 10:07

I'm waiting for London to wake up, I can help you for some time 10:08

show me your full query 10:09

Axel Landberg 10:09

SELECT cc.status
FROM `strategiplacering.se`._jonas_view as jv
JOIN `strategiplacering.se`.customer_customerquestionnaire as cc ON jv.customer_id=cc.customer_id

WHERE
cc.status NOT in ('signed', 'signed_by_post')

just for testing 10:09

p.suwala looks good to me, does it return what you want? 10:09

Axel Landberg nope, not any null 10:10

maybe this stupid workbench? 10:10

p.suwala NULL is a bit special value. Try this: 10:11

SELECT cc.status
FROM `strategiplacering.se`._jonas_view as jv
JOIN `strategiplacering.se`.customer_customerquestionnaire as cc ON jv.customer_id=cc.customer_id

WHERE (cc.status is NULL or cc.status NOT in ('signed', 'signed_by_post'))

Axel Landberg nope, no null 10:11

p.suwala let me try to run this 10:11

Axel Landberg can the problem be that the customers dont have any "status" at all 10:12

or maybe jonas_view is the problem 10:13

p.suwala I see the problem 10:13

when you are making JOIN, you are joining only customers that have filled in the questionnaire 10:13

Axel Landberg ah 10:13

p.suwala so they will never have NULL status 10:13

Axel Landberg so i need to do a left join? 10:14

p.suwala http://dsin.files.wordpress.com/2013/03/sqljoins_cheatsheet.png 10:14

Axel Landberg jupp a left join solved it 10:15

p.suwala this image is very helpful when you are making joins 10:15

Axel Landberg null 10:16

cancelled
delivered
post_prepared_for_sending
rejected
sent
timeouted
website_form

was the result on 10:16

SELECT cc.status
FROM `strategiplacering.se`._jonas_view as jv
LEFT JOIN `strategiplacering.se`.customer_customerquestionnaire as cc ON jv.customer_id=cc.customer_id

WHERE (cc.status is NULL or cc.status NOT in ('signed', 'signed_by_post'))
GROUP BY cc.status

and all of them is the "deleat" customers 10:17

p.suwala try this: 10:17

SELECT cc.status, count as how_many
FROM `strategiplacering.se`._jonas_view as jv
LEFT JOIN `strategiplacering.se`.customer_customerquestionnaire as cc ON jv.customer_id=cc.customer_id

WHERE (cc.status is NULL or cc.status NOT in ('signed', 'signed_by_post'))
GROUP BY cc.status

you will get some numbers of the customers we will "delete" 10:18

Axel Landberg nice 10:18

p.suwala check if they are about what you expected 10:18

Axel Landberg i think so 10:18

funny 10:18

only one customer have cancelled 10:18

p.suwala that's interesting 10:19

Axel Landberg yes 10:20

but when i did the 10:20

SELECT cc.status
FROM `strategiplacering.se`._jonas_view as jv
LEFT JOIN `strategiplacering.se`.customer_customerquestionnaire as cc ON jv.customer_id=cc.customer_id

i got back 20272 rows

and about 9k is Stellum 10:21

but that wont do the math 10:21

9k stellum customers 10:21

p.suwala but your query has returned ALL customers 10:21

Axel Landberg and 10:22

SELECT cc.status
FROM `strategiplacering.se`._jonas_view as jv
LEFT JOIN `strategiplacering.se`.customer_customerquestionnaire as cc ON jv.customer_id=cc.customer_id

turn back 14361

p.suwala mmm. That adds up to about 6k 10:22

Axel Landberg so $9k+14k = 23K$ 10:22

so its like 3k "missing" 10:22

p.suwala jonas_view is a very special piece of view... 10:23

try to do that left join on the customer_customer and see if the numbers are different 10:23

Axel Landberg will do 10:24

yup i think so 10:27

SELECT * 10:28

FROM `strategiplacering.se`.customer_customer cc
LEFT JOIN `strategiplacering.se`.customer_customerquestionnaire AS cq ON cc.id=cq.id

turned back 42820 10:28

p.suwala minor fuckup on the join. Try this: 10:28

LEFT JOIN `strategiplacering.se`.customer_customerquestionnaire AS cq ON cc.id=cq.customer_id

Axel Landberg same number of rows? 10:29

and 10:30

SELECT cq.status#, count as how_many
FROM `strategiplacering.se`.customer_customer cc
LEFT JOIN `strategiplacering.se`.customer_customerquestionnaire AS cq ON cc.id=cq.customer_id

WHERE (cq.status is NULL or cq.status NOT in ('signed', 'signed_by_post'))

gave back 33163
42820 10:31

p.suwala it seems that you have 42820 rows in customer_customer table 10:31
interesting... 10:31
let's check customer_spcustomer 10:31

Axel Landberg 42820 - 33 163 = 10:31
stellum customers 10:32

p.suwala ah 10:32
so this actually adds up ? 10:32

Axel Landberg i think so 10:32

p.suwala sweet 10:32
now that we have the query, check some of the customers by hand to verify that they should be deleted 10:33

Axel Landberg SELECT cq.status 10:33
FROM `strategiplacering.se`.customer_customer cc
LEFT JOIN `strategiplacering.se`.customer_customerquestionnaire AS cq ON cc.id=cq.customer_id

give us all in the DB

and adding
WHERE (cq.status is NULL or cq.status NOT in ('signed', 'signed_by_post'))

we get every one not stellu,
p.suwala and we will run UPDATE 10:33
that's correct 10:33

Axel Landberg cool i do that 10:33
london awake? 10:52
you know the never ending list you emailed jimi about 10:52

p.suwala yes 10:52

Axel Landberg our query is correct as "delete" 10:52

p.suwala yes, I know the list. London still asleep. I had them working till midnight yesterday 10:53

Axel Landberg oh 10:53

p.suwala ok. Paste me the query and I will change it to update 10:53

Axel Landberg cool 10:54
you need just 10:55
SELECT cq.status, count as how_many
FROM `strategiplacering.se`.customer_customer cc
LEFT JOIN `strategiplacering.se`.customer_customerquestionnaire AS cq ON cc.id=cq.customer_id

WHERE (cq.status is NULL or cq.status NOT in ('signed', 'signed_by_post'))
jimi had a question about this customers 10:55

would it be possible to give like superuser acces to se this customers
p.suwala yes, if someone wrote code for it... 10:56

Axel Landberg i think you understand what he thinks next 10:57

p.suwala I do. He wants to run IT using favors 10:57

Axel Landberg i know.. i dont like it 10:57

p.suwala I won't do two jobs an get paid by one I told him to find an IT guy in the previous email 10:58

Axel Landberg i'd love to have you on it but i know i dont.. so I need a new guy 10:58
right! 10:58

p.suwala I can help while I'm waiting for London or NY 11:00
it's no problem 11:00

so. Here is the same query but with one extra join: 11:01

```
SELECT * -- , count      as how_many
FROM `strategiplacering.se`.customer_spcustomer sp
LEFT JOIN `strategiplacering.se`.customer_customer cc ON cc.id = sp.customer_ptr_id
LEFT JOIN `strategiplacering.se`.customer_customerquestionnaire AS cq ON cc.id=cq.customer_id
WHERE (cq.status is NULL or cq.status NOT in ('signed', 'signed_by_post'))
```

I joined customer_spcustomer table becaus his one has the "is_deleted" column 11:01

now I will redo it to do UPDATE 11:01

Axel Landberg okey 11:02

p.suwala take a look at this query and tell me if it makes sense to you 11:03

```
UPDATE `strategiplacering.se`.customer_spcustomer sp
LEFT JOIN `strategiplacering.se`.customer_customer cc ON cc.id = sp.customer_ptr_id
LEFT JOIN `strategiplacering.se`.customer_customerquestionnaire AS cq ON cc.id=cq.customer_id

SET is_deleted = 1

WHERE (cq.status is NULL or cq.status NOT in ('signed', 'signed_by_post'))
```

Axel Landberg it looks right to me 11:03

p.suwala run it then 11:03

we have backups now, so it's no big deal if we fuck it up, right? 11:04

Axel Landberg haha yes 11:04

but "UPDATE `strategiplacering.se`.customer_spcustomer sp" 11:05

why "space sp" in the end?

p.suwala IT's the same as 11:05

```
UPDATE `strategiplacering.se`.customer_spcustomer AS sp
```

AS sp makes it easier for the join 11:05

sp is shortcut for the entire `strategiplacering.se`.customer_spcustomer 11:05

Axel Landberg okey so you dont really need to say "AS" 11:07

p.suwala no 11:07

Axel Landberg cool 11:07

but it makes it easier to see 11:07

p.suwala yes 11:07

Axel Landberg like nice ore shitty code 11:08

p.suwala AS is more verbose. MySQL in itself is shitty because it doesn't enforce one way. It accepts several different ways 11:09

Axel Landberg yea 11:09

well 11:09

Action 11:09

```
UPDATE `strategiplacering.se`.customer_spcustomer sp LEFT JOIN `strategiplacering.se`.customer_customer cc ON cc.id =
sp.customer_ptr_id LEFT JOIN `strategiplacering.se`.customer_customerquestionnaire AS cq ON cc.id=cq.customer_id SET
is_deleted = 1 WHERE (cq.status is NULL or cq.status NOT in ('signed', 'signed_by_post'))
```

Message 33126 row(s) affected Rows matched: 33163 Changed: 33126 Warnings: 0

p.suwala this looks perfect 11:10

does NWO backend looks as you would have expected now? 11:10

Axel Landberg yes 11:17

p.suwala matched: 33163 Changed: 33126 11:17

these numbers are slightly different because some customers (38) were already deleted

Axel Landberg yup 11:17

p.suwala sweet. If you need to undelete someone in the future then you know how 11:18

Axel Landberg yeah 11:18

p.suwala so it seems thay we made everything on the last list except for the mike->nwo syncing of the pincode status 11:21

Axel Landberg yes it looks so 11:23

p.suwala do you think you could figure out how to do that by SQL query? 11:24

it's not the best way 11:25

but it's possible 11:25

Axel Landberg maybe yes, its most the join part i'm not so safe on, dont know what id connects everything and so on 11:28

but i can spend time on it today i hope 11:28

p.suwala no worries, I will help 11:28

Axel Landberg cool 11:29

p.suwala I'm telling Jimi that you are doing most of the work, maybe can fix a raise for you 11:32

Axel Landberg would be nice 11:33

p.suwala I will send you a BCC of the email I send to him 11:38

Axel Landberg i think i know why agnes "listform" did not uppdate some data in the nwo, it uppdated in stratefiplacering_dott_se and then it uppdated strategiplacering.se 11:40

p.suwala why? 11:40

Axel Landberg i dont know.. but i think agne would do something liek that 11:41

like 11:41

p.suwala yeah 11:42

overcomplicate shit 11:42

soounds like agne 11:42

Axel Landberg ilke "safe" 11:43

like 11:43

dam what i misspell stuff today 11:43

p.suwala it's not safe if it updates both of these databases 11:43

Axel Landberg yeah i know 11:43

p.suwala it's just more complicated 11:43

anyhow. I'm off to lunch 11:43

I will help you with SQL for this syncing 11:44

Axel Landberg enjoy 11:44

thx 11:44

i'm started to work on it now

p.suwala If no one is getting paid for my work then maybe we can at least fix a raise for you 11:44

Axel Landberg yeah 11:44

hm, i wonder from where in mike i should gather data if code is ok or not 13:56

i kind od know that all customers in weeksrape is ok ppm_code 13:56

p.suwala I guess you could take all the customers from weekly scrape for week 20 and set them as OK 13:58

the rest would be not-ok 13:58

sadly mike doesn't have a "status" column for the pincode 13:59

I didn't think I would need it... 13:59

Axel Landberg nah i know 14:04

```
INSERT INTO `strategiplacering.se`.customer_spcustomer(ppm_status, ppm_uppdated, capital, capital_uppdaetd, (fund))
SELECT
```

FROM `mike_reborn`.mike_weeksrape AS we

```
INNER JOIN `mike_reborn`.mike_customerrow AS cw ON cw.personal_number=we.customer_id
```

slow progress 14:40

I want all customers on latest week in mike_weeksrape to put ppm_status to 1 15:00

and I like to add the mike_weeksrape.scrape_date in to customer_spcustomer.capital_uppdated and mike_weeksrape.total_amount in to customer_spcustomer.capital

p.suwala sorry - I'm on the phone 15:52

it's a long conversation 15:53

Axel Landberg no problem 15:53

i can wait 15:53

p.suwala First make a query that fetches all the week_scrape customers in mike (Select) 15:54

Axel Landberg SELECT * 15:55

FROM `mike_reborn`.mike_weekscrape AS we
INNER JOIN `mike_reborn`.mike_customerrow AS cw ON cw.personal_number=we.customer_id

p.suwala ok. That got you a list of all the ones that didn't fail, right? 15:56

Axel Landberg yup 15:56

p.suwala you should probably also add week_number=20 because you will have duplicates 15:56

Axel Landberg yes, its 15:57

SELECT *

FROM `mike_reborn`.mike_weekscrape AS we
INNER JOIN `mike_reborn`.mike_customerrow AS cw ON cw.personal_number=we.customer_id
WHERE we.week_number=20

turn back ca 6K

p.suwala great 15:58

so now insetad of select * 15:58
you do
select personal_number

and you will have a list of personal_numberst that you want to update the status on 15:58

SELECT personal_number
FROM `mike_reborn`.mike_weekscrape AS we
INNER JOIN `mike_reborn`.mike_customerrow AS cw ON cw.personal_number=we.customer_id
WHERE we.week_number=20 15:58

so now we can create a query to update these people 15:59

UPDATE customer_spcustomer sp 15:59
LEFT JOINcustomer_customer AS cc ON cc.id = sc.customer_ptr_id

SET ppm_status = 1
WHERE personal_number IN (paste here the query that returns the personal_numbers)

you probably want to update more than just ppm_status 16:01

Axel Landberg UPDATE customer_spcustomer sp 16:01
LEFT JOINcustomer_customer AS cc ON cc.id = sc.customer_ptr_id

SET ppm_status = 1
WHERE personal_number IN (SELECT personal_number
FROM `mike_reborn`.mike_weekscrape AS we
INNER JOIN `mike_reborn`.mike_customerrow AS cw ON cw.personal_number=we.customer_id
WHERE we.week_number=20)

p.suwala so you this: 16:02

UPDATE customer_spcustomer sp
LEFT JOINcustomer_customer AS cc ON cc.id = sc.customer_ptr_id

SET ppm_status = 1, ppm_updated="some date"
WHERE personal_number IN (paste here the query that returns the personal_numbers)

yeah, you are on a right track 16:02

Axel Landberg damn i should have done this when you worked here 16:04

UPDATE customer_spcustomer sp 16:09
LEFT JOINcustomer_customer AS cc ON cc.id = sc.customer_ptr_id

SET ppm_status = 1, capital_uppdated = scrape_date, capital = total_amount
WHERE personal_number IN (SELECT personal_number

```

FROM `mike_reborn`.mike_weekscrape AS we
INNER JOIN `mike_reborn`.mike_customerrow AS cw ON cw.personal_number=we.customer_id
WHERE we.week_number=20)

```

p.suwala ah, no, that won't work... my fault 16:10

Axel Landberg haha np 16:10

p.suwala we can't do subqueries if we want to update more than one column 16:10

mysql is a bit limited in this respect 16:10

We need to join two databases instead of making subqueries 16:11

can you make a select query that joins mike and strategiplacering.se only on the rows we want to update? 16:11

Axel Landberg i think so 16:11

p.suwala what would be half of the success 16:12

Axel Landberg but start from 16:12

```

UPDATE customer_spcustomer sp
LEFT JOINcustomer_customer AS cc ON cc.id = sc.customer_ptr_id ?

```

or from the mike DB? 16:12

p.suwala start with SELECT 16:13

but yes, those two tables with select 16:13

and then join mike 16:13

Axel Landberg SELECT cc.personal_number, we.week_number 16:23

```

FROM `strategiplacering.se`.customer_spcustomer AS sp
LEFT JOIN `strategiplacering.se`.customer_customer AS cc ON cc.id = sp.customer_ptr_id
INNER JOIN `mike_reborn`.mike_customerrow AS cw ON cw.personal_number=cc.personal_number
INNER JOIN `mike_reborn`.mike_weekscrape AS we ON we.customer_id=cw.personal_number
WHERE we.week_number=20

```

will do 16:23

p.suwala returns ~ correct number of rows? 16:23

Axel Landberg 6377 16:23

p.suwala is that about right? 16:23

Axel Landberg like this one 16:24

```

SELECT personal_number FROM `mike_reborn`.mike_weekscrape AS we INNER JOIN `mike_reborn`.mike_customerrow AS cw
ON cw.personal_number=we.customer_id WHERE we.week_number=20

```

its the same number 16:24

p.suwala that's perfect 16:24

then we have 80% ready 16:24

here you have a template for that query: 16:25

```

UPDATE `strategiplacering.se`.customer_spcustomer AS sp
LEFT JOIN `strategiplacering.se`.customer_customer AS cc ON cc.id = sp.customer_ptr_id
INNER JOIN `mike_reborn`.mike_customerrow AS cw ON cw.personal_number=cc.personal_number
INNER JOIN `mike_reborn`.mike_weekscrape AS we ON we.customer_id=cw.personal_number

```

SET sp.column1 = we.column1, sp.column2=we.column2

WHERE we.week_number=20

Axel Landberg ah, so what i do is change the "select" 16:26

and add the row set

p.suwala yup 16:27

Axel Landberg 194911080036 16:36

LOW

2014-05-09T12:36: Incorrect pin

2014-05-09T16:16: Incorrect pin

2014-05-16T11:28: Incorrect pin

2014-05-16T13:34: Incorrect pin

a question about mike, it only do one attempt to logg in each friday?

caus this customer looks like we tested 2 times both fridays

p.suwala I may have done some testing on several customers couple of times 16:37

for testing... 16:37

but from now on mike will try only once 16:37

Axel Landberg okey great 16:39

jimi was worried that it tested them more then once cins he found this example

i will explain

Friday, 23. May 2014

p.suwala Hey 13:34

what's our status on this mike->nwo syncing? 13:34

Axel Landberg I have this 13:47

```
#WORK IN PROGRESS
SELECT cc.personal_number, we.week_number, we.total_amount
FROM `strategiplacering.se`.customer_spcustomer AS sp
LEFT JOIN `strategiplacering.se`.customer_customer AS cc ON cc.id = sp.customer_ptr_id
INNER JOIN `mike_reborn`.mike_customerrow AS cw ON cw.personal_number=cc.personal_number
INNER JOIN `mike_reborn`.mike_weekscrape AS we ON we.customer_id=cw.personal_number

#SET sp.ppm_status = 1, sp.column2=we.column2

WHERE we.week_number=20
```

but i would need to make another one for all not ok

p.suwala yes. That's going to be new query 13:47

you have to do it in 2 steps 13:47

you will make a join that returns rows that don't exist in mike and then set them to different status 13:48

Axel Landberg can the other one be like 13:48

step 1 join cc and sp, then if not in mike

p.suwala yes 13:48

refer to the join image I sent you 13:48

Axel Landberg http://dsin.files.wordpress.com/2013/03/sqljoins_cheatsheet.png 13:49

the one to the left 13:49

Where B.key is null

p.suwala looks right to me 13:50

but first make a select, and then when select returns what you want, change it to UPDATE 13:50

Axel Landberg cool, in the first one i just have to choos what i want to update 13:50

p.suwala yes 13:51

Axel Landberg and i will run it on monday for first time i was planning 13:51

p.suwala cool 13:51

Axel Landberg what should be the NULL value in mike 14:04

an ID?

p.suwala personal_number I would say, but ID would work just as well 14:05

you can do SQL in many ways 14:05

Axel Landberg SELECT we.customer_id, cc.personal_number 14:11

```
FROM `strategiplacering.se`.customer_spcustomer AS sp
LEFT JOIN `strategiplacering.se`.customer_customer AS cc ON cc.id=sp.customer_ptr_id
INNER JOIN customer_customerquestionnaire AS cq ON cc.id = cq.customer_id
LEFT JOIN `mike_reborn`.mike_customerrow AS cw ON cw.personal_number=cc.personal_number
LEFT JOIN `mike_reborn`.mike_weekscrape AS we ON we.customer_id=cw.personal_number
WHERE cq.status IN ('signed', 'signed_by_post')
AND is_active = 1
AND we.customer_id IS null
```

It is a heavy one

but i think something is wrong 14:12

need to think now 14:12

6377 + 1708 = 8015 14:13

i want to find another 1053

p.suwala I think you can simplify this one a bit 14:14

for example you don't need to join the `mike_reborn`.mike_customerrow table 14:14

Axel Landberg thru 14:14

p.suwala it's not used anywhere, and there is personal number in mike_weekscrape, so you can join directly to that one 14:15

try that first 14:15

Axel Landberg well 5 s faster but same amount 1708 14:15

p.suwala ok, cool 14:16

now we can try figuring out what was joined 14:16

do select * and take a look at the data 14:16

or to make it clearer: 14:17

select sp.*, we.*

Axel Landberg only them, not just select * 14:17

will #stuff 14:18

slow it down?

p.suwala it's a good idea to do 14:19

LIMIT 100

at the end of the query

so it doesn't return one gazillion rows and hang 14:19

Axel Landberg well i get a lot of data 14:21

p.suwala do you get any rows that you shouldn't ? 14:23

Axel Landberg no, all the mike rows is null 14:23

but aah 14:24

i know 14:24

i think 14:24

p.suwala so that's correct. Do you miss any rows that should be there? 14:24

maybe you should also include 14:24

AND is_deleted = 0

Axel Landberg i know whats wrong in this one 14:24

the missing thousand have an we.customer_id but is not 14:25

WHERE we.week_number=20

so they is not null. but still not week_number 20 14:25

p.suwala 14:26

Axel Landberg so, then i have to base it on week_number 14:27

p.suwala I guess you should take the last week only, right? 14:28

Axel Landberg yes 14:28

SELECT sp.*, we.* #cc.personal_number 14:29

FROM `strategiplacering.se`.customer_spcustomer AS sp

LEFT JOIN `strategiplacering.se`.customer_customer AS cc ON cc.id=sp.customer_ptr_id

INNER JOIN customer_customerquestionnaire AS cq ON cc.id = cq.customer_id

LEFT JOIN `mike_reborn`.mike_weekscrape AS we ON we.customer_id=cc.personal_number

WHERE cq.status IN ('signed', 'signed_by_post')

AND is_active = 1

AND we.customer_id IS null

OR we.week_number != 20

p.suwala when you do OR, you must enclose it with paranthesis. otherwise Mysql get's confused and you will get some shit results 14:29

so you want probably to do something similar to this: 14:31

WHERE cq.status IN ('signed', 'signed_by_post')

AND is_active = 1
 AND (we.customer_id IS null OR we.week_number != 20)

Axel Landberg the fetching is the slow shit 14:32
 p.suwala Mysql is a slow db 14:32
 and it's a cross-db query 14:32

Axel Landberg the les join the faster 14:33
 it gave me to much 14:43
 like 6k more 14:44
 p.suwala I think you don't need OR here at all (I might be wrong because I don't pay too muc hattention now) 14:45

WHERE cq.status IN ('signed', 'signed_by_post')
 AND is_active = 1
 AND we.week_number != 20
 AND we.customer_id IS null

Axel Landberg i give up for today i think 14:50
 p.suwala cool 14:50
 I think you are doing very well 14:51

Axel Landberg thx 14:53
 soon a haircut and then a beer in the sun

p.suwala 14:53
 I'm waiting again for Danish bastards 14:53
 who are fixing something for me 14:53

Axel Landberg okey 14:55
 well i have to stay here untill 16:00 14:55
 p.suwala Theo is still there? 14:55

Axel Landberg but i need to fix other stuff for alexander 14:55
 nope 14:55
 but phone is on 14:55
 or open 14:55
 it's me nina therese anton björn anton ö tyra and natalie (stellum salary girl) 14:56
 p.suwala cool 14:57

Axel Landberg just you at office? 14:57
 p.suwala yup 14:58

Axel Landberg not jonas 14:58
 slacker 14:58
 p.suwala he threw the towel an hour ago 14:58

Axel Landberg you should prank him 14:59
 put up a blocket ad selling something sheep lite an ipgone 5s or something, with his number 15:00
 p.suwala you can do that. I will take the blame 15:00

Axel Landberg haha 15:00
 i will look on it

Tuesday, 27. May 2014

Axel Landberg hello pawel 10:58
 p.suwala Hi Axel 10:58

Axel Landberg i plan to update NWO db from mike 10:59
 p.suwala do it 10:59

Axel Landberg UPDATE `strategiplacering.se`.customer_spcustomer AS sp 10:59
 LEFT JOIN `strategiplacering.se`.customer_customer AS cc ON cc.id = sp.customer_ptr_id
 INNER JOIN `mike_reborn`.mike_customerrow AS cw ON cw.personal_number=cc.personal_number
 INNER JOIN `mike_reborn`.mike_weekscrape AS we ON we.customer_id=cw.personal_number

SET ppm_status = 1, capital_updated = scrape_date, capital = total_amount , fund = errors

WHERE we.week_number=21

will that be right 11:00

joins is ok 11:00

p.suwala Joins are OK 11:01

I wonder if you maybe want something extra in WHERE 11:01

like is_active=1 11:01

or something like that 11:01

otherwise I can't see any error 11:01

Axel Landberg UPDATE will be right to do then? 11:03

not insert 11:03

p.suwala no. Insert creates new rows, Update changes existing ones 11:03

Axel Landberg okey 11:03

p.suwala you want Update 11:03

Axel Landberg i think i know how i can do the wrong pin 11:29

if i do an sql ther i set all ppm status as wrong and then update the right one from mike 11:30

not nice but will work? 11:30

p.suwala sounds somewhat dangerous, but would definitely work 11:41

Axel Landberg i know.. well will think about it 13:24

a question, all the notes we add to customers in backend, you remember where in the db they are? 13:26

p.suwala log is in recdep_log and notes are in note_note 13:46

Axel Landberg thx 14:30

Monday, 02. June 2014

Axel Landberg hello 13:26

p.suwala hey hey 13:42

Axel Landberg i just wonder if the "history spider" use the same ppm-code db as regular mike, and if it runs every 5th 13:42

p.suwala ah 13:42

it does use the same ppm 13:42

and it doesn't run every fifth yet, but I will fix it tomorrow to run at fifth 13:43

cool? 13:43

Axel Landberg yeah super cool 13:43

and how are you then? 13:43

p.suwala a bit busy today 13:43

Axel Landberg cool 13:44

p.suwala and you? 13:44

Axel Landberg just fine (not girl 'just fine') 13:44

p.suwala I hear that some people are being fired 13:44

I guess your job is safe 13:45

Axel Landberg i know.. all equity except theo 13:46

yup my one is safe as i understand it

p.suwala or... didn't you know that yet? 13:46

Axel Landberg i know from like.. wensday last week 13:46

p.suwala who is fired then? Nina, Anton, who else? 13:46

Axel Landberg just them 13:46

that leave only solid music and stelum left, i guess Theo will start work on stelum 13:47

p.suwala going to be lonely there 13:48

Axel Landberg i know.. i think we will move to the city office 13:49

p.suwala that's good news for you 13:49

we will have lunch together 13:49

Axel Landberg yeah i just hope we do it that way 13:49

p.suwala Jimi told me that they will not move from the city to hammarby 13:50

not the management anyway 13:50

Axel Landberg well then i think we will move to them after nina quit, she got 2 month insted of one 13:51

p.suwala cool 13:52

Wednesday, 04. June 2014

Axel Landberg Hey 14:22

Did you set mike to go historical tomorrow?

p.suwala what time do you want? 14:23

Axel Landberg 20:00 will be gr8 14:24

p.suwala cool 14:24

you will have it 14:24

Axel Landberg hey, i think i have fucked something up a little 15:55

p.suwala ok? 16:41

Axel Landberg I found out that the is_active tag had changed on about 4k customers in a few days i think, but i will look at it tomorrow, i will order all inactivations by date and see if i find a lot of them in one date, then it will be easy to change i guess 16:43

p.suwala ok, cool 16:44

let me know tomorrow if you need help 16:44

Axel Landberg I will 16:44

Gr8 news by the way, i now work 08:45 - 16:15 16:45

p.suwala oh? 16:46

why is that 16:46

7.5h ? 16:46

Axel Landberg Yeah well i dont know why theo changed it but i cant complain 16:46

p.suwala good for you 16:47

Axel Landberg Nice when it's summer 16:47

Thursday, 05. June 2014

Axel Landberg hello 09:07

p.suwala hi 09:12

Axel Landberg i think i know what's wrong but dnot know how it happened 09:13

p.suwala ok 09:13

Axel Landberg if i run 09:14

```
SELECT inactivated, personal_number, is_active #sum(personal_numbers) #personal_number, first_name, last_name, is_active,
FROM `strategiplacering.se`.customer_spcustomer AS sp
JOIN `strategiplacering.se`.customer_customer AS cc ON cc.id = sp.customer_ptr_id
JOIN `strategiplacering.se`.customer_customerquestionnaire AS cq ON sp.customer_ptr_id=cq.id

#SET is_deleted = 0

WHERE cq.status IN ('signed', 'signed_by_post')

i get 9493 customers 09:14
but when i add is_active = 1 i get half 09:15
```

p.suwala so you have 9493 signed 09:15

Axel Landberg about 4k 09:15

p.suwala so half of them is inactive for some reason 09:15

Axel Landberg but for like 2 weeks ago i had about 90000 something 09:15

p.suwala ok 09:15

Axel Landberg no 9k 09:15

p.suwala so how did they get inactivated? 09:15

I have a conference call at 10 today and need to finish something before that 09:18

do you think we can do this at ~11 ? 09:18

Axel Landberg cool 09:18

i work on figure out how it happend 09:18

p.suwala good 09:18

thanks 09:18

Axel Landberg are you there ? 13:36

```
SELECT inactivated, personal_number, is_active #sum(personal_numbers) #personal_number, first_name, last_name, is_active,
FROM `strategiplacering.se`.customer_spcustomer AS sp
JOIN `strategiplacering.se`.customer_customer AS cc ON cc.id = sp.customer_ptr_id
JOIN `strategiplacering.se`.customer_customerquestionnaire AS cq ON sp.customer_ptr_id=cq.id

#SET is_deleted = 0

WHERE cq.status IN ('signed', 'signed_by_post')
AND inactivated < '2013-10-20 23:59:59'
AND inactivated IS NOT null
ORDER BY inactivated
```

I want to change the is_active i think

p.suwala sorry but it's supper busy today 15:13

we are just launching new robots 15:13

ok, so do you want me to change this SELECT query to "UPDATE is_active" query? 15:14

Axel Landberg i think i fixed it 15:18

and now we have like 9k customers again and the ppm_sattus is right 15:19

p.suwala cool 16:11

congrats 16:11

good job 16:11

Axel Landberg Thx hope you will be able to enjoy weekend soon 16:12

p.suwala I think I'm working tomorrow 16:13

Axel Landberg Ah work on a red day 16:14

You will bi lonely i guess 16:14

p.suwala I think everyone involved will be here 16:20

Axel Landberg Ah then it's ok 16:20

p.suwala everyone wants to know how well the new robot will perform 16:21

Axel Landberg Can i buy a ticket 16:21

Or use it in my money 16:22

p.suwala if you have couple of Mill to spare 16:22

Axel Landberg Sadly not 16:23

Are you done with the robot 16:24

p.suwala with this one I am 16:30

Axel Landberg Nice so maybe celebrating tomorrow then 16:30

p.suwala depends on the results 16:30

Axel Landberg Yeah ofc 16:31

Monday, 09. June 2014

Axel Landberg goodmorning, did you get the result you hoped for last week ? 09:09

p.suwala hey Axel 13:47

no, not as good as expected 13:47

Jonas is telling me you have some inssues 13:47

issues 13:47

?

13:48

Axel Landberg yeah, i cant find history results from the fifth june 13:48

p.suwala let me see, maybe I fucked it up 13:49

Axel Landberg okey 13:49

p.suwala looks like I fucked it up 13:50

let me see what went wrong 13:50

Axel Landberg Okey 13:50

p.suwala yeah. Tell Jimmi I'm sorry 13:55

It's scrapping now 13:55

you should have it in couple of hours 13:55

Axel Landberg okey cool 13:56

I tell him, sad about your robot

p.suwala It looked at the database and figured that there is history for everyone already so there is nothing to do 13:56

Axel Landberg Aah i see 13:57

But it update all cus now?

p.suwala It will add more history now 13:58

For example 194401027497 is done 13:58

Axel Landberg I will look at it thx 13:58

it there any way i know the hstorical mike is done? 16:39

p.suwala it's still working 16:40

Axel Landberg okey 16:41

Tuesday, 10. June 2014

Axel Landberg mike done? 08:49

p.suwala done, done 10:17

Axel Landberg Thx 10:26

Thursday, 12. June 2014

Axel Landberg hey pawel, jimi wonder if it's hard to change so mike only run every other friday instead of every friday? 10:10

p.suwala sure 10:10

do you want it this friday? 10:10

Axel Landberg Waited for jimi 10:25

We skip this friday and run next

p.suwala ok. I will fix that later today 10:28

Axel Landberg thx pawel 10:29

looks like we move to city on friday or monday

p.suwala good stuff 10:29

Axel Landberg yeah 10:29

sadly also theo will move i think

p.suwala I fixed that every-other-friday thing 10:34

Axel Landberg nice 10:34

p.suwala have you seen the new office? 10:35

Axel Landberg nope 10:35

you? 10:35

p.suwala is Theo employed by stellum or solid 10:35

I've not been there 10:35

Axel Landberg she will be on stellum soon 10:35

Monday, 16. June 2014

Axel Landberg And now we moving 10:43

p.suwala congrats 11:09

Axel Landberg Thx 11:10

and online 12:01

p.suwala do you have a good spot? 13:03

Axel Landberg I dont know yet :/ im like in the middle 13:03

p.suwala not great 13:03

Axel Landberg Nope 13:03

p.suwala how many in the office? 13:03

Axel Landberg A lot, but not only Stellum 13:04

p.suwala oh? you share office with someone ? 13:04

p.suwala	hehe... no wonder I couldn't	13:24
	I had a wrong IP	13:24
Axel Landberg	ah	13:24
	my bad	13:24
	it was not .199	13:25
p.suwala	brb	13:25
Axel Landberg	ok	13:25
p.suwala	sweet. I'm in	13:30
	can you remind me what date needed to be changed?	13:31

Axel Landberg 2014-09-12 13:31

p.suwala to? 13:31

Axel Landberg 2014-09-15 13:32

is it only possitile to change it from the terminal 13:32

p.suwala yes, but you were verry close 13:32

I forgot to tell you to scroll down 13:33

Axel Landberg ah hahaha 13:33

p.suwala if you are still in the terminal do: 13:33

crontab -e

and arrow down 13:33

you will see all the dates 13:33

Axel Landberg ah 13:34

i see 13:34

p.suwala the columns are: 13:34

minute, hour, day, month

Axel Landberg and no year 13:35

p.suwala now I already changed it to 9-15 13:35

Axel Landberg i see 13:35

p.suwala no year, every year 13:35

so you can change and add new ones if you need 13:35

Axel Landberg nice 13:35

so what wee done is to able to logg in with psw 13:36

so wee should be able to acces the sftp now? 13:36

p.suwala now you have disabled the key authentication 13:36

so it's done 13:36

Axel Landberg ah, but we can still use the key 13:37

p.suwala sure 13:37

but it isn't required anymore 13:37

Axel Landberg cool 13:37

so it's a fast way for me to acces 13:37

and ctrl o is save 13:38

p.suwala yes 13:38

on the bottom you have all the ctrl commands 13:38

Axel Landberg ^ is ctrl 13:38

p.suwala yes 13:38

Axel Landberg ah so easy when you understand 13:38

p.suwala learning something new every day 13:39

Axel Landberg haha yeah, is it bash? 13:39

p.suwala it's bash 13:39

and the editor you were using is called nano 13:39

good job 13:40

Axel Landberg ah thx for the help 13:45

p.suwala no problem 13:45

Axel Landberg is it hard to digg up the sftp stuf 13:45

like psw and user 13:45

i think i have it 13:45

p.suwala if you don't then I can give you the command to change it 13:45

Axel Landberg stllum.com surtr stllum na6snd\$sdG@ na6snd\$sdG@X 83.168.242.203 13:45

p.suwala looks about right 13:46

Axel Landberg damn nope 13:47

p.suwala remember to use the right IP 13:47

Axel Landberg okey 13:47

p.suwala and port 2200 13:47

Axel Landberg yeah, hm.. well the excell jonas gave me say it was the ip 83.168.242.203 13:48

but gustaf get the ip .205 when he ping or what he do

p.suwala there are many IPs for the same server 13:48

but the one I was using wasn't working 13:49

Axel Landberg ah 13:49

p.suwala use this one: 83.168.255.199 13:49

Axel Landberg ill try 13:51

Response: fzSftp started 13:52

Command: open "stellum@83.168.255.199" 2200

Command: Trust new Hostkey: Once

Command: Pass: *****

Error: Authentication failed.

Error: Critical error

Error: Could not connect to server

p.suwala let me try 13:52

ok, I see 13:56

only agne and axel are allowed 13:56

other users need to be enabled 13:57

last line in 13:57

nano /etc/ssh/sshd_config

Axel Landberg so like type "stellum" will allow the stellum user 13:58

p.suwala right after agne and axel 13:58

yes 13:58

and then reload 13:58

Axel Landberg ahaha 13:59

feels like a kid in x-mas 13:59

p.suwala ^^ 14:00

Axel Landberg so you are like sauron and gandalf 14:00

14:00

p.suwala 14:00

Axel Landberg one step at the time 14:04

if stellum is not allowed to change stuff.. do you think root is? 14:07

if i added root 14:07

p.suwala root is allowed to do anything 14:07

Axel Landberg 14:07

p.suwala root is god 14:07

Axel Landberg 14:08

is the fund id's in the same place, crontab -e 14:21

p.suwala wouldn't that be nice? 14:29

no 14:29

14:29

nano /opt/mike_reborn/mike/mike/models.py

Axel Landberg so, then i just need to learn how to search in bash 14:32

nano is like open a folder? 14:33

and then you type the folder name/filename

p.suwala it's like a text editor 14:33

Axel Landberg ah 14:33

you plan to start a school? 14:34

p.suwala would you sign up 14:34

Axel Landberg Yes 14:34

nano /etc/opt/mike_reborn/mike/mike/models.py
to reload? 14:42

p.suwala to reload you need to do:
/etc/init.d/apache2 restart 14:43

actually 14:44

since it's mike 14:44

you don't need to do anything 14:44

Axel Landberg ah i know that one, will it give me some info after waiting ? 14:44

haha now i already restarted the whole server right? 14:44

p.suwala no, just apache 14:45

no probs 14:45

Axel Landberg ah 14:45

so when i can type again it's done 14:45

p.suwala it didn't restart yet? 14:45

Axel Landberg 14:46

```
[root@vps1 agne]# /etc/init.d/apache2 restart
Restarting web server: apache2 ... waiting ..
[root@vps1 agne]# help
```

i typed help 14:46

p.suwala it's done 14:46

Axel Landberg haha so no "done" 14:46

p.suwala no done 14:46

Axel Landberg well.. then i thionk i changed the fund id 14:46

p.suwala great 14:47

Axel Landberg how is everything in office now? 14:47

p.suwala jonas went for vacation so it's quiet 14:47

it's good 14:47

Axel Landberg okey yeah i seen photos 14:47

jan and ulf? 14:47

p.suwala still here 14:47

Axel Landberg 14:48

p.suwala It's all good 14:48

how is stelum treating you? 14:48

Axel Landberg well i think 14:48

we have not talked about salery yet, but i cut of 20 h work / month
so now i get paid for lunch 14:49

p.suwala sweet 14:49

Axel Landberg from 08:00 - 17 :00 to 09:00 - 17:00 14:49

so thats nice 14:49

p.suwala much better 14:49

Axel Landberg when i talk to roger he show me respect and tells me that they need me 14:50

so theo has less power now 14:50

p.suwala what is theo up to now? 14:50

Wednesday, 10. September 2014

<hr/>		
Thursday, 11. December 2014		
Axel Landberg	Hey	12:53
p.suwala	hey hey	12:54
Axel Landberg	Do you have some time for mike today ?	12:55
p.suwala	isn't it lovely that it breaks only when I'm on vacation?	12:55
Axel Landberg	Yeah	12:56
	Like always	
p.suwala	I'm catching up with stuff over here today. Do you think we can delay this until tomorrow?	12:56
Axel Landberg	Well we realy need to be able to send invoices to ikc and granit as soon as possible	12:58
p.suwala	I'll see what I can do	12:58
	I have a conference with US/London soon	12:58
	but I'll try to look at mike after that	12:59
Axel Landberg	Okey	12:59
	any mike?	15:16
p.suwala	just finished conference	15:22
	let me take a look	15:22
Axel Landberg	cool	15:22
	tell me if you need something	15:22
p.suwala	what was the link to mike?	15:23
	http://mike.strategiplacering.se/admin/ is this the one?	15:24
	what was the username, password... ?	15:24
Axel Landberg	my one was axel pass1234 i think	15:26
p.suwala	thanks	15:27
Axel Landberg	i think you have one	15:27
	Username	
	E-mail address	
	First name	
	Last name	
	Staff status	
	axel True	
	pawel pawel@suwala.eu True	
p.suwala	ok, can you send me a working customer for testing?	15:29

nevermind that 15:36

Axel Landberg okey, just tested one 15:36

p.suwala ok, it seems that this should be an easy fix 15:36

Axel Landberg nice if so 15:36

p.suwala ok, check the "199405162240" customer now 15:41

is it showing everything as is supposed to? 15:41

Axel Landberg it looks so 15:42

p.suwala ok. So this was an easy fix 15:42

Axel Landberg cool 15:42

p.suwala I can run it now if you like 15:42

Axel Landberg yes thx 15:42

p.suwala ok. it's running 15:43

Axel Landberg is mike in python btw? 15:43

p.suwala yes 15:44

Axel Landberg cool 15:44

well

thanks pawel, sorry to interrupt your vacation

p.suwala no worries 15:45

Axel Landberg oh, a question.. 15:49

when it is mote then 999 shares it adds an "space" like 1 000

i know it's just copy the text from ppm, but is there any "fix" i can do in sql to change it?

it is not an big issue now 15:49

p.suwala when you are making select on a column that has spaces, you can use LTRIM and RTRIM like this: 15:50

```
select LTRIM(RTRIM(name_of_the_column_with_spaces))
... and here the rest
```

oh, wait. That will only remove the spaces in the begining and the end 15:51

use this instead: 15:51

```
select REPLACE(name_of_the_column_with_spaces, " ", "")
... the rest of the query
```

15:52

Axel Landberg okey 15:53

p.suwala if you are having trouble with this then just paste me the query you have and I will change it 15:53

Axel Landberg

```
SELECT date, sum(shares), fund_id
FROM mike_customerhistory AS my
JOIN mike_customerrow AS mw
ON my.customer_id=mw.personal_number

WHERE fund_id = 656637
AND scrape_date = '2014-11-05'
GROUP By date
ORDER BY date
```

p.suwala which column has spaces? 15:55

shares? 15:55

Axel Landberg shares 15:56

p.suwala try this: 15:56

```
SELECT date, sum(replace(shares, ' ', '')), fund_id
FROM mike_customerhistory AS my
JOIN mike_customerrow AS mw
ON my.customer_id=mw.personal_number
```

15:56

```

WHERE fund_id = 656637
AND scrape_date = '2014-11-05'
GROUP By date
ORDER BY date

```

Axel Landberg did not like it 15:57

p.suwala missed a) 15:57

```

SELECT date, sum(replace(shares, ' ', '')), fund_id
FROM mike_customerhistory AS my
JOIN mike_customerrow AS mw
ON my.customer_id=mw.personal_number

```

Axel Landberg nice 15:59

p.suwala ok. I'm off 16:00

take care 16:00

Axel Landberg the same 16:00

and thx

Tuesday, 24. February 2015

p.suwala how was the meeting yesterday? 14:24

Axel Landberg It went good next meeting on Thursday with the head of customerservice 14:25

p.suwala great 14:28

Monday, 09. March 2015

Axel Landberg hey pawel! 11:13

p.suwala hey man 12:47

how is life 12:47

what's your budget? 12:57

Axel Landberg i dont know, i have not talket do alex or afram about the costs 12:58

life is good 12:58

it's spring now! 12:59

p.suwala if you find any python programmers, send them my way 13:01

we need 6 13:01

Axel Landberg hahaha! 13:02

p.suwala I'm paying finders-fee 13:02

Axel Landberg cool 13:02

p.suwala if you are up for couple of thousands 13:04

then you know my number 13:04

Axel Landberg i have it 13:04

is it hard to find? 13:11

p.suwala we haven't started yer 13:17

yet 13:17

Axel Landberg okey 13:17

p.suwala but we are starting this week 13:18

actually tomorrow we have first interview 13:18

Axel Landberg okey 13:18

p.suwala I don't think that it's very hard 13:18

we pay well 13:18

so if you can find couple of guys 13:18

you can make easy money 13:19

Thursday, 12. March 2015

p.suwala hey Axel 15:35

Axel Landberg Hi 15:36

p.suwala is it tough to find a programmer? 15:36

Axel Landberg yeah, well have not get any answers on the ad i put up 15:37

p.suwala how about a consulting company? 15:37

Axel Landberg i have not talked to alex about the budget yet but i think it will be expensive. especially when we will pay for the time to get to know the system 15:39

p.suwala yeah... true 15:39

we are running 4 projects now and currently I'm the only programmer here 15:40

Axel Landberg that's the sad part of not be a programmer myself 15:40

p.suwala we are hiring now 15:40

but at the moment I'm spending 100% of my time trying to keep up 15:40

I don't think I can help now 15:40

but I understand that it's probably easiest if I made the changes 15:41

Axel Landberg yeah i understand you dont have the time now and right now i dont know when the changes will be needed but i know we will need to do them 15:41

we will use a new dialer system called CallMaker, and we will do the Scrive agreements in the dialer as it looks right now. but that part is not done 15:42

p.suwala that's cool 15:42

something new 15:42

Axel Landberg yes but then i realised wee will need to import thr scrive id to nwo insted of NWO "creating" or getting it directly from scrive 15:43

but i guess it will take a few weeks before we have the implements done in Callmaker 15:43

p.suwala yeah... 15:43

it seems to me that you need a halftime programmer 15:43

or at least a programmer for 3-4 weeks to add the features you need 15:44

but probably not full time 15:44

Axel Landberg okey you think it will take so long to make the changes? 15:44

p.suwala no, but you probably can come up with some features that would make the system better 15:45

Axel Landberg yes, as allways 15:45

p.suwala not the bear minimum, but actually useful stuff 15:45

yeah... software like this needs mainenance 15:46

and changes 15:46

if the company is big enough then it makes sense to have a programmer 15:46

is stellem growing? 15:46

now after the optimus merger, I suppose stellem should be able to afford a programmer, no? 15:47

Axel Landberg i dont know.. it's some rule called "kapitaltäckning" so Stellem need to have money om an account then cant use and it raise for every employee 15:48

p.suwala yeah, some kind of colateral 15:48

Axel Landberg yeah.. and thats why they put up a new company that will act "callcenter" and make new customers 15:49

p.suwala right 15:49

so that should be cheaper 15:49

Axel Landberg yeah 15:49

but the new customers will not be stellem customers, they will be customers in the new company.. and thats why we need a "new" CRM 15:50

so i will get a new server next week i think and then we will copy the existing server 15:51

and clean the db so they have no customers' 15:51

p.suwala mmm 15:52

makes sense 15:52

Axel Landberg yeah i think we need a programmer but sadly i'm not the one with the cash 15:53

do you think it will caus problems to just copy the server? 15:53

p.suwala I think you should ask crystone to copy the VPS 15:54

they can easily do that 15:54

Axel Landberg yeah they will do 15:54

p.suwala and then delete what you want 15:54

should be ok 15:54

Axel Landberg so then i should have acces to the new server with the same user and psw but new ip 15:55

p.suwala yeah - that sould work 15:56

if it fails, I can help 15:57

if it's an hour or two 15:57

Axel Landberg okey 15:57

p.suwala but I probably can't find time to do programming and adding features 15:57

sorry man - if it was 2 months ago 15:58

it would be ok 15:58

today I need programmers myself 15:58

Axel Landberg in 2 months then 15:58

p.suwala you can try in 2 months again 15:59

no promises 15:59

Axel Landberg i might have to call some russians and get it done 15:59

kidnapping you 15:59

p.suwala call russians - they can do the programming for you 16:00

Axel Landberg What do you think about indian programmers 16:02

p.suwala well.. let me tell you this 16:03

we are taking over a programming project now 16:04

that was programmed for last 14 months by 20 indians 16:04

it cost so far over 1m usd 16:04

and it's all SHIT 16:04

needs to be rewritten from scratch 16:04

Axel Landberg well! No indians then 16:05

i tell you when we have the new swever and if something not will work 16:14

p.suwala cool 16:15

Axel Landberg then i will try to find stuf in the configfiles if i can change scrive and viatel accounts by myself 16:16

and ask you or jonas what tables in the db i can delete and not delete 16:17

p.suwala 16:17

cool 16:17

Axel Landberg for a start 16:17

Thursday, 19. March 2015

p.suwala hey man 15:41

Axel Landberg Hey 15:42

p.suwala do you have Ale somewhere there? 15:42

Axel Landberg yes 15:42

p.suwala can you tell her to call me? I have something for her 15:43

0739 32 66 99 15:43

Axel Landberg cool man, she will call you right now 15:43

p.suwala cool stuff 15:43

Axel Landberg .se 15:43

Wednesday, 25. March 2015		
Axel Landberg	hey!	15:16
p.suwala	Hey	18:37
Thursday, 26. March 2015		
Axel Landberg	i try to find the scrive account settings for nwo so i can change it, jonas gave me a searchstring find / -type f -exec grep -H 'text-to-find-here' {} \; grep "*.py"	09:39
	dont know if it gets me what i want	
p.suwala	that's a loong way to do it	10:42
	find the settings.py file - it's defined there	10:42
	it's in the main nwo directory	10:42
Axel Landberg	okey	10:42
	so cd/home/nwo	10:42
p.suwala	oops. Just checked. It's not in the settings. It's here: nwo/scrive/__init__.py	10:44
	so	10:44
	cd /home/nwo/public_www/	
	and then cd new_world_order/nwo/scrive/	10:44
	and edit the __init__.py file	10:45
Axel Landberg	cd new_world_order/nwo/scrive/__init__.py -e	10:46
	will do?	
p.suwala	no, try this instead: cd new_world_order/nwo/scrive and then nano __init__.py	10:47
Axel Landberg	[root@vps1 public_www]# bash: cd: new_world_order/nwo/scrive: No such file or directory	10:50
	i understand something in cd new_world_order/nwo/scrive is not 100% correct then	10:51
p.suwala	it's something like that, but I don't rememer the exact path	10:51
Axel Landberg	nah it's cool	10:52
	/home/nwo/git/new_world_order/nwo/scrive	10:56
	there i can se the file in the ftp so i guess it's right	
p.suwala		10:59
	did you manage to edit?	10:59
Axel Landberg	i have not tested to do anything yet	11:00
	but i guessit is the oauth_consumer_key oauth_token oauth_signature	11:04
	# Test account oauth_consumer_key = '09d7433eaf2da749_209' # Client credentials identifier oauth_token = '7c07f416de3b74b4_462' # Token credentials identifier oauth_signature = "2c869663d45d7534&16d19891847bc9e7"	11:10
p.suwala	yeah, you have two. One test (the one that you pased) and one real (couple of lines below)	12:13
Axel Landberg	then i found it	12:43
	you think it will caus problems if we change the domain for the new nwo	12:44
p.suwala	should work, no problem	13:44
Axel Landberg	okey i found something in the scrive py file with the domain, will i need to change it you yhink?	13:44
p.suwala	copy paste here - I don't know what that is	14:32
Axel Landberg	CALLBACK_URL_TEMPLATE = 'http://backend.strategiplacering.se/api/scrive_callback/%s/'	14:52

p.suwala yeah, use the domain you have now for the nwo 14:52

Axel Landberg okey 14:53

so when we have the new copy of server and change domain, it will be innovestic.se 14:53

it will be CALLBACK_URL_TEMPLATE = 'http://backend.innovestic.se/api/scrive_callback/%s/'

p.suwala yup. This will work 14:54

Axel Landberg good stuff 14:54

i hope i have the server on monday

p.suwala innovestic? thats the new company name? 14:54

Axel Landberg yes 14:54

p.suwala ok 14:54

Axel Landberg they wanted it to be like innovation 14:55

innovestic capital ab 14:55

lol 14:55

p.suwala 16:25

p.suwala Hey 16:51

I'll check it out 16:52

Axel Landberg when i tested to acces to port 2200 it worked for me 16:52

p.suwala looks good. I managed to connect 16:52

Axel Landberg nice!
i have 2 questions for later 16:53

about what tables i can drop in the sql db to not destroy NWO and how i change the domain so we can use it
but we dont need to take it now 16:54

p.suwala let's meet. Can you drop in to our office tomorrow? 16:54

we can do all of it together 16:54

I think it will be faster 16:54

Axel Landberg yeah sounds great 16:54

p.suwala Cool. I'll give you time tomorrow - but something like 3:30 would probably work for us 16:55

Thursday, 09. April 2015

Axel Landberg hahaha Pawel I think we deleted the whole backend db when we cleaned up yesterday 10:53

is it hard to move the backend db from the old server in to the new one?

I think i fixed it myself 11:10
i exported the backend db from old server and now I import it to the new one

Friday, 17. April 2015

	Will make it easier to tell a programmer what we want to change	13:33
	How waa NY?	13:33
<hr/>		
Wednesday, 22. April 2015		
Axel Landberg	Hey!	11:01
	i found a note about something kick you in the balls later on left in your code.. get error every time i try to import customers.. it looks like when one customer is imported i get an error and the import ends	11:09
	now i fixed so i get the error emails	14:17
	IntegrityError at /cr/import_customers/ (1062, "Duplicate entry '199004053279' for key 'username'")	14:18
	AND	
	ValidationError at /cr/import_customers/ [u"V\xe4rdet " har ett ogiltigt datumformat. Det m\xe5ste vara i formatet YYYY-MM-DD HH:MM[:ss[.uuuuuu]][TZ]."]	
	but when i try to import with wrong date it lets me correct the info, and as long i dont correct all then be imported but when i correct all so i wonr need to correct more of them i get the error	14:19
	you have any idea of what to do	14:19
	hmm.. can it be a error in firefox?	14:21

p.suwala	Liquidity also refers both to a business's ability to meet its payment obligations, in terms of possessing sufficient liquid assets, and to such assets themselves. An act of exchange of a less liquid asset with a more liquid asset is called liquidation.	11:04

	Hi Pawel,	
	I've added a bunch of different demobank liquidity so you should now see different identifiers.

p.suwala can you give me password for sales? 21:36

Jonas Johansson therese@solidequity.se fagelberg 21:37

i good ~74 something 21:37

that is possible fake moves 21:37

p.suwala ? 21:37

what? 21:37

Jonas Johansson goot 21:37

p.suwala got 21:37

ok 21:37

where? 21:37

Jonas Johansson that's probably faulty moves 21:37

i first goot all that != optimus 21:38

p.suwala not like %% 21:38

Jonas Johansson then i ran them against all != signed 21:38

yeah yeah 21:38

p.suwala not like '%optimus%' 21:38

Jonas Johansson thru 21:38

p.suwala but I have done this, I got only ~2, maybe 3 21:39

Jonas Johansson ok 21:39

p.suwala other ones are swedbank, scientia, etc 21:39

Jonas Johansson yeah 21:40

but most frequent are {"funds": [{"amount": "2804", "name": "Didner & Gerge Småbolag"}, {"amount": "5705", "name": "Carnegie Sverigefond"}, {"amount": "5608", "name": "Allianz Europe Small Cap Equity"}], "amount": 14117, "error_type": null, "history": [{"fund_buy_amount": "2 725,05", "fund_buy_date": "2013-12-12", "fund_buy_name": "Didner & Gerge Småbolag"}, {"fund_buy_amount": "5 450,10", "fund_buy_date": "2013-12-12", "fund_buy_name": "Carnegie Sverigefond"}, {"fund_buy_amount": "5 450,10", "fund_buy_date": "2013-12-12", "fund_buy_name": "Allianz Europe Small Cap Equity"}, {"fund_buy_amount": "2 560,06", "fund_buy_date": "2013-12-09", "fund_buy_name": "Optimus High Yield"}, {"fund_buy_amount": "108,96", "fund_buy_date": "2013-05-20", "fund_buy_name": "Optimus High Yield"}]} 21:40

usch thats clouded 21:40

p.suwala yes, there are couple of big ones 21:41

http://asset-2.soup.io/asset/6420/7941_26f9_480.jpeg 21:44

Jonas Johansson hahaha 21:44

i need one of those 21:44

so maxed out 21:45

p.suwala are those 5 that you found at the beginning are still good? 21:46

Jonas Johansson <http://i.qkme.me/2akl.jpg> 21:46

haven't checked them 21:46

agen 21:46

p.suwala can you give me the pnr's? 21:46

Jonas Johansson i can't, don't have them here 21:47

p.suwala ok 21:47

Jonas Johansson i gave them to mark on a usb 21:47

and my work laptop is still in sthlm 21:47

p.suwala ok 21:47

Jonas Johansson but i will find some more 21:47

Sent file [sales.ods](#). 21:48

the ones i found 21:48

p.suwala true, some of these are good ones 21:51

but they also include optimus for 40% 21:52

Jonas Johansson dose that mather if there not signed? 21:52

p.suwala I gues not 21:52

Jonas Johansson noop 21:52

p.suwala I will make some screenshots and print them for tomorrow 21:53

Jonas Johansson sweet 21:53

but my biggest problem now is WHERE THE FUCK are the other ones 21:54

74 dosent make up for 30mjk every day 21:54

p.suwala no, but we have 56% of invalid pincodes 21:54

which is too damn high 21:54

Jonas Johansson exactly 21:54

some one is changeing them 21:55

p.suwala yup 21:55

This is a good query: 21:55

```

SELECT *
FROM `sales`
RIGHT JOIN scraped ON scraped.shrt_pnr = sales.shrt_pnr
WHERE STATUS NOT
IN (
'signed', 'signed_by_post'
)
AND fund LIKE "%carneg%"
LIMIT 0 , 150

```

All that haven't signed and are in Carnegie

Jonas Johansson a fund that stelum works with 21:56

p.suwala going to grab some food 21:57

bbs 21:57

Jonas Johansson do it 21:58

i will start from the top of the list 22:00

the internet here is to crappy 22:07

22:07

to = so 22:12

p.suwala ok, have you started? 22:13

do you have some screens? 22:13

Jonas Johansson na every login takes me ~5min 22:13

p.suwala um 22:13

Jonas Johansson and the 2 first where optimus 22:13

p.suwala ok 22:13

100% optimus? 22:13

Jonas Johansson 100% of 2 yeah 22:14

22:14

p.suwala um 22:14

strange 22:14

Jonas Johansson yeah 22:14

22:14

p.suwala which pnr's? 22:14

ah, shit 22:14

my query was wrong 22:14

yeah, wrong query 22:15

I compared only the short pnr's, without 4 last digits 22:15

bleh 22:15

Jonas Johansson i did as well 22:16

p.suwala too many collisions 22:16

Jonas Johansson yeah 22:17

i never goot how to do the matching with first name 22:17

p.suwala not great. After updating this query 22:20

```
SELECT *
FROM `sales`
RIGHT JOIN scraped ON (scraped.shrt_pnr = sales.shrt_pnr AND scraped.name = sales.name)
WHERE STATUS NOT
IN (
'signed', 'signed_by_post'
)
AND fund LIKE "%carneg%"
LIMIT 0 , 150
```

we have only one result

Jonas Johansson that sucks 22:23

WTF 22:23

well give me a call on skype asap when you and mark hit the office 22:24

<http://i.imgur.com/R1uP1bb.jpg> 22:35

Jonas Johansson	ah!	17:21
	you think that's what we found?	17:22
p.suwala	does this look like the stuff we found?	17:22
Jonas Johansson	i dont think so	17:22
	the stuff i had in my pan did not float	17:22
p.suwala	it didn't?	17:23
Jonas Johansson	na	17:23
p.suwala	it kind of floated around	17:23
Jonas Johansson	if "drifted" in the pan	17:23
	but stayd on the bottom	17:23
p.suwala	we need dishwasher fluid in our pans if we want to pan the microspecs	17:23
Jonas Johansson	yeah!	17:24
	and i will try and build a blue bowl	17:24

p.suwala mmm 17:24

Jonas Johansson https://www.youtube.com/watch?v=Bgk_W6qMbBs 17:24

do you have a dremel? 17:27

p.suwala I can 17:28

I can't figure out what you mean by dremel - google doesn't help with the spelling 17:28

Jonas Johansson <http://www.pilotbill.com/Tools/Dremel%20Tool.jpg> 17:29

p.suwala blue bowl looks good 17:29

Jonas Johansson did not miss spell it 17:29

p.suwala ah, but isn't "dremel" the brand? 17:30

Jonas Johansson yepp it's the brand 17:30

p.suwala I don't have anything like that 17:30

Jonas Johansson ait 17:30

i need to get one so np 17:30

il pick one up and start cutting shit up 17:31

p.suwala gold bowl looks awesome 17:31

what do you need to cut 17:31

Jonas Johansson a funnel 17:32

and the holes in the bowl 17:32

p.suwala I have angle cutter if you need one 17:32

Jonas Johansson for piping 17:32

p.suwala http://img.diytrade.com/cdimg/867314/8072119/0/1235453991/CE_GS_EM_C_Approval_Angle_Grinder.jpg 17:32

Jonas Johansson to hardcore 17:32

need something smaller 17:32

maby i can cad the pipe 17:33

or funnel and ask my friend to 3d print it 17:33

17:33

p.suwala 17:33

<http://i.imgur.com/ZPDBmRT.gif> 17:33

Jonas Johansson hahaha 17:33

fail flip 17:34

id like to do a groove up thru the funnel in the gold bowl 17:34

so you need lower waterflow 17:35

and so it can transport the shit away faster 17:35

p.suwala 17:35

Jonas Johansson whit lesser power 17:36

but the trick seems to be running dish soap in the water 17:36

even when you are slussing 17:36

p.suwala can we do that on our scale? 17:39

quite much dish fluid 17:39

Jonas Johansson if we run recycled water 17:39

i dont see a problem with that 17:39

time to try and design the inlet and funnel 17:40

in sketchup 17:40

p.suwala 17:40

good luck 17:40

Jonas Johansson would be nice to make a "spiral" in the connection so you get more turbulence 17:41

	i hate cad...	17:56

Jonas Johansson	"I spent 2 hours at work today trying to figure out why I suddenly had the diffuse outline of one of my graphic layers shining through our application. After going through all my code and dumping every single element to bitmaps and inspecting them in a image viewer I realized that the garbage did not move even though I moved the application window. Hm. Turns out some white pixels had burned into the cheap old LCD TV I used for my linux machine. Time well spent . Oh well, I got a new monitor at least so hopefully it will not happen again. Hi there,

Hooray - it's Saturday morning! Whether you're curled up with cereal and cartoons or hitting the weekend warrior path, we have some exciting news for you.

We're seeking new Explorers and we're opening up some spots in the Glass Explorer Program. Any adult in the US can become an Explorer by visiting our site and purchasing Glass ... including you!

This isn't the same Glass you saw last April. In the past year, we've released nine software updates, 42 Glassware apps, iOS support, prescription frames, and more, all largely shaped by feedback from our Explorers. The Explorer bundle costs \$1,500 +

tax and includes Glass, charger, pouch, mono earbud, and your choice of a shade or a frame for no additional charge. Check out the styles of frames and shades and pick your favorite.

Spots are limited, so mark your calendar if you want to get in. Sorry, you can't prepurchase, but you can find us on Tuesday at [Google.com/glass](https://www.google.com/glass).

Use this link to add a reminder for April 15th to your Google Calendar. Explore the frames and shades and select your complimentary style here.

	Hello!	09:54
	I'm out browsing for a new infrastructure host for the UK company's I work with and found you guys. Every thing looks good, you have good prices, seemingly good reputation, so far so good.	
	But when i scrolled down and notice that all your "partner logos" are unlinked i.e not verifiable It makes me more the concerned.	
	So print 300 pages of "Thrust is more important then unified logos, I will not let design get in the way of functionality" and slam it in the back of he's head.

	Seems like there are some ongoing intermitting issues due to an ISP that can cause the GUI launch to fail.	
	If you put http://integration.currenex.com/webstart/client.jar in your browser, will it let you download the file?	
	If it does, please save the file somewhere on your pc for the time being, then subsequently please try to launch your GUI again.	
	Thanks,

p.suwala	online?	20:47
Jonas Johansson	sure am	20:48
p.suwala	no social life?	20:48
Jonas Johansson	fuck social	20:48
	i have been social agnuf this weekend	20:48

20:48

p.suwala why do you think we are meeting Mark in a Grand Hotel? 20:48

Jonas Johansson because he dosent want ulf and jan in the aria 20:49

p.suwala exactly 20:49

what does that tell us 20:49

Jonas Johansson and as it said CONFIDENTAL 20:49

i dont know 20:49

p.suwala It means that Ulf is most likely out of the picture now 20:49

Jonas Johansson can be 20:49

p.suwala but still, why the meeting? 20:50

what's the agenda 20:50

Jonas Johansson it was yfour ide 20:50

even thow not @ grand 20:50

p.suwala not really. It was his idea. I suggested meeting in the office on Monday 20:50

Jonas Johansson i think it's just a nice place to meet 20:51

whit out prying eves 20:51

eyes 20:51

p.suwala I think this meeting is about ensuring that we will not follow Ulf 20:51

Jonas Johansson can be 20:51

but it's hard to speculate 20:52

but that's goes in line with my general fealing 20:53

p.suwala I think he is going to announce that Ulf is leaving. That's quite obvious (confidential). If ulf is leaving, he wants to ensure us that 20:54

the company and the project is still strong.

Jonas Johansson true 20:54

p.suwala He might be a bit unsure about that because (by coincidence) we talked couple of days ago about putting source code on the net 20:55

to get recognised by the big companies-and-get-the-JOB-offers

so I can see how that might be a bit suspicious 20:55

Jonas Johansson true that 20:55

20:55

it's a bit scary to here i can emagin 20:55

20:55

p.suwala so it seems that we are in a good situation here 20:55

Jonas Johansson whitout are intentions 20:55

cna be 20:56

or it's the oposit 20:56

20:56

p.suwala how do we play this 20:56

20:56

Jonas Johansson i dont know 20:56

im not a gambler here 20:56

p.suwala I don't think it's the opposite. He will never get rid of us before Midget is proved-or-diproved 20:56

Jonas Johansson true 20:56

p.suwala until that moment we are safe 20:56

Jonas Johansson true true 20:57

are you on your laptop? 20:57

p.suwala desktop 20:57

Jonas Johansson ah 20:57

fuck, tired of writing 20:57

but what's your take 20:57

and your gameplay here? 20:57

p.suwala I'm just bringing us both up to speed so we can react in the same way tomorrow when he announces Ulf leaving and proposes something to us 20:58

he might not propose anything, but there is a chance that we will get something for staying 20:59

Jonas Johansson that wold be nice 20:59

p.suwala we also can discuss tomorrow the midget % numbers 21:00

we are here in the position of strength so it should be easier to get our numbers instead of his 21:00

anyhow. Whatever happens, we are staying - it's just good to play it well if there is anything to gain 21:01

Jonas Johansson that's verry true 21:02

i realy like this side of you 21:02

you sir are a cunning person some times 21:03

p.suwala all the times. I'm just revealing it rarely 21:03

Jonas Johansson hahaha 21:03

true 21:03

p.suwala this meeting is highly unusual. There is something at stake 21:04

we will see tomorrow 21:04

Jonas Johansson we will 21:04

btw have you seen the pride and glory that your country produced for the eurovision song contest? 21:04

p.suwala oh yes 21:04

Jonas Johansson hahaha 21:04

p.suwala the best soft porn ever 21:04

Jonas Johansson yeah 21:04

first time for me today 21:05

p.suwala I saw it yesterday 21:05

Jonas Johansson ah 21:05

i was stunned 21:05

p.suwala we have no shame in Poland 21:05

Jonas Johansson what we lack in music we have in tits 21:06

titts 21:06

p.suwala 21:06

Jonas Johansson and yet a berded lady won if im not mistaking 21:07

fuck my spelling is bad today 21:07

p.suwala bearded lady was very confusing 21:07

Jonas Johansson havent seen here 21:07

just heard about it 21:07

p.suwala this eurovision is a freek show 21:08

Jonas Johansson it's the gays xmas 21:08

p.suwala ;] 21:08

alright. I'm going to iron a shirt for tomorrow. I'm taking the blue one, so pick something else 21:08

Jonas Johansson haha ok 21:09

il go casual i think 21:09

p.suwala cool 21:09

Jonas Johansson 21:09

see u 21:09

have a nice evening 21:09

btw do you need an old android phone for a lisard-cam? 21:14

	p.suwala	I have one	21:18

Jonas Johansson	Unga växande djur bör utfodras 2-3 gånger dagligen med både animalisk och vegetabilisk föda. Låt inte oätta syrsor eller andra insekter ligga kvar i terrariet eftersom de kan bita skäggagamen. Vuxna ödlor behöver animalisk föda endast 2-3 gånger i veckan men grönsaker ska fortsättningsvis ges dagligen.	14:41

	First of all, let's define Business Intelligence. It's simply trying to make sense of the data a business already has.	
	As an example, consider a company which sells toys, and stores a record for each toy it sells. This record contains the information of the country in which the toy is sold.	
	Now, the manager of the company wants to see in which country the sales is higher, so that the next year, the distribution plan would be more efficient for that country. He/She needs a report of the sales figures in different countries. This is an example of business intelligence.	
	Now to get to this report, somebody has to get the data out of the database (storage place, anywhere, even an Excel file). But wait, what if the total records of the data you have in your company exceeds, say for example, 50 million records? Do you want to query over them each time you want to create that report? Even worst than that, what if your database is under a huge amount of transaction and many records are getting inserted into it, while you try to execute a very costly query upon it?	
	These problems resulted in some science to grew out of the solutions developers proposed. For example, you might create another database, and run a job each night to replicate these databases, so that tomorrow you can execute your query on a database which is not under live transactions.	
	Some concepts come to mind here, like OLAP (Online Analytical Processing) vs. OLTP (Online Transactional Processing), Data Warehousing, Data Mining, Cubes, Tools for BI like SQL Server Reporting Services and SQL Server Analysis Services, and many other concepts, which are not related to being a web developer at all.

	Grayson has been playing for a long time. Last time I checked, Grayson made it out of the house! Before that, he had acquired his first Pokemon, a charmander named AAAABBK and defeated his first opponent, the rival's squirtle!	
	(Grayson has been playing since the very start and selected his own name from one of the preset ones!

	Hej Pawel,	09:14
	Jag heter Sofie Logård och jag arbetar på Fyndiq som HR- konsult. Min kollega kan ha varit i kontakt med dig tidigare, isf ber jag om ursäkt. Men jag tycker din profil är så pass intressant att jag chansar iaf. Jag letar just nu efter en Python/Django-utvecklare till vårt teknikteam. Ser ju att du har erfarenhet av webbutveckling, Python och Django. Lite kort kan jag säga att vi söker en person som gillar ansvar och ser det som en fördel att driva projekt från början till slut.	
	Vi söker för tillfället även en PHP Integration Developer och ser ju att du även har erfarenhet av PHP.	
	Gå gärna in och läs mer rollerna och oss på annonserna: http://jobb.fyndiq.se/jobs/997-python-django-developer http://jobb.fyndiq.se/jobs/996-integration-developer	
	Fyndiq är ett starkt växande startuppöretag som arbetar med e-handel.	
	På Fyndiq har vi ett stort utbyte av varandra, brinner för tekniken bakom våra produkter och möjligheten till påverkan är stor då bra idéer inte har en lång väg att vandra för att bli beslut. Vi har mycket att erbjuda, det är en platt organisation där vi värnar om varandra och älskar att jobba i team.	
	Låter detta intressant så hör gärna av dig till mig via mail på sofie.logard@fyndiq.se eller 076-677 25 89.	
	Hälsningar, Sofie

	We currently have a less specific route (63.111.184.0/24) for currenex that takes a different path to reach them, but I do see that we have 63.111.184.124 configured to go out to the Internet. Are these IP addresses that you using for Currenex recently acquired?

	Proximity Hosting	13:47
	Currenex supports Proximity Hosting, in which a client's trading servers occupy the same physical space as the Currenex data center. As a result, latency is reduced due to the client's trading applications being closer to the Currenex sources of market data. Typical setup time for this is two (2) to four (4) weeks.

	As you know, Denmark has only had a single moose. July 14, 1999 swam a moose from Sweden to Hornbæk North Zealand and became Denmark's only elk. August 7 of the same year put the Danish Natural closures Association a älgvarningsskylt at Humlebæk. The sign had the same motive as the Swedish älgskylten, but with a white background. In May 2000, the sign was taken down after the elk killed by a train. [7]	12:17

	Hi Jonas,	15:08
	To be honest, we can't send out a DN for 2 million only. When we would need to update the DN for a higher limit we need to go through the whole procedure again. Can we set it up from the start with the limit you would require when fully up and running?

	It has served me well, seen many beautiful women come and go, supported me on the days I felt bad, all welcomed me with open sheets, showing love and affection when I needed it the most. But it is too small. I have long known about this but never really ventured separated, never dared to admit that it might be time to move on. But a few weeks ago I was out wandering around town, and there it was, our eyes met, it was so beautiful, so inviting. We caressed each other, embraced and from the first second I realized it was going to be us! So yesterday I got the call I've been waiting, it moves into, TODAY. How to avoid the drama of jealousy I now want to first make sure that my soon to be ex. get a new companion.	15:01
	TLTR I'm Giving Away an IKEA Sultan 120cm bed with mattress protector (not for watersports) and pillowtop mattresses. It is ~ 2 years old and in good condition and recently cleaned with a steam cleaner. It must be fetched today, after 17:00 before 22:00 on Södermalm, I live on the 4th floor with no elevator so portorage is a must.

Kindly refer on the attached file. That's my sample codes

Thank you so much. God bless.

	Approximately \$2 million will be available within 2 months, so the timing of being able to develop the business after writing specs, and set up the back office to actually process, and fund the loans (Craig Chang and Lisa Duehring in the Irvine, California office will operate the labor intensive portion of the business, i.e.: underwriting, processing, funding, and secondary market sales of loans) will come together perfectly. After beta testing and running the lending for 1-3 months, I will fund another \$5 million into the venture which will integrate the lending aspect into the wallet project.	12:48

Jonas Johansson	Okidoki	09:37
p.suwala	oh, can you research lending companies in sweden - maybe we can steal some of these employees	09:37
Jonas Johansson	Sure thing	09:37
	all the one's that i know use "standard" platforms basicly	09:38
p.suwala	https://www.lendo.se/	09:38
Jonas Johansson	that's not a lending company	09:38
	it's a broker	09:38
p.suwala	it's still a competitor	09:39
	with useful people on board	09:39
	that we can target	09:39
Jonas Johansson	yeah	09:39
p.suwala	Also - can you work on specifying how the decisio-making algo should work? What factors we should look at: not only the scredit scorning, but also stuff like yelp reviews and so on. Some algos use "number of twitter followers" and similar metrics as well	09:57
	try to figure out what's out there and what we should use	09:57
Jonas Johansson	sure thing, at first i feel extremly hesetent to use that kind of metrics when doing a decision	09:58
	but sure	09:58
	il do some research	09:58
p.suwala	yeah - I know, me too. But this is how others are doing it. We should figure out why they are doing it and if it's actually good	10:00

	Hi Pawel.. good to hear from you!	
	I've been away on holiday until a few days ago, just taking some time out	
	Got a couple of interesting projects on the go but not FX related... am yet to decide about staying in the FX space to be honest... keeping my ears open for something interesting!	
	How are things your side? I hope your being treated well at CX by whoever has picked up the account	
	Give me best to Jonas and Mark if they are around

Jonas Johansson Realy like the design of this site, 09:51

<http://www.fico.com/en/products/fico-score#overview> 09:51

p.suwala rather nice 18:49

(the design) 18:49

Jonas Johansson yeah 18:49

so what ep are u on? 18:49

Jonas Johansson good= 18:50

p.suwala yeah, I liked it 18:50

Jonas Johansson nice 18:50

p.suwala it's good 18:50

CSS4 is not a thing 18:51

CSS3 is a thing 18:51

Jonas Johansson ok 18:51

p.suwala Big data developer is not right 18:51

and we don't really need linux admin 18:51

Jonas Johansson I know, just filling op the page a bit 18:52

<https://www.youtube.com/watch?v=UL6-VQw0e8c>

it will look to empty with 3 possisions 18:53

p.suwala but we shouldn't post ads for jobs we don't need. And the "linux admin" position is so underspecified that we will get million applicants 18:54

let's rewrite this tomorrow 18:54

Jonas Johansson still we need more then the ones we need 18:54

p.suwala ? 18:54

Jonas Johansson more possisions then we actualy need 18:55

other whise the site will look like a desert 18:55

p.suwala this doesn't sound right to me 18:55

Jonas Johansson why? 18:55

p.suwala adding false jobs to satisfy the design 18:56

sounds wrong 18:56

no? 18:56

Jonas Johansson i dont Think so 18:56

we dont want a ux/ui designer ether 18:57

at this stage 18:57

or a pure ios/android developer ether 18:57

p.suwala let me charge my phone for couple more minutes 18:57

and let's talk 18:57

Jonas Johansson call me on skype from the computer? 18:58

p.suwala no mic 18:58

	Hi XXXXX!	
	I wanted to reach out to you and ask if you are interested in a new challenge and a career opportunity. We have just opened a brand new IT development office in central Stockholm and now we are looking for several talented front end developers and digital designers to join our team.	
	We are offering a position in a fast growing company that opens up several career paths for you.	
	Just to give you a rough idea of what the challenge is: we are building a new online-lending platform for the Canadian and US markets. You would face such challenges as designing clean and intuitive UI/UX with focus on simplicity and usability; implementing responsive web interfaces using modern standards and technologies; designing the UI/UX for smartphones (both android and iOS) and tablets.	
	So if you are looking for a cool workplace, filled with good atmosphere, creative freedom, the best in class colleagues and endless opportunities to evolve and grow then we have a place for you. You would join a growing team of 6-8 people that is fast moving, competent, driven and passionate about technology.	
	I hope I got you excited! Would you be interested in hearing more? Drop by our office for a coffee and a chat! We are located at Birger Jarlsgatan 32B. Or just give me a call to learn more, 0739 32 66 99	
	Looking forward to your reply!	
	Best regards -- Pawel Suwala

Monday, 09. December 2013

10:23 p.suwala
hey man

11:52 Axel Landberg
hey :)

13:39 p.suwala
what's up?

13:46 Axel Landberg
not mutch.. starting with moving money now

13:46 Axel Landberg
it will take time xD

13:47 p.suwala
how are you doing that?

13:47 Axel Landberg
by hand

13:47 p.suwala
Agne making some robots?

13:47 Axel Landberg

no

13:47 Axel Landberg
hehe

13:47 Axel Landberg
well we have not spoken about it yet

13:47 p.suwala
how many are you moving?

13:48 Axel Landberg
2400 now

13:48 p.suwala
can you do it in one day?

13:49 Axel Landberg
yes if i have like 10 people

13:49 Axel Landberg
i think we will move around 1500 in 60 min

13:50 p.suwala
cool

13:50 p.suwala
so you don't really need a robot

13:51 p.suwala
do you have correct PINs for all of them?

13:51 Axel Landberg
it's nice but if i have a lot of people then no

13:51 Axel Landberg
hehe noo i dont think so

13:59 p.suwala
so are you grabbing all the power now?

13:59 p.suwala
and running the office

14:00 Axel Landberg
yeah kind of

14:00 Axel Landberg

do you like whisky?

14:00 p.suwala

I do

14:00 p.suwala

wy

14:00 p.suwala

why

14:00 Axel Landberg

14:01 Axel Landberg

14:02 p.suwala

Ok

Tuesday, 10. December 2013

15:35 p.suwala
how did it go?

15:35 Axel Landberg
with?

15:36 Axel Landberg
Whisky

15:36 p.suwala
with the captcha punching

15:36 Axel Landberg
ah slow

15:36 p.suwala
slower than expected?

15:44 Axel Landberg
we change to 3 founds so it take more time

15:45 Axel Landberg
but i think i can do like 50 in one houre

15:45 p.suwala
by one person?

15:45 Axel Landberg
yes

15:45 p.suwala
so you moved all of them yesterday with 10 persons?

15:46 Axel Landberg
noo we stoped doing it

15:46 Axel Landberg
will hire some cheap guis 2 do it

15:46 Axel Landberg
we dont have the time

15:46 Axel Landberg
we need like 7500 more signs

15:47 p.suwala
and you have 2500?

15:49 Axel Landberg
yes

15:50 Axel Landberg
so it's like mission impossible

15:50 p.suwala
why?

15:50 Axel Landberg
but we have like 4000 agreements sent out

15:50 Axel Landberg
well untill 20th february and about 2500 / month

15:50 Axel Landberg
maybe we get 10 000

15:50 Axel Landberg
but i think around 7000

15:51 p.suwala
why do you need only 10k?

15:51 p.suwala
didn't we have something like 25k customers?

15:51 Axel Landberg
yes

15:51 Axel Landberg
well 10 k is minimum

15:52 Axel Landberg
we want 25 k

15:52 p.suwala
but you think 7 is more likely?

15:52 Axel Landberg
yes

15:52 p.suwala
why can't you make 25?

15:52 p.suwala
not enough salesmen?

15:52 Axel Landberg
i dont think we have the time

15:52 Axel Landberg
one month 2500

15:53 Axel Landberg
and we have like 3 month left

15:53 p.suwala
3?

15:53 p.suwala
is it end of february?

15:53 p.suwala
or beginning?

15:53 Axel Landberg
end

15:53 Axel Landberg
20th

15:53 p.suwala
so more like 2,5 because december is a bit slow

15:53 Axel Landberg
yeah

15:54 Axel Landberg
so like 7000 more 2 go

15:54 p.suwala
cool

15:54 p.suwala
are you guys doing overtime?

15:57 Axel Landberg
japp säljarna jobbar lördagar

15:57 p.suwala
sweet

15:57 Axel Landberg
haha well not me so im cool with that

15:58 p.suwala
so salesforce is doing weekends and still making base-salary?

16:00 Axel Landberg
i think they get some extra 4 it

16:00 Axel Landberg
but not mutch

Monday, 16. December 2013

14:33 Axel Landberg
Hey pawel :)

do you know wher in the code we can find the files to ikano :)?

they say they didn't get a file in beginning of december

14:34 p.suwala
do yo uwant to find the code that generates the files or the files themselves?

14:34 Axel Landberg
find the log for the files and the files

14:35 p.suwala

tell Agne that code is in nwo.internals.management.commands.something_something_IKANO
and the files are in media/data/something_something_IKANO

14:36 Axel Landberg
is it realy something or you dont remember that part :)

14:36 p.suwala
no, that's the part I can't recall

14:36 p.suwala
but it's easy to find if you know the rest

14:36 Axel Landberg
cool :)

14:37 p.suwala
so SP is bankrupted?

14:42 Axel Landberg
haha yeah

14:43 p.suwala
what happens with the customers that were not yet moved to Stelum?

14:43 Axel Landberg
i dont know, we still call them

14:44 p.suwala
and moving capital every day now?

14:44 Axel Landberg
yes

14:44 Axel Landberg
by hand

14:44 p.suwala
how much have you moved today?

14:46 Axel Landberg
soon 3000 i think

14:46 p.suwala
3000 in total?

14:46 Axel Landberg
i think so

14:46 Axel Landberg
so long way 2 go

14:46 p.suwala
how many a day is it now?

14:46 Axel Landberg
about 30-35

14:46 Axel Landberg
left

14:46 p.suwala
customers? or milions

14:47 Axel Landberg
customers

14:47 Axel Landberg
30-35 days left

14:47 Axel Landberg
3000 cus

14:47 p.suwala
so that's about 1h work for one person? are you doing it?

14:48 Axel Landberg
nah, sabina and nina

14:48 Axel Landberg
i do cool stuff

14:48 p.suwala
like rubber ball?

14:48 Axel Landberg
like change pdf in scrive

14:48 Axel Landberg
and rubberball :)

14:48 Axel Landberg
i was suprised 2 get an email fron you that time

14:50 p.suwala
yeah, I found it by random and thought about you

14:51 Axel Landberg
haha :)

14:52 Axel Landberg
yurek is santa this year?

14:52 p.suwala
yup

14:59 p.suwala
so you manage to sign only about 35 customers every day?

15:25 p.suwala
when are you guys getting time off?

15:26 Axel Landberg
20th is the last day 4 this year

15:27 p.suwala
and getting back?

15:27 Axel Landberg
7th

15:27 Axel Landberg
well they think we will be back 2014-01-02

15:27 p.suwala
Cool

Thursday, 09. January 2014

09:46 p.suwala
'morning

09:51 Axel Landberg
morning

09:51 Axel Landberg
did i tell you about the letter from pensionsmyndigheten about losing capital?

09:51 p.suwala
tell me

09:53 Axel Landberg
they sent out a letter to all people with money in optimus high yield asking them to check if their capital is placed correctly and change ppm-code

09:53 Axel Landberg
it was in middle of november

09:54 p.suwala
so it's not a new one

09:54 Axel Landberg
no not a new one

09:55 p.suwala
ok, but that letter wouldn't cause so much outflow every day

09:55 p.suwala
until today

09:55 Axel Landberg
you dont think so

09:55 Axel Landberg
we lost about 500 cus / month

09:57 p.suwala
yes, that would add up to 2.5Mil /day

09:57 Axel Landberg
18 42059320.00
19 212418621.00
20 39465889.00

09:57 p.suwala
it's 10 times this number

09:57 Axel Landberg
total moved of us

09:57 Axel Landberg
42059320.00
212418621.00
39465889.00

09:58 Axel Landberg
 $212418621 * 0,4$ is what we have left in optimus

09:59 p.suwala
in that case someone else is moving money as well

10:00 Axel Landberg
yes

10:00 p.suwala
you don't get any customer-support questions about the capital being moved without permission?

10:00 Axel Landberg

not now..

10:00 Axel Landberg
byt i know prognosia and allra is moving hard on uss

10:02 p.suwala
how much a day are you moving now?

10:02 p.suwala
aproximately

10:04 Axel Landberg
about 15175156 is moved since x-mas

10:04 Axel Landberg
so not mutch

10:05 p.suwala
how many work days is that?

10:05 Axel Landberg
4

10:06 p.suwala
ok

10:06 p.suwala
so that ~4.5M a day

10:06 Axel Landberg
yeah

10:06 p.suwala
we had 20M out today

10:07 Axel Landberg
okey yes well.. it's a bigger thief

10:07 p.suwala
I don't think prognosia and others are able to pull that much out

10:08 Axel Landberg
well.. 3 point guis have the best adresses 2 work on

10:08 p.suwala
they didn't have enough of them to justify the numbers for this long

10:09 Axel Landberg
no thats thru

10:11 p.suwala
do you think that anyone in the office knows the reason?

10:11 Axel Landberg
i dont think so

10:11 Axel Landberg
0736333675

10:11 Axel Landberg
is that your old number?

10:12 Axel Landberg
cus we dont know hon manny we got left in the SP - Stelum think

10:12 p.suwala
not my number

10:12 Axel Landberg
loosing so many customers

10:12 Axel Landberg
cool

10:15 p.suwala
are you guys also changing the pincodes when the capital is moved?

10:18 Axel Landberg
nope

10:18 p.suwala
do you know how many pincodes are invalid when you try to log in?

10:19 Axel Landberg
no i dont know that

10:19 Axel Landberg
but we have like 3500 known wrong ppm-cods

10:20 p.suwala
stellum-signed and wrong?

10:20 Axel Landberg
nah unsigned

10:20 Axel Landberg

10:38 Axel Landberg
in this office

10:39 p.suwala

- 2) Perhaps there is office somewhere calling these customers just like you guys are but moving to different fund

10:39 Axel Landberg

12:58 Axel Landberg

12:58 Axel Landberg

12:59 p.suwala
yes

13:01 Axel Landberg
we moved 9,2 from optimus yesterday

13:01 p.suwala
that's about 92 customers, right?

13:01 Axel Landberg
yes about that

13:02 p.suwala
that's average of how much you are signing a day?

13:02 Axel Landberg
i think it's little higher

13:05 Axel Landberg
we have moved totaly 260 m from optimus

13:05 Axel Landberg
from 7th november

13:05 p.suwala
and 1B is gone

13:05 Axel Landberg

13:06 Axel Landberg

10:05 Axel Landberg

10:05 Axel Landberg
it's boring

10:05 p.suwala
by hand with your name?

10:06 Axel Landberg
yaeh

10:06 Axel Landberg
well, just my signature

10:06 Axel Landberg
not my name

10:06 p.suwala
who is signing then?

10:08 Axel Landberg
Stellum Kapitalförvaltning

10:08 p.suwala
cool

10:08 Axel Landberg
so it's my signature but stelum.. wierd

10:09 p.suwala

10:09 Axel Landberg
no jonas at office today

10:09 Axel Landberg

12:57 p.suwala
up there?

12:57 Axel Landberg
hey

12:57 p.suwala
Afram called us

12:57 p.suwala
asking if we are planning to hire you

12:58 p.suwala
what's up with that?

12:58 Axel Landberg
what?

i have not told any one here

12:59 p.suwala

well, Afram called us

13:01 Axel Landberg
lusse told afram that i want to quit

13:01 Axel Landberg
but it was month ago

13:02 p.suwala
just so you know, we told him that we know nothing

13:02 Axel Landberg
cool

okey well i know nothing as well..

always put my skype down

13:02 Axel Landberg
logged out @ work aswell

13:05 p.suwala
ok, ool

13:05 p.suwala
cool

13:10 Axel Landberg
call jonas later

13:11 p.suwala
ok

15:29 Axel Landberg
wierd stuff happening now

15:30 p.suwala
do tell

15:30 p.suwala
moving money without agreements this week, right?

15:33 p.suwala
can you call me when you have time

15:36 Axel Landberg
yes

15:36 Axel Landberg
i can

16:09 p.suwala

The most interesting thing for us is:

- * when exactly are the customers going to be moved
- * where are these customers placed right now
- * where are they going to be moved (is it Falkon funds?)

16:09 p.suwala
this info would be great to get

16:18 Axel Landberg
cool

16:20 Axel Landberg
So you know if optimus and aftam do buisnis?

16:22 p.suwala
afram is breaking the deal

16:22 p.suwala
behind optimus' back

16:24 Axel Landberg
Life High Yield Bonds
Carnegie Corporate Bond
Life Emerging Market Bond

16:24 p.suwala
That's where they are? Or where they will be placed?

16:25 Axel Landberg
Its where they are right now

But only checked one

16:26 p.suwala
can you check couple of them? I would appreciate that

16:26 Axel Landberg
Will look deaper soon

Have 2 make an sql question so i can filter them against our database

16:26 p.suwala
great

16:26 Axel Landberg

I am aloud 2 look at all we have signed agreements with

16:27 p.suwala

didn't catch that

16:27 p.suwala

ah, you are allowed to login to those you have agreements with

16:32 Axel Landberg

Not from my ip ;)

But still can do a few

16:32 p.suwala

: -)

16:35 Axel Landberg

Can test the signed more open @ office

16:36 p.suwala

but the signed ones are not from the file you got from Afram, right?

16:36 Axel Landberg

They are

16:36 p.suwala

oh, ok

16:36 Axel Landberg

I got a file

And some is our customers

But he told me to filter them

16:37 p.suwala

They are signed by stellum? And going to be moved to somewhere else than stellum?

16:37 Axel Landberg

If i dont filter them

16:37 Axel Landberg

But after filter them they will not be moved from stellum

16:39 p.suwala

but those are already moved to stelum, so we (optimus) don't care about them too much. We just care about those that are still in Optimus

16:39 Axel Landberg

Okay

I think almost none is optimus now

16:40 p.suwala

ok?

16:40 p.suwala

that would be a good news

16:43 p.suwala

so these customers are all inactive in backend?

16:43 p.suwala

(inactive or signed by stelum)

16:44 Axel Landberg

The most of them are not signed but still "active"

16:44 Axel Landberg

I heard some thing about it will be moved 2 optimus

16:45 p.suwala

so, if they are not signed, and active then they are probably in Optimus funds, right?

16:45 Axel Landberg

No they are probably in life funds

16:45 p.suwala

moved to Life Funds without agreement?

16:47 Axel Landberg

Yes i think so

16:47 Axel Landberg

Will soon have a list 2 check

16:48 p.suwala

> I heard some thing about it will be moved 2 optimus

To optimus? Whaat?

16:51 Axel Landberg

Yupp

16:52 p.suwala
who said so?

16:52 Axel Landberg
Afram

16:52 p.suwala
this makes no sense to me

16:52 Axel Landberg
Okey

16:52 p.suwala
:-)

16:52 Axel Landberg
I dont know but that was what he said

16:53 p.suwala
5k customers TO optimus?

16:53 p.suwala
without any deals

16:53 p.suwala
fishy

16:53 Axel Landberg
Yupp

No one heard about it?

16:53 p.suwala
we know nothing about it

16:53 Axel Landberg
We have a lot to talk about tomorrow

16:54 p.suwala
ok

16:54 p.suwala
thanks man

16:57 Axel Landberg
If they are moving 2 optimus you will know it soon right?

16:57 Axel Landberg
They will maybe begin moving this evening

16:57 Axel Landberg
Without robot

16:59 p.suwala
we will know it 24h later

17:00 p.suwala
are you off work at 5?

17:00 Axel Landberg
Okay

17:00 p.suwala
I was wondering if you could drop by our office today, if you have no plans after work

17:10 Axel Landberg
Sure

17:11 p.suwala
when are you off?

17:18 Axel Landberg
Now

17:19 Axel Landberg
:)

17:19 p.suwala
see you soon

Thursday, 13. February 2014

12:32 p.suwala
what' up?

13:04 Axel Landberg
hey

13:04 p.suwala
hey

13:10 Axel Landberg
not mutch now

13:10 Axel Landberg
but we are up n running

13:12 p.suwala
cool

13:12 p.suwala
I've seen the alert

13:12 p.suwala
yesterday at ~18

13:13 Axel Landberg
okey

13:13 p.suwala
but did you move some capital yesterday by hand?

13:13 Axel Landberg
about the servers?

13:13 Axel Landberg
ah

13:13 Axel Landberg
naybe

13:13 Axel Landberg
maybe*

13:13 p.suwala
I think so

13:14 Axel Landberg
okey, is it to or from Opti

13:15 p.suwala
to Optimus

13:17 Axel Landberg
cool so then i had right about afram

13:17 p.suwala
yup

13:20 Axel Landberg
okey well, i think you can expect like 3000 in a few days and then 1500 more later

13:20 p.suwala
ok

13:20 p.suwala
are you guys moving any today from Hammarby?

13:21 Axel Landberg
no i dont think so

13:21 p.suwala
do you know who is moving?

13:22 Axel Landberg
haha thierry maybe

13:22 p.suwala
for real?

13:22 Axel Landberg
yes

13:22 Axel Landberg
afram gave him the usb

13:23 p.suwala
with the robot I suppose?

13:23 p.suwala
by hand it would take him ages, he is not great with computers

13:37 Axel Landberg
140491 Didner & Gerge Småbolag
260919 Pictet Biotech
291906 Didner & Gerge Aktiefond
364158 UBS (Lux) Equity Fund - Biotech (USD)
537639 Carnegie Corporate Bond

13:37 Axel Landberg
my founds :)

13:37 Axel Landberg
noo he do it by hand

13:37 Axel Landberg
maybe have a lot of friends helping him

13:37 p.suwala

why not salespeople?

13:38 p.suwala

have you picked these funds yourself?

13:39 Axel Landberg

yes

13:39 Axel Landberg

caus afram is strikt we are not moving this

13:41 Axel Landberg

so hammarby will not do this move

13:41 Axel Landberg

here will only robots work with stelum

13:42 p.suwala

ok, cool

13:42 Axel Landberg

do you think it's good founds?

13:42 p.suwala

I honestly don't know. I haven't done my research. I guess you picked based on performance so it must be good

13:43 Axel Landberg

yes it's based on performance

14:37 Axel Landberg

but we have big problems now i think.. we dont have a robot able to change funds yet

14:39 p.suwala

it's 7 days left

15:26 Axel Landberg

Yeah but you have to move all customers at the same nav kurs

15:27 Axel Landberg

So at the same day or weekend

15:28 p.suwala

why?

15:29 Axel Landberg

We have to treat all customers exactly the same

15:29 p.suwala
it's a regulation?

15:29 Axel Landberg
Yes

15:29 p.suwala
we didn't care when we moved PP customers

15:30 Axel Landberg
No but that was not the same type of agreement

16:02 p.suwala

```
[root@VirtualServer ~]# telnet -c 208.89.235.127 442

17:22 p.suwala

or just for checking?

17:24 Axel Landberg

No now it's only for checking

17:25 Axel Landberg

We move money by fondbytesblanketter

17:25 Axel Landberg

But it's slow

17:26 p.suwala

how many have you moved like this?

17:27 Axel Landberg

I think it is about 50-70

17:27 p.suwala

in total?

17:28 Axel Landberg

Yes

17:28 p.suwala

not too many

17:28 Axel Landberg

It take time

17:28 Axel Landberg

I know

17:28 p.suwala

we still have about 5m outflow/day

17:30 Axel Landberg

Wow.. Mutch for now

I think it's not stelum customers

17:30 Axel Landberg

5m is like 500 customers?

17:31 p.suwala

50

17:31 Axel Landberg

Ah ;)

Hej,

Ni får en rapport från Amanda löpande gällande vilka som skickat tillbaka avtal oavsett om dom är signade av Roger eller inte så statistik bör väl gå att få ut.

Vi är även fullt medvetna om att det är viktigt att Roger signalerar. Men då han varit borta senaste veckan så har det inte skett löpande, han sätter sig nog med det idag.

Vi arbetar för fullt med analys och dokumentation för flyttarna. Det borde vara på plats under morgondagen. Då kommer ni även få material som beskriver placeringsstrategi om det är så att ni pratar med kunder om

kunderna. Ju mer information vi har och ju snabbare vi kan få ut det till kunderna, desto större är chanserna att få kunderna att stanna kvar.

Hej,

För Stelum är det viktigt att ha ett exemplar av avtalet underskrivet av kunden. För kunden är det viktigt att ha ett exemplar av avtalet underskrivet av Stelum. Gör så här när ni får in ett avtal underskrivet av kund. Tag kopia av det av kunden underskrivna avtalet och skriv under för Stelums räkning på kopian och skicka till kund. Behåll original med kundens originalnamnteckning.

Javisst Roger kan utse någon annan att skriva under. Det bör dock vara bara en utsedd person annars finns det risk för att rutinerna inte följs.

Hälsningar

Vill veta om jag kan ge honom de listorna, han vill ha både kundernas personnummer och ppm-koder.

Om det är OK ber jag Agne att dra ut det snart.

Afram kommer be dig göra ett utdrag på alla signerade kunder

Personnummer och ppm-kod

Gör det som 3 listor

Låg, medel och hög

Så behöver vi bara gå igenom de som har funkad i helgen

Och det är viktigt att ppm koderna är text så koderna kan börja på noll

Subject: Kapital för kunder som hanterats i februari (ärende 51)

Nu har jag gjort om spindeln och spindlat om alla kunder med det nya värdet (premiepension) som du ville.

Jag får det här resultatet:

Kapital	Snitt	Ettikett
64592180.00	79743.432099	HIGH
173755858.00	110321.179683	LOW
536991257.00	122853.181652	MEDIUM

Jag har gjort stickprover och det stämmer med det värde du vill hämta så vitt jag kan se. Ser det rimligt ut för dig?

Jag väntar tills du kommer hit så kan vi titta på utdraget och frågan en gång till innan vi går vidare.

Subject: Information till dig som kund hos Strategi Placering

Bästa kund

Här kommer information till dig om ett antal förbättringar som kommer att genomföras under november månad, detta för att utöka servicen till dig som kund.

Värdepappersbolaget Stelum Kapitalförvaltning AB, som har tillstånd av Finansinspektionen och ligger under deras tillsyn, kommer framöver att kunna hjälpa dig med din pension. Anledningen är att Strategi Placering har överlåtit ansvaret att förvalta din premiepension till Stelum Kapitalförvaltning. Det är bara glada nyheter då det innebär att det nu finns möjlighet att göra mycket mer för dig.

Vilka är Stelum Kapitalförvaltning?

Stelum Kapitalförvaltning har både certifierade placeringsrådgivare och SwedSec-licensierade rådgivare, vilket innebär att deras kunskap kommer att finnas till ditt förfogande för att hjälpa dig med vilka frågor du än må ha kring pension. Stelum kan erbjuda dig ett brett sortiment av tjänster med flera valmöjligheter och kan på så vis anpassa de tjänsterna efter dina behov och din nuvarande livssituation.

Vad innebär det här för dig som kund?

Först och främst vill vi konstatera att tjänsten kommer att fortsätta att vara helt kostnadsfri och att det självfallet även gäller livförsäkringen om 100 000 kr. Det här avser dig som är aktiv PPM-kund.

Som det ser ut idag är du placerad i räntefonden Optimus High Yield. Vi vill säkerställa att du ligger rätt placerad och därför gör vi en så kallad lämplighetsbedömning. I den ser vi till att du är rätt placerad med hänsyn tagen till din ålder, ditt kapital och den risk du önskar ta med ditt sparande.

Vad kommer att hända nu?

Du kommer att bli kontaktad av en av våra officiella placeringsrådgivare från Stelum för att göra

lämplighetsbedömningen. Samtalet tar bara ett par minuter, men är av vikt för dig eftersom det är din framtida pension som berörs.

För att Stelum ska kunna vara din rådgivare behöver vi ett diskretionärt avtal med dig, vilket betyder ett avtal där du som kund ger oss befogenhet att hjälpa dig med din placering. Innan dess att vi har detta godkännande kommer vi inte att göra någon förändring avseende din premiepension.

Du är alltid välkommen att ringa in till kundservice om du har några frågor eller vill uppdatera din tjänst redan idag på telefonnummer 08-702 59 00.

För ytterligare information om Stelum och våra tillstånd, se www.stelum.se.

Hej!

Vårt system NWO är uppbyggt i Python

Spindeln som finns idag vågar jag inte svara på hur vida även den är uppbyggd i python men jag antar det. Den hämtar kapital och fondnummer från de kunder man läser in i den.

Spindeln är bygd separat och läser inte in resultat i NWO per automatik.

Man skulle behöva ändra vilken data spindeln hämtar från ppm samt att sen arkiverar samtliga resultat.

Ska man fortsätta arbeta med NWO bör vi ha en programmerare som är kunnig i python

Skulle rekommendera att kolla med agne vad han gjort

Mike – Robot 2

Mike är anpassad för att köras tillsammans med NWO (Gamla backend) och hämta ut data från just det formatet på databas som NWO använder.

Data som hämtas är från historiken på kundens ppm-konto. DVS. köp och sälj samt insättning av nytt kapital. Den hämtar även antal fõndandelar i respektive fond som kunden har. Vi har inte längre kontakt med utvecklaren och kan därför behöva lägga ner mer tid och pengar på att justera mike efter de förändringar som

Robot 2 Har en fristående databas som i dagsläget hämtar samma information som mike kan hämta men är inte anpassad för att hämta kunduppgifterna från NWO. Vi har kontakt med utvecklaren av roboten via Gustaf som beställt roboten.

Fördelarna med Robot 2 är att vi kan göra förändring och anpassning av den om vi vill samt att det är enklare att importera och exportera data ut databasen då den inte har krav på att det ska vara i NWOs format.

Hej Håkan!

Ingen fara, alla blir vi sjuka någon gång ;)

Pratat lite med Gustaf som administrerar vår befintliga robot och det finns ett api för den. Det via ett ajax request.

Kommer skicka ett mail till snart med svar på dina frågor.

Men i huvudsak är det så att den robot som körs idag fungerar väldigt bra och att lägga ner tid pengar på att utveckla en till samt testa den kan leda till att robotarna låser ute varandra. PPM-koderna fungerar lite som pinkoden till bankomat korten, tre felaktiga koder och koden spåras. Då måste man beställa en ny kod hem till kunden och inhämta den innan man får tillgång till k

Idag körs roboten varje helg då vi hämtar ner ganska stor mängd data. Vi hämtar ner all transaktionshistorik på samtliga kunders konton för att kunna följa in och utflöden. Jag för en dialog med Gustaf för att få bättre koll på precis hur databasen ser ut men tänker mi det inte kan vara allt för komplicerat att kommunicera mellan 2 olika databaser.

Med vänliga hälsningar

Subject: artikel på DI plus

Endast för er info. Ej till kund eller ngn annan.

Enligt Alf Peters samtal med PPM så är fonden stängd för handel pga handel med bank id.

Och de skall utreda detta och ta reda på IP adresserna för dessa transaktioner.

Så nedan artikel är för mig förvånande och inte mer en skvaller/rykten. Fanns inte en indikation på nedan efter det samtal AP hade m PPM.

Mjölka fonden stämmer inte enligt diskussioner/möte jag har haft med vd för temple Anthony ikväll.

ETI'n de syftar till betalar ränta och har återbetalat 25% av beloppet enligt Temple. Detta är inget ni skall föra vidare, endast för er info.

Falcon fonder och temple asset Mngt har tidigare sänt info till PPM om hur ägandet/styrelse ser ut och det finns ingen Emil i strukturen. Tyvärr så har de ett ont öga till honom.

Många bolagskonkurser som de nämner vet jag inte att Afram har, mig veterligen när jag kollar så finns ingen alls. Så hur man kan få det till många förstår jag inte.

VIKTIGT!!

Så samma instruktioner som igår. Ingen pratar med pressen. Om ngn kund undrar så var försiktiga så det inte är media som låtsas

vara kund eller bett kund att ringa.

TILL KUND

Svara kortfattat, att fonden är stängd för insättning men öppen för flytt. Det är allt vi vet i nuläget. Försök hålla ev kunder lugna. Och be att de återkommer senare i veckan eller helst att vi får deras nummer och att vi kan ringa upp dem så fort vi vet mer.

Snärj inte in er i ngt eller lova inget som vi inte kan hålla. Prata med dem förtroende fullt och tryggt som du gjort tidigare Axel. Kort och tydligt, men lugnande.

Tänk på att varje samtal som rings in kan vara media och spelas in och sedan användas emot oss/er.

Så än en gång, var tydliga, rakt på sak och inga löften eller annat som vi inte vet eller har fakta om.

Endast att PPM har stängt fonden för insättning men inte för uttag. Vi återkommer så fort vi vet mer om vi får ert nummer eller om ni ringer oss senare i veckan/början på nästa vecka.

Förlåt om jag upprepar mig, men vill vara övertydlig.

Ngn annan som har ngn annan åsikt eller tanke?

Ps. Vi stelling har inte gjort ngt fel. Falcon fonder har inte gjort ngt fel som jag ser det heller och AP anser inte att vi eller Falcon har gjort ngt fel. Det är ngn distributör som ev har gjort ngt fel. Mig veterligen så är det inte fel att använda bank id. Men det är absolut fel att kapa eller byta åt kunden om man ej har rätt tillstånd för att göra detta.

Misstänkt mjölkning i Maltafonder

Publicerad 2016-02-23 20:00

UNDER UTREDNING. Pensionsmyndigheten

Foto: Fredrik Sandberg

misstänker att tre PPM-fonder på Malta mjölkas på pengar och har bett Maltas finansinspektion att syna fonderna. På tisdagen stängdes fonderna efter uppgifter om andra olagligheter.

Pensionsmyndigheten misstänker att tre av de PPM-fonder på Malta som nu har stängts för nya

insättningar, mjölkas på pengar och kan vara övervärderade.

Fonderna förvaltar totalt 2,6 miljarder kronor åt 23.500 pensionssparare.

I slutet av förra året avslöjade Di att finansmannen Emil Amir Ingmanson misstänktes ha lurat svenska pensionssparare på pengar. Detta genom att företräda pensionsförvaltaren Falcon Funds på Malta, samtidigt som Falcon har gjort investeringar inom hans privata ägarsfär.

FAKTA

MÅNGA KONKURSER I BAGAGET

Emil Amir Ingmanson stod bakom fondförvaltaren Strategi Placering, som var inblandad i en fondbytarhärva som för några år sedan som drabbade 20.000 PPM-sparare. Strategi Placering gick i konkurs 2013, men kundstocken såldes vidare och hamnade hos Falcon Funds på Malta, där Emil Amir Ingmansson tidigare var bosatt.

Emil Amir Ingmanson och hans kompanjon Afram Gergeo började sin bana inom call center-branschen och har många kontroversiella bolägskonkurser bakom sig.

Någon officiell koppling mellan Emil Amir Ingmansson och Falcon Funds tycks inte finnas i dagsläget.

När Di talade med Emil Amir Ingmanson i början av december i fjol sa han att han klippt alla band till sin

Ingmanson förnekade då att han företrätt Falcon Funds, men nu har Pensionsmyndighetens misstankar stärkts.

”Vi har läst mejl där Emil Amir Ingmanson meddelar att han är en av initiativtagarna till Falcon Funds”, säger Per Brantemark, fondinformationsansvarig på Pensionsmyndigheten.

Falcon Funds har 2,6 miljarder kronor i förvaltad kapital, fördelat på 23.500 svenska pensionssparare. De tre fonderna, Falcon Aggressive, Falcon Balanced och Falcon Cautious, föll med 7–12 procent under 2015 och tillhör därmed PPM:s bottenkikt för året.

”Fonderna äger vanliga aktier, men även ett antal värdepapperiserade tillgångar, så kallade ETI:er (Exchange Traded Instruments), som inte brukar ingå i UCITS-fonder. Misstanken är att dessa kan utnyttjas i syfte att stoppa pengar i egen ficka”, säger Rasmus Bjälkeson, ansvarig för fondadministrationen på PPM.

Han oroar sig även för att dessa ETI:er kan vara övervärderade.

”Vi har bett Maltas finansinspektion att granska fonderna, dess koppling till Emil Amir Ingmanson och utvärdera huruvida UCITS-fonder får investera i dessa typer av tillgångar. Vi har även bett dem granska om tillgångarna är likvida och korrekt värderade. Vi misstänker att fonderna kan vara felvärderade”, säger Rasmus Bjälkeson.

Anthony Farrell är riskchef för Temple Asset Management som sköter förvaltningen åt Falcon Funds på Malta. Han har inte talat med Pensionsmyndigheten, men bekräftar att Maltas finansinspektion, MFSA, har kontaktat honom i ärendet.

”Jag kan kategoriskt bekräfta att Falcons ETI:er är godtagbara för UCITS-fonder. De är överlåtbara värdepapper som handlas på en reglerad marknadsplats”, säger han.

Han förnekar samtidigt att Emil Amir Ingmanson är inblandad i fondernas investeringar.

”Jag vet vem han är och att han ägnar sig åt

egen ägarsfär och sålt sina aktier i maktbolaget Solid Venture Capital till kompanjonen Afram Gergeo.

fondförsäljning och riskkapital. Men han har ingen koppling till förvaltningen av fonden”, säger han.

Rasmus Bjälkeson nöjer sig inte med dessa svar.

”Vi tycker fortfarande att detta är märkliga värdepapper för en vanlig PPM-fond”, säger han.

FAKTA

LAGAR FÖR FONDER

Den svenska lagstiftningen om värdepappersfonder bygger till största delen på EU:s så kallade UCITS-direktiv.

Specialfonder och alternativa investeringsfonder regleras av en lag som bygger på det så kallade AIFM-direktivet.

Det är Maltas finansinspektion som är tillsynsmyndighet för Falcon Funds.

”För att få bort Falcon Funds från PPM-systemet skulle det krävas att Maltas finansinspektion drar in tillståndet. Då skulle innehaven likvideras och spararna skulle få återinvestera i andra PPM-fonder”, säger Rasmus Bjälkeson.

Skälet till att jag inte ville att ni skulle lägga ut detta är att vi kommer att begära inhibition av Pensionsmyndighetens beslut hos Förvaltningsdomstolen. Om vi får domstolen att skjuta upp PPMs beslut till saken prövats av domstol så blir det lite dumt att skicka ut denna information.

Igår valde Pensionsmyndigheten att avsluta samarbetet med fondbolaget Falcon Funds Ltd. Grunderna för beslutet är enligt Pensionsmyndigheten att fondbolaget inte utfört sitt uppdrag med omsorg och på ett fackmannamässigt sätt.

Berör det mig?

Stellum har sedan september 2014 placerat i tre av Falcon Funds fonder vilket innebär att detta berör dig som är kund hos oss.

Vad händer med mitt PPM-kapital nu?

Just nu är ditt placeringskonto låst och enligt information från Pensionsmyndigheten kommer ditt innehav inom kort att säljas och placeras i AP7 SÅFA. När och hur denna process kommer att ske vet vi ännu inte och vi gör vårt bästa för få fram mer information

	let me know if it gives you problems again	10:47
Axel Landberg	cool	10:55
p.suwala	How long does it take to switch funds? Is it always 3 days?	11:12
Axel Landberg	nah, some time one day	11:16
p.suwala	can it be more than 3 days?	11:16
Axel Landberg	i think maximum is 4 days	11:16
p.suwala	alright	11:16
	thanks	11:16
Axel Landberg	np	11:16

(x-1)²=y+1
x+1=y-1 13:01

p.suwala what? 13:03

Axel Landberg is it possible? 13:03

p.suwala no 13:04

unles these are two different equations. 13:05
If the second one is derived from the first one then it's wrong

Axel Landberg ah it's the same x and y 13:05

p.suwala alright 13:06

let me check 13:06

not sure if this is solvable 13:14

I'm a bit rusty on this, but it looks like you can't derive x and y from this 13:15

Axel Landberg i think so 13:17

p.suwala waaait... 13:19

13:28

2x-2 = y-1
x+1=y-1

2x-2 = y+1
x = y-2

2(y-2)-2 = y+1
x=y-2

2y-6 = y+1
x=y-2

y=7
x=7-2

y=7
x = 5

it's been a while since I worked on math like this 13:28

Axel Landberg me 2 13:28

Axel Landberg today i realized this company will go down whitout you 16:13

p.suwala why is that 16:14

Axel Landberg hehe agne will take 2 long to know what you have done 16:15

p.suwala give him a month or two 16:15

he will catch up 16:15

Axel Landberg yeah i know, but i think we can't wait that long 16:15

but maybe 16:16

p.suwala you will manage 16:17

at least he showed up today 16:17

that's a start 16:17

Axel Landberg yeah 16:17

Axel Landberg haha i will 16:18

Tuesday, 10. December 2013

p.suwala how did it go? 15:35

Axel Landberg with? 15:36

Whisky 15:36

p.suwala with the captcha punching 15:36

Axel Landberg ah slow 15:36

p.suwala slower than expected? 15:36

Axel Landberg we change to 3 founds so it take more time 15:44

but i think i can do like 50 in one houre 15:45

p.suwala by one person? 15:45

Axel Landberg yes 15:45

p.suwala so you moved all of them yesterday with 10 persons? 15:45

Axel Landberg noo we stoped doing it 15:46

will hire some cheap guis 2 do it 15:46

we dont have the time 15:46

we need like 7500 more signs 15:46

p.suwala and you have 2500? 15:47

Axel Landberg yes 15:49

so it's like mission impossible 15:50

p.suwala why? 15:50

Axel Landberg but we have like 4000 agreements sent out 15:50

well untill 20th february and about 2500 / month 15:50

maybe we get 10 000 15:50

but i think around 7000 15:50

p.suwala why do you need only 10k? 15:51

didn't we have something like 25k customers? 15:51

Axel Landberg yes 15:51

well 10 k is minimum 15:51

we want 25 k 15:52

p.suwala but you think 7 is more likely? 15:52

Axel Landberg yes 15:52

p.suwala why can't you make 25? 15:52

not enough salesmen? 15:52

Axel Landberg i dont think we have the time 15:52

one month 2500 15:52

and we have like 3 month left 15:53

p.suwala 3? 15:53

is it end of february? 15:53

or beginning? 15:53

Axel Landberg end 15:53

20th 15:53

p.suwala so more like 2,5 because december is a bit slow 15:53

Axel Landberg yeah 15:54

so like 7000 more 2 go 15:54

p.suwala cool 15:54

are you guys doing overtime? 15:54

Axel Landberg japp säljarna jobbar lördagar 15:57

p.suwala sweet 15:57

Axel Landberg haha well not me so im cool with that 15:57

p.suwala so salesforce is doing weekends and still making base-salary? 15:58

Axel Landberg i think they get some extra 4 it 16:00

but not mutch 16:00

Thursday, 12. December 2013

Axel Landberg Non right now will start learn soon 15:57

p.suwala why do you need SQL now? 15:57

Axel Landberg So i can do it insted of agne 15:58

He is slow compet to you

p.suwala is he? with SQL? 15:58

are you guys hiring more people now? 16:03

Axel Landberg Yes more salesmen 16:04

We are way behind 16:04

p.suwala for punching captchas? 16:04

Axel Landberg Nah agreements 16:05

Friday, 13. December 2013

Axel Landberg Hey man 10:45

if we are going 2 change in scrive, will i fuck up something if i just change the document?

p.suwala depends on what you are changing 10:46

Axel Landberg okey 10:47

p.suwala what are you changing? 10:48

Axel Landberg we want 2 change 10:48

Sent file [Information avseende Stelum \(PPM\).pdf](#). 10:48

p.suwala so you want to change the T&C 10:49

but no checkboxes? 10:49

Axel Landberg yes 10:49

p.suwala yeah, Upload new document to scrive (entire document) And create new checkboxes 10:49

Agne can mail me about it 10:50

Axel Landberg cool, its connected 2 backend? 10:50

so i can't do it 10:50

p.suwala Agne must do it 10:51

Axel Landberg okey then i will tell him 10:51

p.suwala hf & gl 10:52

Axel Landberg haha thx 10:59

do you have the new phone now? 10:59

I have Nexus 5 10:59

Axel Landberg well its going well 10:59

you like it? 11:00

p.suwala I like it so far 11:00

but I think it's a bit too big 11:00

I liked the size of my galaxy 2 11:00

Axel Landberg i know 11:02

the only top end prone in small size now is iphone 11:02

phone* 11:02

p.suwala yeah, seems so 11:02

Axel Landberg the biggest reson why i chose iphone 11:02

did you get the same computer jonas got? 11:03

p.suwala we have basically the same 11:04

Axel Landberg so you can use only the screen? 11:04

p.suwala same desktops 11:04

not the same laptops 11:04

Axel Landberg okey 11:04

p.suwala I took Lenovo X1 11:05

Axel Landberg the unsigned file 11:28

is it every one that has not signed 11:29

	we have moved totally 260 m from optimus	13:05
	from 7th november	13:05
p.suwala	and 1B is gone	13:05

<hr/>		
Axel Landberg	http://d24w6bsrhbeh9d.cloudfront.net/photo/aAYKYeE_700b.jpg	09:49
	i dont think he will give me robots	09:49
p.suwala	maybe he will, I would at least ask	09:54
Axel Landberg	i will try	09:55
	i yhink festival and keynes & partners is cooping	15:12
p.suwala	ok?	15:12
	how so?	15:12
	do you have any details?	15:13
Axel Landberg	same funds and fi shut down festival	15:14
p.suwala	I've heard that festival was shut down, but how do you know that they are cooperating now?	15:15
Axel Landberg	well. i dont think its a coincidence that they use the same funds	15:21
	and if they are, then have acces to a lot of the SP cus i guess	15:22
p.suwala	how do you know they do?	15:22
Axel Landberg	the salesmen here talked to an salesmen from keynes and partners, and asked about the founds	15:23
	and it was the same founds	15:23
p.suwala	ok? They know each other or they he just called?	15:24
Axel Landberg	no they called simona cus she is sp customer	15:24
p.suwala	ah	15:24

Axel Landberg	tryed to sell keynes and partners to her	15:24
p.suwala	mmm	15:24
	how did they have her number?	15:25
Axel Landberg	ask jonas, i think 3point have something to do with it	15:25
p.suwala	ok	15:25
Axel Landberg	cus they have a lot of the sp customers	15:26
	they say something like they call from pensionsmyndigheten in the beginning of the call	15:26
p.suwala	really?	15:27
	I guess she didn't record this call?	15:27

Axel Landberg yes 15:27

no 15:27

you know iphone 15:27

p.suwala right 15:27

Axel Landberg in swe 15:28

hej jag ringer pensionsmyndigheten eftersom du är kuynd hos strategi placering/stellum is the start line
not "från" 15:28

p.suwala heh, that sounds illegal 15:29

Axel Landberg so they newer say from pensionsmyndigheten byt then say hi i call pensionsmyndigheten cus you are
customer in strategi placering 15:29

p.suwala mhm 15:29

misleading 15:29

Axel Landberg and they are guilty to a lot of ordered ppm-koder 15:30

p.suwala how do you know? PPM-hunters tell you? 15:30

Axel Landberg okey is Jurek safe then? 10:38

/ me going for lunch 10:49

without the space 10:49

Axel Landberg going for lunch 10:49

ah 10:49

p.suwala old IRC trick, apparently works in skype 10:49

Axel Landberg haha 10:49

Tuesday, 11. February 2014

Axel Landberg So you know if optimus and aftam do buisnis? 16:19

p.suwala afram is breaking the deal 16:21

behind optimus' back 16:22

Axel Landberg Life High Yield Bonds 16:23

Carnegie Corporate Bond

Life Emerging Market Bond

p.suwala That's where they are? Or where they will be placed? 16:24

Axel Landberg Its where they are right now 16:25

But only checked one

p.suwala can you check couple of them? I would appreciate that 16:25

Axel Landberg Will look deaper soon 16:25

Have 2 make an sql question so i can filter them against our database

p.suwala great 16:25

Axel Landberg I am aloud 2 look at all we have signed agreements with 16:26

p.suwala didn't catch that 16:26

ah, you are allowed to login to those you have agreements with 16:27

Axel Landberg Not from my ip 16:31

But still can do a few

p.suwala 16:31

Axel Landberg Can test the signed more open @ office 16:34

p.suwala but the signed ones are not from the file you got from Afram, right? 16:35

Axel Landberg They are 16:35

p.suwala oh, ok 16:36

Axel Landberg I got a file 16:36

And some is our customers

But he told me to filter them

p.suwala They are signed by stellum? And going to be moved to somewhere else than stellum? 16:36

Axel Landberg If i dont filter them 16:37

But after filter them they will not be moved from stellum 16:37

p.suwala but those are already moved to stellum, so we (optimus) don't care about them too much. We just care about those that are still in Optimus 16:38

Axel Landberg Okay 16:39

I think almost none is optimus now

p.suwala ok? 16:39

that would be a good news 16:39

so these customers are all inactive in backend? 16:42

(inactive or signed by stellum) 16:43

Axel Landberg The most of them are not signed but still "active" 16:44

I heard some thing about it will be moved 2 optimus 16:44

p.suwala so, if they are not signed, and active then they are probably in Optimus funds, right? 16:44

Axel Landberg No they are prably in life founds 16:45

p.suwala moved to Life Funds without agreement? 16:45

Axel Landberg Yes i think so 16:46

Will soon have a list 2 check 16:47

p.suwala 16:47

> I heard some thing about it will be moved 2 optimus
To optimus? Whaat?

Axel Landberg Yupp 16:51

p.suwala who said so? 16:51

Axel Landberg Afram 16:51

p.suwala this makes no sense to me 16:52

Axel Landberg Okey 16:52

p.suwala 16:52

Axel Landberg I dont know but that was what he said 16:52

p.suwala 5k customers TO optimus? 16:52

without any deals 16:52

fishy 16:53

Axel Landberg Yupp 16:53

No one heard about it?

p.suwala we know nothing about it 16:53

p.suwala cool 12:13

Axel Landberg 2000 moved 13:56

p.suwala how long are you staying today 15:17

Axel Landberg dont know.. i want to move all today 15:18

p.suwala how about tomorrow? 15:18

Axel Landberg but that will take like 4,5 houers from now 15:18

i hope we can be off tomorrow 15:18

but then they have to step upp from 40 to 60 / houer 15:19

p.suwala it takes 1h to move 40? 15:19

Axel Landberg almost 15:19

p.suwala is agne working as well? 15:19

	3700*0.7*0.4 = 104M	
	3700*0.3*1 = 111M	
	215M moved out of optimus today	
Axel Landberg	About that yes	20:38
p.suwala	ok, cool	20:38
Axel Landberg	Maybe little less	20:38
	But it's hard to say	20:39

i want to ad "JOIN mike_reborn 14:51

ON `strategiplacering.se`._jonas_view.personal_number=mike_reborn.personal_number 14:55

p.suwala ok 14:56

let me see 14:56

something like this should work for you 14:57

```

SELECT cc.first_name, cc.last_name, cc.personal_number, cc.ppm_code, cc.order_date
FROM `strategiplacering.se`._jonas_view as jv
JOIN customer_customerquestionnaire as cc ON jv.customer_id=cc.customer_id
JOIN `mike_reborn`.mike_customerrow as mc ON cc.personal_number=mv.personal_number

WHERE
salesman_id IN (3621)
AND status IN ('signed', 'sigbed_by_post')
AND order_date BETWEEN '2014-03-01 00:00:00' AND '2014-05-15 23:59:59'
AND is_active = 1
AND ppm_status = 1

LIMIT 100

```

oops 15:03

Axel Landberg okey, i think i will need to change something.. it give me errorcode 1146 Tavle
'mike_reborn.customer_customerquestionnaire' disent exist 15:03

p.suwala sorry, I just tested it 15:03

```

SELECT jv.first_name, jv.last_name, jv.personal_number, jv.ppm_code, jv.order_date
FROM `strategiplacering.se`._jonas_view as jv
JOIN customer_customerquestionnaire as cc ON jv.customer_id=cc.customer_id

AND is_active = 1
AND ppm_status = 1

LIMIT 100

```

Axel Landberg cool np 15:03

mySQL dont like us 15:05

p.suwala no? Worked for me 15:06

what info would you like to get? 15:06

Axel Landberg not an error.. i think it is this workbench 15:06

i want to ad and (error = 'OK') i realised 15:07

but have not typed that line 15:07

p.suwala oh, right, but that's in another table 15:07

let me fix that for you 15:07

```

SELECT jv.first_name, jv.last_name, jv.personal_number, jv.ppm_code, jv.order_date
FROM `strategiplacering.se`._jonas_view as jv
JOIN `strategiplacering.se`.customer_customerquestionnaire as cc ON jv.customer_id=cc.customer_id

AND is_active = 1
AND ppm_status = 1

```

AND ws.week_number = 19
AND ws.errors = "OK"

LIMIT 100

Axel Landberg YAY 15:11

p.suwala funny query 15:11

Axel Landberg i know.. it give me the amount of customers therese have in right founds 15:12

funds 15:12

you know how to solve my 600 extra customers? 15:17

p.suwala you want to delete the inactive ones, right? 15:20

Axel Landberg yes 15:31

p.suwala so this query gives you customers that are in mike_reborn that are inactive in nwo: 15:40

```
SELECT *
FROM `mike_reborn`.mike_customerrow as cr
JOIN `strategiplacering.se`.customer_customer as cc ON cc.personal_number=cr.personal_number
JOIN `strategiplacering.se`.customer_spcustomer as sp ON cc.id=sp.customer_ptr_id
WHERE sp.is_active = 0
LIMIT 1000
```

when you have verified that this is in fact stuff you want to delete then you need to replace "SELECT *" with DELETE 15:41

Axel Landberg aah, mySQL workbench sucks 16:14

SELECT is working but not delete 16:15

```
SELECT *
FROM `mike_reborn`.mike_customerrow as cr
JOIN `strategiplacering.se`.customer_customer as cc ON cc.personal_number=cr.personal_number
JOIN `strategiplacering.se`.customer_spcustomer as sp ON cc.id=sp.customer_ptr_id
WHERE sp.is_active = 0
LIMIT 1000
```

work but not

```
DELETE
FROM `mike_reborn`.mike_customerrow as cr
JOIN `strategiplacering.se`.customer_customer as cc ON cc.personal_number=cr.personal_number
JOIN `strategiplacering.se`.customer_spcustomer as sp ON cc.id=sp.customer_ptr_id
WHERE sp.is_active = 0
LIMIT 1000
```

can you do the sql? 16:42

```
DELETE
FROM `mike_reborn`.mike_customerrow as cr
JOIN `strategiplacering.se`.customer_customer as cc ON cc.personal_number=cr.personal_number
JOIN `strategiplacering.se`.customer_spcustomer as sp ON cc.id=sp.customer_ptr_id
WHERE sp.is_active = 0
LIMIT 572
```

is it 16:42

```
DROP
FROM `mike_reborn`.mike_customerrow as cr
JOIN `strategiplacering.se`.customer_customer as cc ON cc.personal_number=cr.personal_number
JOIN `strategiplacering.se`.customer_spcustomer as sp ON cc.id=sp.customer_ptr_id
WHERE sp.is_active = 0
LIMIT 572
```

p.suwala what error do you get 16:59

Axel Landberg 1064 17:03

You hacve an error in your SQL syntac; check the manual... 17:04

	is it maybe the "as cc"	17:06
p.suwala	that's helpful	17:06
Axel Landberg	Error Code: 1064. You have an error in your SQL syntax; check the manual that corresponds to your MySQL server version for the right syntax to use near 'as cr JOIN `strategiplacering.se`.customer_customer as cc ON cc.personal_number' at line 2	17:07

Axel Landberg	God morning pawel	08:59
	sorry bother you with an stupid sql	
	SELECT first_name, last_name, cc.personal_number, phone_cell, email, address_1, zipcode, city, errors, error_log FROM `mike_reborn`.mike_customerrow AS cw LEFT JOIN `mike_reborn`.mike_weekscrape AS ws ON cw.personal_number=ws.customer_id JOIN `strategiplacering.se`.customer_customer as cc ON cc.personal_number=cw.personal_number JOIN `strategiplacering.se`.customer_spcustomer as sp ON cc.id=sp.customer_ptr_id JOIN `strategiplacering.se`.customer_customerquestionnaire as cq ON cq.customer_id=cc.id WHERE is_active=1 AND status IN ('signed', 'signed_by_post') ***** AND errors !='OK' ***** GROUP BY cc.personal_number	
	i want do skip all the "ok" errors	
p.suwala	AND errors != 'OK'	09:03
	!= in programming ! means "not" so != would mean "not equal"	09:04

p.suwala	hey axel	11:11
	do you know the IP of the other vps server?	11:12
	the new one	11:12
	is it 83.168.242.205?	11:13
Axel Landberg	oh, i dont know.. maybe i have somr notes on agnes computer	11:15
p.suwala	I'm having problems connecting to it over ssh (putty)	11:15
	can you check the IP and the port for it?	11:16
	That's where the old spider is working from I think	11:16
	Jimi wants me to disable it but I can't get there	11:16

Axel Landberg okey 11:19

well agne have shit bad nots, 11:19

p.suwala I'm off to lunch, but I will be back in 30 min 11:19

Axel Landberg any idea how i get the info 11:19

cool 11:19

p.suwala try to start putty and check what servers he has there 11:19

be back soon 11:19

Axel Landberg cool 11:19

p.suwala hey 12:16

Axel Landberg hey 12:17

p.suwala get back to me when you are done with lunch 12:17

Axel Landberg okey 12:17

p.suwala did you delete the rows you needed gone? 12:39

Axel Landberg nope 12:50

i didn't get it to work 12:50

p.suwala ok, we will fix that later 12:51

Axel Landberg okey 12:51

p.suwala we need to get into that other vps now 12:51

Axel Landberg cool 12:51

give me a sec and i change computer to agnes 12:51

p.suwala k 12:51

Axel Landberg so now i am on agnes 12:53

p.suwala try putty 12:53

Axel Landberg yeah 12:53

some exiting comands 12:54

i find vsp2 12:54

vps2 12:54

p.suwala ok, great 12:54

now, the IP and port 12:54

Axel Landberg how do i do 12:55

like log on 12:55

p.suwala /sbin/ifconfig 12:58

Axel Landberg 83.168.239.223 12:59

0709378520 13:14

p.suwala I will call him soon 13:14

I need ro recheck both vpses first 13:14

thx 13:14

Axel Landberg cool 13:15

p.suwala found it 13:29

he wrote it in shell 13:29

everything else was in python 13:29

Axel Landberg ah 13:31

p.suwala 14:08

```
INSERT INTO mike_reborn.mike_customerrow(personal_number, `label`, code)
SELECT
c.personal_number,
REPLACE(REPLACE(REPLACE(q.g6, '18', "LOW"), '19', "MEDIUM"), '20', "HIGH") AS label,
```

```
sc.ppm_code as ppm
FROM customer_customer AS c
INNER JOIN customer_spcustomer AS sc ON c.id = sc.customer_ptr_id
INNER JOIN customer_customerquestionnaire AS q ON c.id = q.customer_id
WHERE status IN ('signed', 'signed_by_post')
AND is_active = 1
on duplicate key update label=values(label), code=values(code)
```

ping 15:17

do you still have this FTP server? 212.112.173.226 15:18

Axel Landberg hey 15:18

i dont know :/ 15:18

p.suwala no, it's fucked up. 15:19

Axel Landberg okey 15:19

p.suwala that was the backup server 15:19

do you have any other FTP? 15:20

Axel Landberg ah, then agne killed it' 15:20

no.. 15:20

p.suwala god dammit 15:20

Axel Landberg i know 15:20

p.suwala this guy irritates me 15:20

do you have any space anywhere to put backups? 15:21

Axel Landberg i can look 15:21

if you think like local server space? 15:22

otherwise i can ask gustaf if stellem alreddu has an backupserver ready 15:22

p.suwala tell gustav to fix new FTP server that we can use for backups. 15:22

Axel Landberg cool 15:22

p.suwala agne fucked up so much. every time I work on anything I get so irritated.. 15:23

either you or gustav need to fix a new FTP server 15:24

I will be back in 20 15:25

Axel Landberg You will get a ftp soon 15:28

host: 195.74.38.22 15:35

user: 166002_pawel

pass: margincall

p.suwala that's your backup server from now on 16:06

Axel Landberg cool 16:07

p.suwala I will make a db and code dump now 16:08

just so you have some safety 16:08

Axel Landberg thx 16:13

p.suwala db and code is backed up every day now 16:31

I hope there is sufficient amount of space on this server to have couple of backups 16:31

Axel Landberg 100 gb? 16:32

Well 99,5 16:32

p.suwala that's good enough for long time 16:32

Axel Landberg Gr8 16:32

It's a binero ftp 16:32

p.suwala ok, so about that deleting of customers 16:32

Axel Landberg Yes 16:33

p.suwala there is a column in customer_customer named "deleted" 16:33

if it's set to 1, the customer will not show up in the nwo 16:33
 will look as if he was deleted 16:33

Axel Landberg okey 16:34
 but in an data export i will get him? 16:35

p.suwala you shouldn't - at least not in the exports I made 16:35

Axel Landberg okey 16:35

p.suwala so you need to create a SELECT SQL query that finds the customers that should be deleted, then we will remake it together to have UPDATE query for the deleted column 16:36
 sounds good? 16:36

Axel Landberg yes : 16:38

Thursday, 22. May 2014

p.suwala so Axel 09:41
 I have a mission for you 09:41

Axel Landberg okey 09:41

p.suwala you have a VPS1 and VPS2, right? 09:41

Axel Landberg yes 09:41

p.suwala VPS1 is running everything 09:42
 VPS2 is running nothing 09:42
 why? 09:42

Axel Landberg VPS2 running stelum webpage? 09:42
 and was planed to run NWO bug agne then never moved it 09:42
 but* 09:42

p.suwala that's what I thought as well. But actually it's still vps1 running it 09:43
 on different IP 09:43

Axel Landberg ah 09:43

p.suwala these are the IPs of VPS1: 09:44

```
inet addr:83.168.255.199 P-t-P:83.168.255.199 Bcast:0.0.0.0 Mask:255.255.255.255

```

it's running everything 09:44
 no matter 09:46
 will you work today on the SELECT query for the customers to "delete" ? 09:47

Axel Landberg i can do that 09:47

p.suwala great 09:47
 I will be mostly busy today, but I think we can fix at least deleting 09:48

Axel Landberg okey 09:48
 i'm stuck on the query 10:01

i want to get everything except 2 status

so in my mind i think i can say

```
WHERE
cc.status IS null
OR cc.status <> 'signed'
OR cc.status <> 'signed_by_post'
```

i want to get all without any 'status' and all not having 'signed' or 'signed_by_post' 10:03

p.suwala your approach is good, but there is easier way to do this: 10:03
AND cc.status not in ('signed', 'signed_by_post')

Axel Landberg okey 10:05

p.suwala you could do your way as well: 10:06

```
WHERE cc.status is not NULL
AND cc.status != 'signed'
AND cc.status != 'signed_by_post'
```

Axel Landberg ah, but we want, all null 10:06

p.suwala only null? 10:06

```
WHERE cc.status is NULL
```

Axel Landberg no, null and all status except signed and signed_by_post 10:07

p.suwala 10:07
AND cc.status not in ('signed', 'signed_by_post')

this should include null 10:07

I'm waiting for London to wake up, I can help you for some time 10:08

show me your full query 10:09

Axel Landberg 10:09
SELECT cc.status
FROM `strategiplacering.se`.`_jonas_view` as jv
JOIN `strategiplacering.se`.`customer_customerquestionnaire` as cc ON jv.customer_id=cc.customer_id

```
WHERE
cc.status NOT in ('signed', 'signed_by_post')
```

just for testing 10:09

p.suwala looks good to me, does it return what you want? 10:09

Axel Landberg nope, not any null 10:10

maybe this stupid workbench? 10:10

p.suwala NULL is a bit special value. Try this: 10:11

```
SELECT cc.status
FROM `strategiplacering.se`.`_jonas_view` as jv
JOIN `strategiplacering.se`.`customer_customerquestionnaire` as cc ON jv.customer_id=cc.customer_id

WHERE (cc.status is NULL or cc.status NOT in ('signed', 'signed_by_post'))
```

Axel Landberg nope, no null 10:11

p.suwala let me try to run this 10:11

Axel Landberg can the problem be that the customers dont have any "status" at all 10:12

or maybe jonas_view is the problem 10:13

p.suwala I see the problem 10:13
when you are making JOIN, you are joining only customers that have filled in the questionnaire 10:13

Axel Landberg ah 10:14

p.suwala so they will never have NULL status 10:14

Axel Landberg so i need to do a left join? 10:14

p.suwala http://dsin.files.wordpress.com/2013/03/sqljoins_cheatsheet.png 10:14

Axel Landberg jupp a left join solved it 10:15

p.suwala this image is very helpful when you are making joins 10:15

Axel Landberg null 10:16
cancelled
delivered
post_prepared_for_sending
rejected
sent
timeouted
website_form
was the result on 10:16

```
SELECT cc.status
FROM `strategiplacering.se`._jonas_view as jv
LEFT JOIN `strategiplacering.se`.customer_customerquestionnaire as cc ON
jv.customer_id=cc.customer_id

WHERE (cc.status is NULL or cc.status NOT in ('signed', 'signed_by_post'))
GROUP BY cc.status
```

and all of them is the "deleat" customers 10:17

p.suwala try this: 10:17

```
SELECT cc.status, count      as how_many
FROM `strategiplacering.se`._jonas_view as jv
LEFT JOIN `strategiplacering.se`.customer_customerquestionnaire as cc ON
jv.customer_id=cc.customer_id

WHERE (cc.status is NULL or cc.status NOT in ('signed', 'signed_by_post'))
GROUP BY cc.status
```

you will get some numbers of the customers we will "delete" 10:18

Axel Landberg nice 10:18

p.suwala check if they are about what you expected 10:18

Axel Landberg i think so 10:18
funny 10:18
only one customer have cancelled 10:18

p.suwala that's interesting 10:19

Axel Landberg yes 10:20
but when i did the 10:20

```
SELECT cc.status
FROM `strategiplacering.se`._jonas_view as jv
LEFT JOIN `strategiplacering.se`.customer_customerquestionnaire as cc ON
jv.customer_id=cc.customer_id
```

i got back 20272 rows
and about 9k is Stellum 10:21
but that wont do the math 10:21
9k stellum customers 10:21

p.suwala but your query has returned ALL customers 10:21

Axel Landberg and 10:22

```
SELECT cc.status
FROM `strategiplacering.se`._jonas_view as jv
LEFT JOIN `strategiplacering.se`.customer_customerquestionnaire as cc ON
jv.customer_id=cc.customer_id
```

turn back 14361

p.suwala mmm. That adds up to about 6k 10:22

Axel Landberg so 9k+14k = 23K 10:22

so its like 3k "missing" 10:22

p.suwala jonas_view is a very special piece of view... 10:23

try to do that left join on the customer_customer and see if the numbers are different 10:23

Axel Landberg will do 10:24

yup i think so 10:27

SELECT * 10:28

FROM `strategiplacering.se`.customer_customer cc

LEFT JOIN `strategiplacering.se`.customer_customerquestionnaire AS cq ON cc.id=cq.id

turned back 42820 10:28

p.suwala minor fuckup on the join. Try this: 10:28

LEFT JOIN `strategiplacering.se`.customer_customerquestionnaire AS cq ON cc.id=cq.customer_id

Axel Landberg same number of rows? 10:29

and 10:30

SELECT cq.status#, count as how_many

FROM `strategiplacering.se`.customer_customer cc

LEFT JOIN `strategiplacering.se`.customer_customerquestionnaire AS cq ON cc.id=cq.customer_id

WHERE (cq.status is NULL or cq.status NOT in ('signed', 'signed_by_post'))

gave back 33163

42820 10:31

p.suwala it seems that you have 42820 rows in customer_customer table 10:31

interesting... 10:31

let's check customer_spcustomer 10:31

Axel Landberg 42820 - 33 163 = 10:31

stellum customers 10:32

p.suwala ah 10:32

so this actually adds up ? 10:32

Axel Landberg i think so 10:32

p.suwala sweet 10:32

now that we have the query, check some of the customers by hand to verify that they should be deleted 10:33

Axel Landberg SELECT cq.status 10:33

FROM `strategiplacering.se`.customer_customer cc

LEFT JOIN `strategiplacering.se`.customer_customerquestionnaire AS cq ON cc.id=cq.customer_id

give us all in the DB

and adding

WHERE (cq.status is NULL or cq.status NOT in ('signed', 'signed_by_post'))

we get every one not stellu,

p.suwala and we will run UPDATE 10:33

that's correct 10:33

Axel Landberg cool i do that 10:33

london awake? 10:52

you know the never ending list you emailed jimi about 10:52

p.suwala yes 10:52

Axel Landberg our query is correct as "delete" 10:53

p.suwala yes, I know the list. London still asleep. I had them working till midnight yesterday 10:53

Axel Landberg oh 10:53

p.suwala ok. Paste me the query and I will change it to update 10:53

Axel Landberg cool 10:54

you need just 10:55

```
SELECT cq.status, count    as how_many
FROM `strategiplacering.se`.customer_customer cc
LEFT JOIN `strategiplacering.se`.customer_customerquestionnaire AS cq ON cc.id=cq.customer_id

WHERE (cq.status is NULL or cq.status NOT in ('signed', 'signed_by_post'))
```

jimi had a question about this customers 10:56

would it be possible to give like superuser acces to se this customers

p.suwala yes, if someone wrote code for it... 10:56

Axel Landberg i think you understand what he thinks next 10:57

p.suwala I do. He wants to run IT using favors 10:57

Axel Landberg i know.. i dont like it 10:57

p.suwala I won't do two jobs an get paid by one I told him to find an IT guy in the previous email 10:58

Axel Landberg i'd love to have you on it but i know i dont.. so I need a new guy 10:58

right! 10:58

p.suwala I can help while I'm waiting for London or NY 11:00

it's no problem 11:00

so. Here is the same query but with one exttra join: 11:01

```
SELECT * -- , count    as how_many
FROM `strategiplacering.se`.customer_spcustomer sp
LEFT JOIN `strategiplacering.se`.customer_customer cc ON cc.id = sp.customer_ptr_id
LEFT JOIN `strategiplacering.se`.customer_customerquestionnaire AS cq ON cc.id=cq.customer_id
WHERE (cq.status is NULL or cq.status NOT in ('signed', 'signed_by_post'))
```

I joined customer_spcustomer table becaus his one has the "is_deleted" column 11:01

now I will redo it to do UPDATE 11:01

Axel Landberg okey 11:02

p.suwala take a look at this query and tell me if it makes sense to you 11:03

```
UPDATE `strategiplacering.se`.customer_spcustomer sp
LEFT JOIN `strategiplacering.se`.customer_customer cc ON cc.id = sp.customer_ptr_id
LEFT JOIN `strategiplacering.se`.customer_customerquestionnaire AS cq ON cc.id=cq.customer_id

SET is_deleted = 1

WHERE (cq.status is NULL or cq.status NOT in ('signed', 'signed_by_post'))
```

Axel Landberg it looks right to me 11:03

p.suwala run it then 11:03

we have backups now, so it's no big deal if we fuck it up, right? 11:04

Axel Landberg haha yes 11:04

but "UPDATE `strategiplacering.se`.customer_spcustomer sp" 11:05

why "space sp" in the end?

p.suwala IT's the same as 11:05

```
UPDATE `strategiplacering.se`.customer_spcustomer AS sp"
```

AS sp makes it easier for the join 11:05

sp is shortcut for the entire `strategiplacering.se`.customer_spcustomer 11:05

Axel Landberg okey so you dont really need to say "AS" 11:07

p.suwala no 11:07

Axel Landberg cool 11:07

but it makes it easier to see 11:07

p.suwala yes 11:07

Axel Landberg like nice ore shitty code 11:08

p.suwala AS is more verbose. MySQL in itself is shitty because it doesn't enforce one way. It accepts several different ways 11:09

Axel Landberg yea 11:09

well 11:09

Action 11:09

```
UPDATE `strategiplacering.se`.customer_spcustomer sp LEFT JOIN
`strategiplacering.se`.customer_customer cc ON cc.id = sp.customer_ptr_id LEFT JOIN
`strategiplacering.se`.customer_customerquestionnaire AS cq ON cc.id=cq.customer_id SET is_deleted =
1 WHERE (cq.status is NULL or cq.status NOT in ('signed', 'signed_by_post'))
```

Message
33126 row(s) affected Rows matched: 33163 Changed: 33126 Warnings: 0

p.suwala this looks perfect 11:10

does NWO backend looks as you would have expected now? 11:10

Axel Landberg yes 11:17

p.suwala matched: 33163 Changed: 33126
these numbers are slightly different because some customers (38) were already deleted 11:17

Axel Landberg yup 11:17

p.suwala sweet. If you need to undelete someone in the future then you know how 11:18

Axel Landberg yeah 11:18

p.suwala so it seems thay we made everything on the last list except for the mike->nwo syncing of the pincode status 11:21

Axel Landberg yes it looks so 11:23

p.suwala do you think you could figure out how to do that by SQL query? 11:24

it's not the best way 11:25

but it's possible 11:25

Axel Landberg maybe yes, its most the join part i'm not so safe on, dont know what id connects everything and so on 11:28

but i can spend time on it today i hope 11:28

p.suwala no worries, I will help 11:28

Axel Landberg cool 11:29

p.suwala I'm telling Jimi that you are doing most of the work, maybe can fix a raise for you 11:32

Axel Landberg would be nice 11:33

p.suwala I will send you a BCC of the email I send to him 11:38

Axel Landberg i think i know why agnes "listform" did not update some data in the nwo, it updated in stratefiplacering_dott_se and then it updated strategiplacering.se 11:40

p.suwala why? 11:40

Axel Landberg i dont know.. but i think agne would do something liek that 11:41

like 11:41

p.suwala yeah 11:42

overcomplicate shit 11:42

soounds like agne 11:42

Axel Landberg ilke "safe" 11:43

like 11:43

dam what i misspell stuff today 11:43

p.suwala it's not safe if it updates both of these databases 11:43

Axel Landberg yeah i know 11:43

p.suwala it's just more complicated 11:43

anyhow. I'm off to lunch 11:43

I will help you with SQL for this syncing 11:44

Axel Landberg enjoy 11:44

thx 11:44

i'm started to work on it now

p.suwala If no one is getting paid for my work then maybe we can at least fix a raise for you 11:44

Axel Landberg yeah 11:44

hm, i wonder from where in mike i should gather data if code is ok or not 13:56

i kind od know that all customers in weeksrape is ok ppm_code 13:56

p.suwala I guess you could take all the customers from weekly scrape for week 20 and set them as OK 13:58

the rest would be not-ok 13:58

sadly mike doesn't have a "status" column for the pincode 13:59

I didn't think I would need it... 13:59

Axel Landberg nah i know 14:04

INSERT INTO `strategiplacering.se`.customer_spcustomer(ppm_status, ppm_updated, capital, capital_uppdaetd, (fund))
SELECT

FROM `mike_reborn`.mike_weeksrape AS we

INNER JOIN `mike_reborn`.mike_customerrow AS cw ON cw.personal_number=we.customer_id

slow progress 14:40

I want all customers on latest week in mike_weeksrape to put ppm_status to 1 15:00

and I like to add the mike_weeksrape.scrape_date in to customer_spcustomer.capital_updated
and mike_weeksrape.total_amount in to customer_spcustomer.capital

p.suwala sorry - I'm on the phone 15:52

it's a long conversation 15:53

Axel Landberg no problem 15:53

i can wait 15:53

p.suwala First make a query that fetches all the week_scrape customers in mike (Select) 15:54

Axel Landberg SELECT * 15:55

FROM `mike_reborn`.mike_weeksrape AS we
INNER JOIN `mike_reborn`.mike_customerrow AS cw ON cw.personal_number=we.customer_id

p.suwala ok. That got you a list of all the ones that didn't fail, right? 15:56

Axel Landberg yup 15:56

p.suwala you should probably also add week_number=20 because you will have duplicates 15:56

Axel Landberg yes, its 15:57

SELECT *

FROM `mike_reborn`.mike_weekscrape AS we
INNER JOIN `mike_reborn`.mike_customerrow AS cw ON cw.personal_number=we.customer_id
WHERE we.week_number=20

turn back ca 6K

p.suwala great 15:58

so now insetad of select * 15:58
you do
select personal_number
and you will have a list of personal_numberst that you want to update the status on 15:58
15:58

SELECT personal_number
FROM `mike_reborn`.mike_weekscrape AS we
INNER JOIN `mike_reborn`.mike_customerrow AS cw ON cw.personal_number=we.customer_id
WHERE we.week_number=20

so now we can create a query to update these people 15:59

UPDATE customer_spcustomer sp 15:59
LEFT JOINcustomer_customer AS cc ON cc.id = sc.customer_ptr_id

SET ppm_status = 1
WHERE personal_number IN (paste here the query that returns the personal_numbers)

you probably want to update more than just ppm_status 16:01

Axel Landberg UPDATE customer_spcustomer sp 16:01
LEFT JOINcustomer_customer AS cc ON cc.id = sc.customer_ptr_id

SET ppm_status = 1
WHERE personal_number IN (SELECT personal_number
FROM `mike_reborn`.mike_weekscrape AS we
INNER JOIN `mike_reborn`.mike_customerrow AS cw ON cw.personal_number=we.customer_id
WHERE we.week_number=20)

p.suwala so you this: 16:02

UPDATE customer_spcustomer sp
LEFT JOINcustomer_customer AS cc ON cc.id = sc.customer_ptr_id

SET ppm_status = 1, ppm_updated="some date"
WHERE personal_number IN (paste here the query that returns the personal_numbers)

yeah, you are on a right track 16:02

Axel Landberg damn i should have done this when you worked here 16:04

UPDATE customer_spcustomer sp 16:09
LEFT JOINcustomer_customer AS cc ON cc.id = sc.customer_ptr_id

SET ppm_status = 1, capital_uppdated = scrape_date, capital = total_amount
WHERE personal_number IN (SELECT personal_number
FROM `mike_reborn`.mike_weekscrape AS we
INNER JOIN `mike_reborn`.mike_customerrow AS cw ON cw.personal_number=we.customer_id
WHERE we.week_number=20)

p.suwala ah, no, that won't work... my fount 16:10

Axel Landberg haha np 16:10

p.suwala we can't do subqueries if we want to update more than one column 16:10
mysql is a bit limited in this respect 16:10

We need to join two databases instead of making subqueries 16:11

can you make a select query that joins mike and strategiplacering.se only on the rows we want to update? 16:11

Axel Landberg i think so 16:11

p.suwala what would be half of the success 16:12

Axel Landberg but start from 16:12

UPDATE customer_spcustomer sp
LEFT JOIN customer_customer AS cc ON cc.id = sc.customer_ptr_id ?

or from the mike DB? 16:12

p.suwala start with SELECT 16:13

but yes, those two tables with select 16:13

and then join mike 16:13

Axel Landberg SELECT cc.personal_number, we.week_number 16:23
FROM `strategiplacering.se`.customer_spcustomer AS sp
LEFT JOIN `strategiplacering.se`.customer_customer AS cc ON cc.id = sp.customer_ptr_id
INNER JOIN `mike_reborn`.mike_customerrow AS cw ON cw.personal_number=cc.personal_number
INNER JOIN `mike_reborn`.mike_weekscrape AS we ON we.customer_id=cw.personal_number
WHERE we.week_number=20

will do 16:23

p.suwala returns ~ correct number of rows? 16:23

Axel Landberg 6377 16:23

p.suwala is that about right? 16:23

Axel Landberg like this one 16:24

SELECT personal_number FROM `mike_reborn`.mike_weekscrape AS we INNER JOIN
`mike_reborn`.mike_customerrow AS cw ON cw.personal_number=we.customer_id WHERE
we.week_number=20

its the same number 16:24

p.suwala that's perfect 16:24

then we have 80% ready 16:24

here you have a template for that query: 16:25

UPDATE `strategiplacering.se`.customer_spcustomer AS sp
LEFT JOIN `strategiplacering.se`.customer_customer AS cc ON cc.id = sp.customer_ptr_id
INNER JOIN `mike_reborn`.mike_customerrow AS cw ON cw.personal_number=cc.personal_number
INNER JOIN `mike_reborn`.mike_weekscrape AS we ON we.customer_id=cw.personal_number

SET sp.column1 = we.column1, sp.column2=we.column2

WHERE we.week_number=20

Axel Landberg ah, so what i do is change the "select 16:26

and add the row set

p.suwala yup 16:27

Axel Landberg 194911080036 16:36

LOW

2014-05-09T12:36: Incorrect pin

2014-05-09T16:16: Incorrect pin

2014-05-16T11:28: Incorrect pin

2014-05-16T13:34: Incorrect pin

a question about mike, it only do one attempt to logg in each friday?

caus this customer looks like we tested 2 times both fridays

p.suwala I may have done some testing on several customers couple of times 16:37
 for testing... 16:37
 but from now on mike will try only once 16:37

Axel Landberg okey great 16:39

jimi was worried that it tested them more then once cins he found this example

i will explain

Friday, 23. May 2014

p.suwala Hey 13:34

what's our status on this mike->nwo syncing? 13:34

Axel Landberg I have this 13:47
 #WORK IN PROGRESS
 SELECT cc.personal_number, we.week_number, we.total_amount
 FROM `strategiplacering.se`.customer_spcustomer AS sp
 LEFT JOIN `strategiplacering.se`.customer_customer AS cc ON cc.id = sp.customer_ptr_id
 INNER JOIN `mike_reborn`.mike_customerrow AS cw ON cw.personal_number=cc.personal_number
 INNER JOIN `mike_reborn`.mike_weekscrape AS we ON we.customer_id=cw.personal_number

#SET sp.ppm_status = 1, sp.column2=we.column2

WHERE we.week_number=20

but i would need to make another one for all not ok

p.suwala yes. That's going to be new query 13:47

you have to do it in 2 steps 13:47

you will make a join that returns rows that don't exist in mike and then set them to different status 13:48

Axel Landberg can the other one be like 13:48

step 1 join cc and sp, then if not in mike

p.suwala yes 13:48

refer to the join image I sent you 13:48

Axel Landberg http://dsin.files.wordpress.com/2013/03/sqljoins_cheatsheet.png 13:49

the one to the left 13:49

Where B.key is null

p.suwala looks right to me 13:50

but first make a select, and then when select returns what you want, change it to UPDATE 13:50

Axel Landberg cool, in the first one i just have to choos what i want to uppdate 13:50

p.suwala yes 13:51

Axel Landberg and i will run it on monday for first time i was planning 13:51

p.suwala cool 13:51

Axel Landberg what should be the NULL value in mike 14:04

an ID?

p.suwala personal_number I would say, but ID would work just as well 14:05

you can do SQL in many ways 14:05

Axel Landberg SELECT we.customer_id, cc.personal_number 14:11
 FROM `strategiplacering.se`.customer_spcustomer AS sp
 LEFT JOIN `strategiplacering.se`.customer_customer AS cc ON cc.id=sp.customer_ptr_id
 INNER JOIN customer_customerquestionnaire AS cq ON cc.id = cq.customer_id
 LEFT JOIN `mike_reborn`.mike_customerrow AS cw ON cw.personal_number=cc.personal_number
 LEFT JOIN `mike_reborn`.mike_weekscrape AS we ON we.customer_id=cw.personal_number
 WHERE cq.status IN ('signed', 'signed_by_post')
 AND is_active = 1

AND we.customer_id IS null

It is a heavy one

but i think something is wrong

14:12

need to think now

14:12

6377 + 1708 = 8015

14:13

i want to find another 1053

p.suwala

I think you can simplify this one a bit

14:14

for example you don't need to join the `mike_reborn`.mike_customerrow table

14:14

Axel Landberg

thru

14:14

p.suwala

it's not used anywhere, and there is personal number in mike_weekscrape, so you can join directly to that one

14:15

try that first

14:15

Axel Landberg

well 5 s faster but same amount 1708

14:15

p.suwala

ok, cool

14:16

now we can try figuring out what was joined

14:16

do select * and take a look at the data

14:16

or to make it clearer:

14:17

```
select sp.*, we.*
```

Axel Landberg

only them, not just select *

14:17

```
will #stuff
```

14:18

slow it down?

p.suwala

it's a good idea to do

14:19

```
LIMIT 100
```

at the end of the query

so it doesn't return one gazilion rows and hang

14:19

Axel Landberg

well i get a lot of data

14:21

p.suwala

do you get any rows that you shouldn't ?

14:23

Axel Landberg

no, all the mike rows is null

14:23

but aah

14:24

i know

14:24

i think

14:24

p.suwala

so that's correct. Do you miss any rows that should be there?

14:24

maybe you should also include

14:24

```
AND is_deleted = 0
```

Axel Landberg

i know whats wrong in this one

14:24

the missing thousand have an we.customer_id but is not

14:25

```
WHERE we.week_number=20
```

so they is not null. but still not week_number 20

14:25

p.suwala

14:26

Axel Landberg

so, then i have to base it on week_number

14:27

p.suwala

I guess you should take the last week only, right?

14:28

Axel Landberg

yes

14:28

```
SELECT sp.*, we.* #cc.personal_number
```

14:29

```
FROM `strategiplacering.se`.customer_spcustomer AS sp
```

```
LEFT JOIN `strategiplacering.se`.customer_customer AS cc ON cc.id=sp.customer_ptr_id
```

```
INNER JOIN customer_customerquestionnaire AS cq ON cc.id = cq.customer_id
LEFT JOIN `mike_reborn`.mike_weekscrape AS we ON we.customer_id=cc.personal_number
WHERE cq.status IN ('signed', 'signed_by_post')
AND is_active = 1
AND we.customer_id IS null
OR we.week_number != 20
```

p.suwala when you do OR, you must enclose it with paranthesis. otherwise Mysql get's confused and you will get some shit results 14:29

so you want probably to do something similar to this: 14:31

```
WHERE cq.status IN ('signed', 'signed_by_post')
AND is_active = 1
AND (we.customer_id IS null OR we.week_number != 20)
```

Axel Landberg the fetching is the slow shit 14:32

p.suwala Mysql is a slow db 14:32

and it's a cross-db query 14:32

Axel Landberg the les join the faster 14:33

it gave me to much 14:43

like 6k more 14:44

p.suwala I think you don't need OR here at all (I might be wrong because I don't pay too muc hattention now) 14:45

```
WHERE cq.status IN ('signed', 'signed_by_post')
AND is_active = 1
AND we.week_number != 20
AND we.customer_id IS null
```

Axel Landberg i give up for today i think 14:50

p.suwala cool 14:50

I think you are doing very well 14:51

Axel Landberg thx 14:53

soon a haircut and then a beer in the sun

p.suwala 14:53

I'm waiting again for Danish bastards 14:53

who are fixing something for me 14:53

Axel Landberg okey 14:55

well i have to stay here untill 16:00 14:55

p.suwala Theo is still there? 14:55

Axel Landberg but i need to fix other stuff for alexander 14:55

nope 14:55

but phone is on 14:55

or open 14:55

it's me nina therese anton björn anton ö tyra and natalie (stellum salary girl) 14:56

p.suwala cool 14:57

Axel Landberg just you at office? 14:57

p.suwala yup 14:58

Axel Landberg not jonas 14:58

slacker 14:58

p.suwala he threw the towel an hour ago 14:58

Axel Landberg you should prank him 14:59

	put up a blocket ad selling something sheep lite an ipgone 5s or something, with his number	15:00
p.suwala	you can do that. I will take the blame	15:00
Axel Landberg	haha i will look on it	15:00
Tuesday, 27. May 2014		
Axel Landberg	hello pawel	10:58
p.suwala	Hi Axel	10:58
Axel Landberg	i plan to update NWO db from mike	10:59
p.suwala	do it	10:59
Axel Landberg	UPDATE `strategiplacering.se`.customer_spcustomer AS sp LEFT JOIN `strategiplacering.se`.customer_customer AS cc ON cc.id = sp.customer_ptr_id INNER JOIN `mike_reborn`.mike_customerrow AS cw ON cw.personal_number=cc.personal_number INNER JOIN `mike_reborn`.mike_weekscrape AS we ON we.customer_id=cw.personal_number SET ppm_status = 1, capital_uppdated = scrape_date, capital = total_amount , fund = errors WHERE we.week_number=21 will that be right	10:59
	joins is ok	11:00
p.suwala	Joins are OK	11:01
	I wonder if you maybe want something extra in WHERE	11:01
	like is_active=1	11:01
	or something like that	11:01
	otherwise I can't see any error	11:01
Axel Landberg	UPDATE will be right to do then?	11:03
	not inseert	11:03
p.suwala	no. Insert creates new rows, Update changes existing ones	11:03
Axel Landberg	okey	11:03
p.suwala	you want Update	11:03
Axel Landberg	i think i know how i can do the wrong pin	11:29
	if i do an sql ther i set all ppm status as wrong and then update the right one from mike	11:30
	not nice but will work?	11:30
p.suwala	sounds somewhat dangerous, but would definitely work	11:41
Axel Landberg	i know.. well will think about it	13:24
	a question, all the nots we ad to customers in backend, you remember where in the db they are?	13:26
p.suwala	log is in recdep_log and notes are in note_note	13:46
Axel Landberg	thx	14:30
Monday, 02. June 2014		
Axel Landberg	hello	13:26
p.suwala	hey hey	13:42
Axel Landberg	i just wunder if the "history spider" use the same ppm-code db as regular mike, and if it runns every 5th	13:42
p.suwala	ah	13:42
	it does use the same ppm	13:43
	and it doesn't run every fifth yet, but I will fix it tomorrow to run at fifth	13:43
	cool?	13:43
Axel Landberg	yeah super cool	13:43

and how are you then? 13:43

p.suwala a bit busy today 13:43

Axel Landberg cool 13:44

p.suwala and you? 13:44

Axel Landberg just fine (not girl 'just fine') 13:44

p.suwala I hear that some people are being fired 13:44

I guess your job is safe 13:45

Axel Landberg i know.. all equity except theo 13:46

yup my one is safe as i understand it

p.suwala or... didn't you know that yet? 13:46

Axel Landberg i know from like.. wensday last week 13:46

p.suwala who is fired then? Nina, Anton, who else? 13:46

Axel Landberg just them 13:46

that leave only solid music and stelum left, i guess Theo will start work on stelum 13:47

p.suwala going to be lonely there 13:48

Axel Landberg i know.. i think we will move to the city office 13:49

p.suwala that's good news for you 13:49

we will have lunch together 13:49

Axel Landberg yeah i just hope we do it that way 13:49

p.suwala Jimi told me that they will not move from the city to hammarby 13:50

not the management anyway 13:50

Axel Landberg well then i think we will move to them after nina quit, she got 2 month insted of one 13:51

p.suwala cool 13:52

Wednesday, 04. June 2014

Axel Landberg Hey 14:22

Did you set mike to go historical tomorrow?

p.suwala what time do you want? 14:23

Axel Landberg 20:00 will be gr8 14:24

p.suwala cool 14:24

you will have it 14:24

Axel Landberg hey, i think i have fucked something up a little 15:55

p.suwala ok? 16:41

Axel Landberg I found out that the is_active tag had changed on about 4k customers in a few days i think, but i will look 16:43

at it tomorrow, i will order all inactivations by date and see if i find a lot of them in one date, then it will be easy to change i guess

p.suwala ok, cool 16:44

let me know tomorrow if you need help 16:44

Axel Landberg I will 16:44

Gr8 news by the way, i now work 08:45 - 16:15 16:45

p.suwala oh? 16:46

why is that 16:46

7.5h ? 16:46

Axel Landberg Yeah well i dont know why theo changed it but i cant complain 16:46

p.suwala good for you 16:47

Axel Landberg Nice when it's summer 16:47

Monday, 09. June 2014

Jonas is telling me you have some inssues 13:47

issues 13:48

? 13:48

Axel Landberg yeah, i cant find history results from the fifth june 13:48

p.suwala let me see, maybe I fucked it up 13:49

Axel Landberg okey 13:49

p.suwala looks like I fucked it up 13:50

let me see what went wrong 13:50

Axel Landberg Okey 13:50

p.suwala yeah. Tell Jimmi I'm sorry 13:55

It's scrapping now 13:55

you should have it in couple of hours 13:55

Axel Landberg okey cool 13:56

I tell him, sad about your robot

p.suwala It looked at the database and figured that there is history for everyone already so there is nothing to do 13:57

Axel Landberg Aah i see 13:57

But it update all cus now?

p.suwala It will add more history now 13:58

For example 194401027497 is done 13:58

Axel Landberg I will look at it thx 13:58

it there any way i know the hstorical mike is done? 16:39

p.suwala it's still working 16:40

Axel Landberg okey 16:41

ah 09:55

0 20 5 * * /opt/mike_reborn/manage.py scrape_history

p.suwala yup that will do it 09:55

Axel Landberg cool 09:55

p.suwala at 20:00 every 5th of each month 09:55

Axel Landberg about the list of dates, 09:56

0 20 4 7 * /opt/mike_reborn/manage.py scrape_weekly

Axel Landberg okey 09:56

p.suwala numbers are as follows: minute, hour, day, month, * 09:56

Axel Landberg was it ctrl + o to save? 10:02

p.suwala ctrl + o 10:02

ctrl + x

Axel Landberg 10:02

Thursday, 04. December 2014

Axel Landberg Hey Pawel 09:41

I think mike not have done what i was expecting tonight

Thursday, 11. December 2014

Axel Landberg Hey 12:53

p.suwala hey hey 12:54

Axel Landberg Do you have some time for mike today ? 12:55

p.suwala isn't it lovely that it breaks only when I'm on vacation? 12:55

Axel Landberg Yeah 12:56

Like always

p.suwala I'm catching up with stuff over here today. Do you think we can delay this until tomorrow? 12:56

Axel Landberg Well we realy need to be able to send invoices to ikc and granit as soon as possible 12:58

p.suwala I'll see what I can do 12:58

I have a conference with US/London soon 12:58

but I'll try to look at mike after that 12:59

Axel Landberg Okey 12:59

any mike? 15:16

p.suwala just finished conference 15:22

let me take a look 15:22

Axel Landberg cool 15:22

tell me if you need something 15:22

p.suwala what was the link to mike? 15:23

<http://mike.strategiplacering.se/admin/> is this the one? 15:24

what was the username, password... ? 15:24

Axel Landberg my one was axel
pass1234 i think 15:26

p.suwala thanks 15:27

Axel Landberg i think you have one 15:27

Username

p.suwala ok, can you send me a working customer for testing? 15:29

nevermind that 15:36

Axel Landberg okey, just tested one 15:36

p.suwala ok, it seems that this should be an easy fix 15:36

Axel Landberg nice if so 15:36

p.suwala ok, check the "199405162240" customer now 15:41

is it showing everything as is supposed to? 15:41

Axel Landberg it looks so 15:42

p.suwala ok. So this was an easy fix 15:42

Axel Landberg cool 15:42

p.suwala I can run it now if you like 15:42

Axel Landberg yes thx 15:42

p.suwala ok. it's running 15:43

Axel Landberg is mike in python btw? 15:43

p.suwala yes 15:44

Axel Landberg cool 15:44

well

thanks pawel, sorry to interrupt your vacation

p.suwala no worries 15:45

Axel Landberg oh, a question.. 15:49

when it is mote then 999 shares it adds an "space" like 1 000

i know it's just copy the text from ppm, but is there any "fix" i can do in sql to change it?

it is not an big issue now

p.suwala when you are making select on a column that has spaces, you can use LTRIM and RTRIM like this: 15:50

```
select LTRIM(RTRIM(name_of_the_column_with_spaces))
... and here the rest
```

oh, wait. That will only remove the spaces in the begining and the end 15:51

use this instead: 15:51

```
select REPLACE(name_of_the_column_with_spaces, " ", "")
... the rest of the query
```

Axel Landberg okey 15:53

p.suwala if you are having trouble with this then just paste me the query you have and I will change it 15:53

Axel Landberg SELECT date, sum(shares), fund_id 15:54

```
FROM mike_customerhistory AS my
JOIN mike_customerrow AS mw
ON my.customer_id=mw.personal_number

WHERE fund_id = 656637
AND scrape_date = '2014-11-05'
GROUP By date
ORDER BY date
```

p.suwala which column has spaces? 15:55

shares? 15:55

Axel Landberg shares 15:56

p.suwala try this: 15:56

```
SELECT date, sum(replace(shares, ' ', '')), fund_id
FROM mike_customerhistory AS my
JOIN mike_customerrow AS mw
ON my.customer_id=mw.personal_number

WHERE fund_id = 656637
AND scrape_date = '2014-11-05'
GROUP By date
ORDER BY date
```

Axel Landberg did not like it 15:57

p.suwala missed a) 15:57

```
SELECT date, sum(replace(shares, ' ', '')), fund_id
FROM mike_customerhistory AS my
JOIN mike_customerrow AS mw
ON my.customer_id=mw.personal_number

WHERE fund_id = 656637
AND scrape_date = '2014-11-05'
GROUP By date
ORDER BY date
```

Axel Landberg nice 15:59

p.suwala ok. I'm off 16:00

take care 16:00

Axel Landberg the same 16:00

and thx

Axel Landberg	It went good	next meeting on Thursday with the head of customerservice	14:25
p.suwala	great		14:28
<hr/>			
Monday, 09. March 2015			
Axel Landberg	hey pawel!		11:13
p.suwala	hey man		12:47
	how is life		12:47
	what's your budget?		12:57
Axel Landberg	i dont know, i have not talket do alex or afram about the costs		12:58
	life is good		12:58
	it's spring now!		12:59
p.suwala	if you find any python programmers, send them my way		13:01
	we need 6		13:01
Axel Landberg	hahaha!		13:02
p.suwala	I'm paying finders-fee		13:02
Axel Landberg	cool		13:02
p.suwala	if you are up for couple of thousands		13:04
	then you know my number		13:04
Axel Landberg	i have it		13:04
	is it hard to find?		13:11
p.suwala	we haven't started yer		13:17
	yet		13:17
Axel Landberg	okey		13:17
p.suwala	but we are starting this week		13:18
	actually tomorrow we have first interview		13:18
Axel Landberg	okey		13:18

	we pay well		13:18
	so if you can find couple of guys		13:18
	you can make easy money		13:19
<hr/>			
Thursday, 12. March 2015			
p.suwala	hey Axel		15:35
Axel Landberg	Hi		15:36
p.suwala	is it tough to find a programmer?		15:36
Axel Landberg	yeah, well have not get any answers on the ad i put up		15:37
p.suwala	how about a consulting company?		15:37
Axel Landberg	i have not talked to alex about the budget yet but i think it will be expensive. especially when we will pay for the time to get to know the system		15:39
p.suwala	yeah... true		15:39
	we are running 4 projects now and currently I'm the only programmer here		15:40
Axel Landberg	that's the sad part of not be a programmer myself		15:40
p.suwala	we are hiring now		15:40
	but at the moment I'm spending 100% of my time trying to keep up		15:40
	I don't think I can help now		15:40
	but I understand that it's probably easiest if I made the changes		15:41

Axel Landberg yeah i understand you dont have the time now and right now i dont know when the changes will be needed but i know we will need to do them 15:41

we will use a new dialer system called CallMaker, and we will do the Scrive agreements in the dialer as it looks right now. but that part is not done 15:42

p.suwala that's cool 15:42

something new 15:42

Axel Landberg yes but then i realised wee will need to import thr scrive id to nwo insted of NWO "creating" or getting it directly from scrive 15:43

p.suwala yeah... 15:43

Axel Landberg but i guess it will take a few weeks before we have the implements done in Callmaker 15:43

p.suwala it seems to me that you need a haltime programmer 15:43

or at least a programmer for 3-4 weeks to add the features you need 15:44

but probably not full time 15:44

Axel Landberg okey you think it will take so long to make the changes? 15:44

p.suwala no, but you probably can come up with some features that would make the system better 15:45

Axel Landberg yes, as allways 15:45

p.suwala not the bear minimum, but actually useful stuff 15:45

yeah... software like this needs mainenance 15:46

and changes 15:46

if the company is big enough then it makes sense to have a programmer 15:46

is stellum growing? 15:46

now after the optimus merger, I suppose stellum should be able to afford a programmer, no? 15:47

Axel Landberg i dont know.. it's some rule called "kapitaltäckning" so Stellum need to have money om an account then cant use and it raise for every employee 15:48

p.suwala yeah, some kind of colateral 15:48

Axel Landberg yeah.. and thats why they put up a new company that will act "callcenter" and make new customers 15:49

p.suwala right 15:49

so that should be cheaper 15:49

Axel Landberg yeah 15:49

but the new customers will not be stellum customers, they will be customers in the new company.. and thats why we need a "new" CRM 15:50

so i will get a new server next week i think and then we will copy the existing server 15:51

and clean the db so they have no customers' 15:51

p.suwala mmm 15:52

makes sense 15:52

Axel Landberg yeah i think we need a programmer but sadly i'm not the one with the cash 15:53

do you think it will caus problems to just copy the server? 15:53

p.suwala I think you should ask crystone to copy the VPS 15:54

they can easily do that 15:54

Axel Landberg yeah they will do 15:54

p.suwala and then delete what you want 15:54

should be ok 15:54

Axel Landberg so then i should have acces to the new server with the same user and psw but new ip 15:55

p.suwala yeah - that sould work 15:56

if it fails, I can help 15:57

if it's an hour or two 15:57

Axel Landberg okey 15:57

p.suwala but I probably can't find time to do programming and adding features 15:57

sorry man - if it was 2 months ago 15:58

it would be ok 15:58

today I need programmers myself 15:58

Axel Landberg in 2 months then 15:58

p.suwala you can try in 2 months again 15:58

no promises 15:59

Axel Landberg i might have to call some russians and get it done 15:59

kidnapping you 15:59

p.suwala call russians - they can do the programming for you 16:00

Axel Landberg What do you think about indian programmers 16:02

p.suwala well.. let me tell you this 16:03

we are taking over a programming project now 16:03

that was programmed for last 14 months by 20 indians 16:04

it cost so far over 1m usd 16:04

and it's all SHIT 16:04

needs to be rewritten from scratch 16:04

Axel Landberg well! No indians then 16:04

i tell you when we have the new swever and if something not will work 16:14

p.suwala cool 16:15

Axel Landberg then i will try to find stuf in the configfiles if i can change scrive and viatel accounts by myself 16:16

and ask you or jonas what tables in the db i can delete and not delete 16:17

p.suwala 16:17

cool 16:17

Axel Landberg for a start 16:17

Thursday, 19. March 2015

p.suwala hey man 15:41

Axel Landberg Hey 15:41

p.suwala do you have Ale somewhere there? 15:42

Axel Landberg yes 15:42

p.suwala can you tell her to call me? I have something for her 15:42

0739 32 66 99 15:43

Axel Landberg cool man, she will call you right now 15:43

p.suwala cool stuff 15:43

Axel Landberg .se 15:43

Wednesday, 25. March 2015

Axel Landberg hey! 15:16

p.suwala Hey 18:37

Thursday, 26. March 2015

Axel Landberg i try to find the scrive account settings for nwo so i can change it, jonas gave me a searchstring 09:39

find / -type f -exec grep -H 'text-to-find-here' {} \; | grep "*.py"

dont know if it gets me what i want

p.suwala that's a loong way to do it 10:42

find the settings.py file - it's defined there 10:42

it's in the main nwo directory 10:42

Axel Landberg okey 10:42

so cd/home/nwo 10:42

p.suwala oops. Just checked. It's not in the settings. It's here: 10:44

nwo/scrive/__init__.py

so 10:44

cd /home/nwo/public_www/ 10:44

and then cd new_world_order/nwo/scrive/ 10:44

and edit the __init__.py file 10:44

Axel Landberg cd new_world_order/nwo/scrive/__init__.py -e 10:46

will do?

p.suwala 10:47

no, try this instead:

cd new_world_order/nwo/scrive

and then

nano __init__.py

Axel Landberg 10:50

[root@vps1 public_www]# bash: cd: new_world_order/nwo/scrive: No such file or directory

i understand something in cd new_world_order/nwo/scrive is not 100% correct then 10:51

p.suwala it's something like that, but I don't rememer the exact path 10:51

Axel Landberg nah it's cool 10:52

/home/nwo/git/new_world_order/nwo/scrive 10:56

there i can se the file in the ftp so i guess it's right

p.suwala 10:59

did you manage to edit? 10:59

Axel Landberg i have not tested to do anything yet 11:00

but i guessit is the 11:04

oauth_consumer_key

oauth_token

oauth_signature

11:10

Test account

oauth_consumer_key = '09d7433eaf2da749_209' # Client credentials identifier

oauth_token = '7c07f416de3b74b4_462' # Token credentials identifier

oauth_signature = "2c869663d45d7534&16d19891847bc9e7"

p.suwala yeah, you have two. One test (the one that you passed) and one real (couple of lines below) 12:13

Axel Landberg then i found it 12:43

you think it will caus problems if we change the domain for the new nwo 12:44

p.suwala should work, no problem 13:44

Axel Landberg okey i found something in the scrive py file with the domain, will i need to change it you yhink? 13:44

p.suwala copy paste here - I don't know what that is 14:32

Axel Landberg CALLBACK_URL_TEMPLATE = 'http://backend.strategiplacering.se/api/scrive_callback/%s/' 14:52

p.suwala yeah, use the domain you have now for the nwo 14:52

Axel Landberg okey 14:52

so when we have the new copy of server and change domain, it will be innovestic.se 14:53

it will be CALLBACK_URL_TEMPLATE = 'http://backend.innovestic.se/api/scrive_callback/%s/'

p.suwala yup. This will work 14:54

Axel Landberg good stuff 14:54

i hope i have the server on monday

p.suwala innovestic? thats the new company name? 14:54

Axel Landberg yes 14:54

p.suwala ok 14:54

Axel Landberg they wanted it to be like innovation 14:55

innovestic capital ab 14:55

lol 14:55

p.suwala 16:25

I tried bus was not sure if i was doing it right 20:30

p.suwala the webserver is running and I see that server is up and running 20:30

i dont remember how the surtr server is set but i think we opened it up so we can acces it without ssh key

i think i'm acces the right server now but i'm not sure.. can i acces the new server with my ssh key for old server 11:55

p.suwala Hey 16:51

I'll check it out 16:52

Axel Landberg when i tested to acces to port 2200 it worked for me 16:52

p.suwala looks good. I managed to connect 16:52

Axel Landberg nice!
i have 2 questions for later 16:53

about what tables i can drop in the sql db to not destroy NWO and how i change the domain so we can use it

but we dont need to take it now 16:54

p.suwala let's meet. Can you drop in to our office tomorrow? 16:54

we can do all of it together 16:54

I think it will be faster 16:54

Axel Landberg yeah sounds great 16:54

p.suwala Cool. I'll give you time tomorrow - but something like 3:30 would probably work for us 16:55

Axel Landberg yea it will work for me 16:55

p.suwala great 16:55

see you tomorrow! 16:55

Axel Landberg see you 17:02

Wednesday, 08. April 2015

Axel Landberg cool, i was not sure if you had time today 15:15

Thursday, 09. April 2015

Axel Landberg hahaha Pawel I think we deleted the whole backend db when we cleaned up yesterday 10:53

is it hard to move the backend db from the old server in to the new one?

I think i fixed it myself 11:10

i exported the backend db from old server and now I import it to the new one

Friday, 17. April 2015

p.suwala do you have iPhone 6 plus? 12:11

Axel Landberg no, i have an ond iphone 5 13:21

Axel Landberg Hehe only cheep gadgets 13:29

p.suwala yup 13:30

what's up with Axel? 13:30

Axel Landberg Not mutch for now i try to make us use Loxyssoft and look at your code for nwo 13:31

p.suwala cool 13:32

Axel Landberg Learn to find where the import module is and i think I found it 13:32

Will make it easier to tell a programmer what we want to change 13:33

How waa NY? 13:33

Wednesday, 22. April 2015

Axel Landberg Hey! 11:01

i found a note about something kick you in the balls later on left in your code.. get error every time i try 11:09

to import customers.. it looks like when one customer is imported i get an error and the import ends

now i fixed so i get the error emails 14:17

IntegrityError at /cr/import_customers/
(1062, "Duplicate entry '199004053279' for key 'username'") 14:18

AND

ValidationError at /cr/import_customers/
[u"V\xe4rdet " har ett ogiltigt datumformat. Det m\xe5ste vara i formatet YYYY-MM-DD
HH:MM[:ss[.uuuuu]][TZ]."]

but when i try to import with wrong date it lets me correct the info, and as long i dont correct all then be 14:19

imported but when i correct all so i wonr need to correct more of them i get the error

you have any idea of what to do 14:19

hmm.. can it be a error in firefox? 14:21

didnt like chrome so i guess not 14:22

Tuesday, 28. April 2015

Axel Landberg shiet pawel.. i dont understand where in the file the ' ' is.. now 15:51

Friday, 08. May 2015

Axel Landberg hello pawel! 11:04

a question, mike_reborn, it's coded in python?

p.suwala yes 11:04

Axel Landberg /opt/mike_reborn/manage.py 11:05

you remember where it is?
is it in home folder or other 11:05

p.suwala I think it's in /opt/mike_reborn 11:05
cd /opt/mike_reborn 11:05

Axel Landberg i try it 11:05
and yes you are correct 11:06

Monday, 11. May 2015

Axel Landberg congrats pawel 11:26

p.suwala Thx! 12:33

Axel Landberg so you had a exam party ? 12:53
I say damn this error xD ValidationError at /cr/import_customers/
[u"V\xe4rdet " har ett ogiltigt datumformat. Det m\xe5ste vara i formatet YYYY-MM-DD
HH:MM[:ss[.uuuuu]][TZ]."] really wierd stuff 13:07
The import module is still messing with me 14:57

p.suwala yeah... I can see that... 15:30
not sure what it is 15:30
I won't be able to help today, and I'm not working for the rest of the week 15:31
so it's Monday the earliest... 15:31

Axel Landberg okey well.. i don't have any other idea right now so it sounds good 15:33

Monday, 18. May 2015

Axel Landberg Hey Pawel! 11:57
how was pycon?

p.suwala it was great 16:29
Hey Axel 16:29
had fun, leardned some stuff 16:29

Axel Landberg Nice ! Where was pycon? 16:33

Tuesday, 19. May 2015

Axel Landberg Do you have any idea how we can fix the import to NWO 11:33
can i do an SQL script and use? 14:44

p.suwala hey 15:52
not sure what the problem is 15:52
you can try to save the file as csv and then open it in notepad 15:52
you should be able to see if anything is wrong with it 15:52

Axel Landberg I try now.. i can't se anything wrong in the file.. 16:17
now i try date formate YYYY-MM-DD HH:MM.. 16:31
can i remove any validation ore something.. it's the dates
hm.. I think it's something with the code :/ 17:05
i tried an old orderfile imported in Stelum backend and it didnt work, only changed the salesman and
salesman id not the dates
can it be serversettings? 17:05

p.suwala I'm sure it's a bug 17:11

Axel Landberg can it be becaus it's not same os running server? 17:15

the new server is running on Debian 6 Squeeze x86_64

not sure what os the old one was running 17:15

p.suwala I don't think so. It's probably just a bug in the code that didn't manifest itself until recently 17:15

if you try to create a new file with just one row, does it import correctly? 17:16

Axel Landberg nope not on first try 17:19

error message always be about orderdate formate 17:19

p.suwala send me the file. I will try to fix the code tomorrow 17:19

Axel Landberg a testfile or the file i want to import? 17:20

p.suwala any file that doesn't work 17:20

Axel Landberg sent one on the .eu 17:24

i have realiset I NEED to work with a programmer

need new work ^^

Thursday, 21. May 2015

p.suwala 0729697335 sheraz 10:24

oops. Wrong window 10:25

Axel Landberg haha np 10:36

Friday, 22. May 2015

p.suwala sorry man 14:00

I'm completely busy with stuff here 14:00

Didn't have time to do anything with that bug 14:00

Axel Landberg I understand Pawel well i talked to Sheraz about it and wait for an quotation 14:01

p.suwala he's good 14:02

he should be able to help you in a timely manner 14:02

I interviewed him twice 14:02

Axel Landberg okey yeah he was here yesterday and i showed him the system and little code so he could estimate time for the job 14:03

p.suwala cool 14:03

Axel Landberg he thinks he will need at least 15h for it and i dont know if it's reasonable but i think so 14:04

p.suwala so maybe 14:06

he doesn't know the system 14:06

Monday, 01. June 2015

Axel Landberg Hey Pawel 15:24

Do you remember what version of django and python you used in NWO?

p.suwala hmm... good question 15:25

I believe we were at Django 1.6 (not 100% sure) and Python 2.7 (100% sure) 15:25

Axel Landberg np 15:26

how did jonas like the gift?

p.suwala he loved it 17:25

Axel Landberg Haha awesome! 17:38

Wednesday, 25. November 2015

do you see something strange in this? 12:31

p.suwala hey Axel 12:31

no, that looks normal for host that is down 12:32

the reply IP is your IP 12:32

Axel Landberg aah 12:32

p.suwala because the host you tried t oping couldnt respond, your machine generated this response 12:32

Axel Landberg cool thx 12:32

but my wan IP ? i got 10.10.3.153 in ipconfig 12:33

p.suwala thats your privat IP 12:33

your public Ip might not be there 12:34

Axel Landberg ok cool 12:34

p.suwala how's life in innovestic? 13:58

do you know how Alexandra is doing? 13:58

Axel Landberg Innovestic is okey, nothing special 14:28

I was texting with Alexandra a week ago and she said it's still kind of new for her

Thursday, 26. November 2015

Axel Landberg haha i have a little problem going on in mike xD i can't delete any customer 13:25

so we fuck up all ppm-codes that belong to inactive customers now

is ther any work around for

Error Code: 1451. Cannot delete or update a parent row: a foreign key constraint fails
(`mike_reborn`.`mike_customerhistory`, CONSTRAINT `customer_id_refs_personal_number_30d77afd`
FOREIGN KEY (`customer_id`) REFERENCES `mike_customerrow` (`personal_number`))

Error Code: 1452. Cannot add or update a child row: a foreign key constraint fails
(`mike_reborn`.`mike_customerhistory`, CONSTRAINT `customer_id_refs_personal_number_30d77afd`
FOREIGN KEY (`customer_id`) REFERENCES `mike_customerrow` (`personal_number`))

p.suwala it seems that you are trying to create another user with the same personal number 13:27

Axel Landberg ah well i will try to delete the customer now 13:30

p.suwala this shouldn't happen on delete 13:30

Axel Landberg nah i will try delete now 13:31

p.suwala ah, ok 13:31

Axel Landberg DELETE 13:32

FROM mike_customerrow AS c
JOIN mike_customerhistory as h
ON c.personal_number = h.customer_id

WHERE c.personal_number = 196910271623

will this work?

the join works 13:33

p.suwala replace DELETE with "SELECT *" first and see what rows you get 13:33

if it looks correct then do DELETE 13:33

Axel Landberg but remove "FROM" 13:34

DELETE 13:34

mike_customerrow AS c
JOIN mike_customerhistory as h
ON c.personal_number = h.customer_id

WHERE c.personal_number = 196910271623

the select gives me what i want 13:34

p.suwala DELETE FROM is the correct syntax - <http://www.tutorialspoint.com/sql/sql-delete-query.htm> 13:34

Axel Landberg DELETE 13:36

FROM mike_customerrow AS c

JOIN mike_customerhistory as h

ON c.personal_number = h.customer_id

WHERE c.personal_number = 196910271623

Error Code: 1064. You have an error in your SQL syntax; check the manual that corresponds to your MySQL server version for the right syntax to use near 'AS c JOIN mike_customerhistory as h ON c.personal_number = h.customer_id WHERE' at line 2

the select works fine, but not delete 13:37

p.suwala DELETE 13:37

FROM mike_customerrow

WHERE personal_number = "196910271623"

Axel Landberg Error Code: 1451. Cannot delete or update a parent row: a foreign key constraint fails 13:39

(`mike_reborn`.`mike_customerhistory`, CONSTRAINT `customer_id_refs_personal_number_30d77afd` FOREIGN KEY (`customer_id`) REFERENCES `mike_customerrow` (`personal_number`))

so it looks like i need 2 work around it 13:39

well now the history is gone but not the customerrow 13:40

DELETE FROM mike_customerhistory WHERE customer_id = "196910271623" 13:40

343 row(s) affected 13:41

DELETE FROM mike_customerrow WHERE personal_number = "196910271623" 13:41

Error Code: 1451. Cannot delete or update a parent row: a foreign key constraint fails

(`mike_reborn`.`mike_weekscrape`, CONSTRAINT `customer_id_refs_personal_number_6b13cea8` FOREIGN KEY (`customer_id`) REFERENCES `mike_customerrow` (`personal_number`))

p.suwala DELETE 13:41

FROM mike_customerhistory

WHERE customer_id = "customer id of that client you want to delete"

Axel Landberg well that part worked 13:44

but customerrow is still there 13:44

p.suwala now you should be able to delete it 13:45

Axel Landberg 13:45:20 DELETE FROM mike_customerrow WHERE personal_number = "196910271623" Error Code: 13:45

1451. Cannot delete or update a parent row: a foreign key constraint fails

(`mike_reborn`.`mike_weekscrape`, CONSTRAINT `customer_id_refs_personal_number_6b13cea8` FOREIGN KEY (`customer_id`) REFERENCES `mike_customerrow` (`personal_number`)) 0.062 sec

p.suwala it says that you must delete from mike_weekscrape before 13:46

Axel Landberg ah 13:46

now i understand the error THX! 13:48

p.suwala 13:48

Friday, 27. November 2015

Axel Landberg SELECT * FROM mike_weekscrapeentry WHERE id IN(5081, 12477, 22747, 29114, 35523, 48253, 60957, 11:19

same typ of error but i dont understand why it not works when weekscrape is empty now 11:20

I did this one before 11:21

DELETE FROM mike_weekscrapeentry WHERE id IN(5081, 12477, 22747, 29114, 35523, 48253, 60957, 80417, 86998, 100074, 106705, 119935)

p.suwala	Hi Axel	15:19
	how is life?	15:19
Axel Landberg	Hi Pawel!	15:20
	It's good	
	work friends and training you know and you?	
p.suwala		15:20
	I'm good	15:20
	work is OK?	15:20
Axel Landberg	yeah.. not sow inspiring but OK	15:22
	have my little role in a few projects	15:22
	how is omni? have you launched the site?	15:23
p.suwala	If we (Jonas and I) started a new company, would you be interested in joining?	15:24
Axel Landberg	always interested, you know newer settle	15:25
	but as always you have to look at what it will be before you can decide	15:26
p.suwala	cool	15:26
	sure	15:26
	keep this to yourself for now	15:26
Axel Landberg	but if you ask i know it will be fun	15:26
	yeah like always	15:26
p.suwala	I'm just checking with you very early	15:26
Axel Landberg	as I thought	15:26
p.suwala	I think you might be the guy to run the customer service part of what we hope to build	15:27
Axel Landberg	I see	15:27
p.suwala	cool	15:27
	do you know how Alex is doing?	15:27
Axel Landberg	yeah, med her on the aw theo invited you to	15:28
	she live with her mother and rents out her apartment	15:29
	had some partner and plan on business in UK as i understood it	
	was happy she didn't need to work on a regular work and said she was't looking for a new job right now	15:30
p.suwala	too bad it didn't work out in getanewsletter	15:31
Axel Landberg	yeah, I have not heard anything about it but she called Jimi for an "arbetsintyg" from Stelum like one or two weeks ago	15:32
	so then i understood she planed to quit or had already	15:32

p.suwala I'm not sure what happend actually 15:33
 I thought you might know 15:33

Axel Landberg no she did't talk about it 15:35
 but i think she had a hard time to sell the service

it is not exactly what she used to sell so i think she was little unsecure about her selling skills but i'm just guessing

p.suwala yes, I had similar feeling 15:35

Axel Landberg it was comfortable to sell ppm after so many years with the same product 15:36
 well well 15:36
 she was happy with life as i could see 15:37
 so party at office this week if you launched ? 15:37

p.suwala yeah, I'm not even thinking about party yet 15:38
 but we should have one 15:38

Axel Landberg haha still a lot of work? 15:39

p.suwala yeah, quite a bit 15:44

Wednesday, 09. March 2016

Axel Landberg you know if there is any other SQL Function similar to "SUM" that not round the numbers? 13:37

p.suwala 13:38

```
SELECT ROUND(SUM    , 2)
FROM <tablename>
```

ehh... 13:38

```
SELECT ROUND(SUM ( cash ), 2)
FROM <tablename>
```

the last one 13:39

Axel Landberg cool 13:39
 hm, it just give me more decimals in the result. well well 13:44
 the problem is that when sum it round all numbers down 13:50
 but i will google and see if anyone else have the same problem

p.suwala ah, I see. You will probably have to convert the ints to floats before the SUM call 14:50

google it 14:50

Axel Landberg well haha i don't get it right 16:20

```
Original
SELECT date, sum(shares), fund_id
FROM mike_customerhistory AS my
JOIN mike_customerrow AS mw
ON my.customer_id=mw.personal_number

WHERE fund_id = 208439
AND scrape_date = '2016-01-05'
GROUP By date
ORDER BY date
```

then it sums 16+11+12 instead of 16,4+11,2+12,0

when i try

```
SELECT date, cast(sum(shares) AS decimal(15,4)), fund_id
FROM mike_customerhistory AS my
JOIN mike_customerrow AS mw
ON my.customer_id=mw.personal_number
```

```
WHERE fund_id = 208439
AND scrape_date = '2016-01-05'
GROUP BY date
ORDER BY date
```

I get the same result but with ,0000 in the end of the result.

Don't find anyone use SUM when they need to specify the number of decimals

I think i understand that some part is in wrong order and tried also with

```
SELECT date, cast(sum(shares) AS decimal(15,4)), fund_id
FROM mike_customerhistory AS my
JOIN mike_customerrow AS mw
ON my.customer_id=mw.personal_number
```

```
WHERE fund_id = 208439
AND scrape_date = '2016-01-05'
GROUP BY date
ORDER BY date
```

i dont get the sum to sum up the "shares" with decimals

p.suwala Call 10:23

Call ended 10:23

hey 10:23

you can add it to the todolist in google drive 10:23

Jonas Johansson the numberscubber 10:25

p.suwala so what's the process? you are getting first and last name + city from some website, then scrubbing phone number agains eniro and then we are scrubbing that against upplysning? 10:26

Jonas Johansson i have a list of names, last names and citys and i it searches for them like 10:28

name1 + lastname1 + city1 = results
name2 + lastname1 + city1 = results
name3 + lastname1 + city1 = results

and so on 10:28

p.suwala aha 10:28

so you are fishing hoping to find teh person 10:29

Jonas Johansson basicly yes 10:29

p.suwala ok, ok 10:29

We can easily add that to the scrubber 10:30

Jonas Johansson sweet 10:31

maby we shold have a name, lastname, city db 10:41

p.suwala I will come up with something 10:41

Jonas Johansson COOL 10:44

added the to do 10:44

but it feels like you can freestyle that 10:44

p.suwala nice 10:44

but first I need to finish the second part of the scrubber 10:44

Jonas Johansson do it 10:51

is it come and nice @ home? 10:53

p.suwala it's nice beacause I can focus on one thing and no one is interruptime interrupting* 10:53

Jonas Johansson haha 10:53

yeah! 10:54

D: 10:54

witch db system are we using now 11:54

p.suwala	we are using MySQL	11:55
Jonas Johansson	ok	11:55
p.suwala	which is not awesome but all the systems were using it so I followed	11:55
Jonas Johansson	but you talked about using something else	11:56
p.suwala	we will probably migrate some systems later on to MongoDB or PostgreSQL	11:56
	but for now I will stick to MySQL since we have to use it for old backend and json + tima etc	11:57
Jonas Johansson	yeah	11:58
p.suwala	When I'm coding I have an abstraction layer for the database which makes it SQL independent - We will be able later on to install PostgreSQL and just switch to it without any major pain	11:58
Jonas Johansson	ah	11:59
	thierry just came and complained that if you paste a news url on facebook no thumbnails are coming up in facebook	12:02
p.suwala	I will look into it	12:02
	Facebook has some limitations on the size of the image - Thierry uploaded 3.7Mb image with huge resolution. I scaled it down to 600px width and it works now	12:13
	tell him to upload smaller images if he wants them to be available on facebook	12:14
Jonas Johansson	i will	13:02

	After my aunt died suddenly, my family worked to take care of her estate and clean her very messy house. It was really difficult because we were still grieving, but we had to deal with it ASAP before we all scattered back across the country. We were vaguely aware that she had some very valuable gold jewelry (worth thousands) lying around somewhere, but we weren't sure where. I found a lockbox hidden in her bedroom but no key, so I spent a long time prying it open. When I finally opened it...

ATTORNEY: What was the first thing your husband said to you that morning? 13:26

WITNESS: He said, 'Where am I, Cathy?'

ATTORNEY: And why did that upset you?

WITNESS: My name is Susan!

ATTORNEY: What gear were you in at the moment of the impact?

WITNESS: Gucci sweats and Reeboks.

ATTORNEY: Are you sexually active?

WITNESS: No, I just lie there.

ATTORNEY: What is your date of birth?

WITNESS: July 18th.

ATTORNEY: What year?

WITNESS: Every year.

ATTORNEY: How old is your son, the one living with you?

WITNESS: Thirty-eight or thirty-five, I can't remember which.

ATTORNEY: How long has he lived with you?

WITNESS: Forty-five years.

ATTORNEY: This myasthenia gravis, does it affect your memory at all?

WITNESS: Yes.

ATTORNEY: And in what ways does it affect your memory?

WITNESS: I forget..

ATTORNEY: You forget? Can you give us an example of something you forgot?

ATTORNEY: Now doctor, isn't it true that when a person dies in his sleep, he doesn't know about it until the next morning?

WITNESS: Did you actually pass the bar exam?

ATTORNEY: The youngest son, the 20-year-old, how old is he?

WITNESS: He's 20, much like your IQ.

ATTORNEY: Were you present when your picture was taken?

WITNESS: Are you shitting me?

ATTORNEY: So the date of conception (of the baby) was August 8th?

WITNESS: Yes.

ATTORNEY: And what were you doing at that time?

WITNESS: Getting laid

ATTORNEY: She had three children , right?

WITNESS: Yes.

ATTORNEY: How many were boys?

WITNESS: None.

ATTORNEY: Were there any girls?

WITNESS: Your Honor, I think I need a different attorney. Can I get a new attorney?

ATTORNEY: How was your first marriage terminated?

WITNESS: By death..

ATTORNEY: And by whose death was it terminated?

WITNESS: Take a guess.

ATTORNEY: Can you describe the individual?

WITNESS: He was about medium height and had a beard

ATTORNEY: Was this a male or a female?

WITNESS: Unless the Circus was in town I'm going with male.

ATTORNEY: Is your appearance here this morning pursuant to a deposition notice which I sent to your attorney?

WITNESS: No, this is how I dress when I go to work.

ATTORNEY: Doctor , how many of your autopsies have you performed on dead people?

WITNESS: All of them. The live ones put up too much of a fight.

ATTORNEY: ALL your responses MUST be oral, OK? What school did you go to?

WITNESS: Oral...

ATTORNEY: Do you recall the time that you examined the body?

WITNESS: The autopsy started around 8:30 PM

ATTORNEY: And Mr. Denton was dead at the time?

WITNESS: If not, he was by the time I finished.

ATTORNEY: Are you qualified to give a urine sample?

WITNESS: Are you qualified to ask that question?

And last:

ATTORNEY: Doctor, before you performed the autopsy, did you check for a pulse?

WITNESS: No.

ATTORNEY: Did you check for blood pressure?

WITNESS: No.

ATTORNEY: Did you check for breathing?

WITNESS: No..

ATTORNEY: So, then it is possible that the patient was alive when you began the autopsy?

WITNESS: No.

ATTORNEY: How can you be so sure, Doctor?

WITNESS: Because his brain was sitting on my desk in a jar.

ATTORNEY: I see, but could the patient have still been alive, nevertheless?

WITNESS: Yes, it is possible that he could have been alive and practicing law.

	Since the founding of Freemasonry, many Bishops of the Church of England have been Freemasons, such as Archbishop Geoffrey Fisher.[101] In the past, few members of the Church of England would have seen any incongruity in concurrently adhering to Anglican Christianity and practicing Freemasonry	13:56

	didnt read it thwo	13:56
	thow	13:56
	did you	13:56
p.suwala	yes	13:56
	it's very ambitious	13:56
Jonas Johansson	sweet	13:56
p.suwala	and very IT-driven	13:57
Jonas Johansson	that's what we want	13:57
	COOL	13:57
p.suwala	we are going to be buisy	13:57
Jonas Johansson	hahaha	13:57
	i didn't expect anything els	13:57
p.suwala	true	13:57
Jonas Johansson	it's a very nice business plan	14:00
p.suwala	I wonder if he made the graphics himself	14:00

Jonas Johansson 14:00

p.suwala 14:00
have you seen page 10?
14:01
that's the important one

Jonas Johansson 14:02
the efficient lending process?
14:02
or the "a trusted brand"?

p.suwala 14:02
I have some security concerns here
14:02
15 minutes - no human involved

Jonas Johansson 14:02
ah

p.suwala 14:02
fully automated lending

Jonas Johansson 14:02
there will be a human involved
14:03
there will allways be a final dicison on a human level
14:03
we did speak abute it
14:03
spoke

p.suwala 14:03
it says that it's "Fully automated Instant decision" with no human interaction
14:03
but maybe it's just a presentation
14:04
I would rather have a human in the process
14:04
at least at the begining

Jonas Johansson 14:04
yeah, but we will have a first desision made upon the creditscoring
14:04
if it's
OK
Semi
No-ok
14:05
or something like that
14:05
and after that some on will be there to werify everything

p.suwala 14:05
alright
14:05
this is going to be massive fun

Jonas Johansson 14:05
sure is
14:06
Im gona do som prepwork looking in to difrent creditscoring companys
14:06
and see what thay have for API etc

p.suwala 14:06
yes, definitely

Jonas Johansson 14:06
and we need to think abute fraud securing

p.suwala 14:06
instant-API calls are a must-have

Jonas Johansson 14:06
that's for sure

p.suwala 14:07
yes, I have some concerns here. we will need to talk about this with Ulf

Jonas Johansson 14:07
yeah
14:07
i will do some undercover research how other companys verify payments
14:08
so no one is aplying for lown's in a nother persons name
14:08
and add there own account

p.suwala 14:08
yes - and we should have some rules like "we only transfer money to accounts in sweden"

Jonas Johansson 14:09
that's for sure
14:09
and i wonder if there's a way to verify the account holders in other baks
14:09
banks

p.suwala 14:09
not sure about that - we will have to check

Jonas Johansson 14:10
yeah
14:10
we need a biger whiteboard
14:10
i see milion of postit's

p.suwala 14:10
we sure need it

Jonas Johansson 14:10
maby we shold take the backend we have today
14:10
so we dont need to start from scratch

p.suwala 14:11
it wasn't built for this purpose but we can use parts of it

Jonas Johansson 14:11
ok, sure

p.suwala <http://www.absig.com/> is so horrible 14:13

Jonas Johansson hahaha yeah i know 14:14

that's wat lack of it dose to you 14:14

ABS rests on our combination of a long term investment approach, superior client servicing and cutting edge technology. 14:15

p.suwala cutting edge technology of '90 14:15

looks like we are going to have little time for fucking around (a.k.a. no reddit-time) in this new place 14:25

Jonas Johansson yeah 14:25

reddit is only there for the times when you dont have anything to do 14:26

or are on a mental flatline 14:26

p.suwala we will also need people for customer-service 14:27

not sure if 100m office will be enough 14:27

Jonas Johansson na but that will show 14:28

and if there's allways a good option to set up a nother office 14:28

for this project 14:28

so we dont have the "axel problem" 14:28

p.suwala the "axel problem" 14:29

Jonas Johansson if no one is disturbing you every 5min 14:29

maby there's a possibility to accualy create something 14:29

and not forget a bout 50% of what you are dooing 14:29

p.suwala yeah 14:30

we will have proper architecture/design stage this time 14:30

Jonas Johansson yeah 14:30

and time to plan 14:30

not do backend 14:30

and no waut 14:30

wait 14:30

do this 14:30

and that 14:30

and maby this 14:30

for 2 days 14:30

and now this 14:31

p.suwala fuck it, I will go to reddit instead 14:31

Jonas Johansson exactly 14:31

brain overload 14:31

kernel panic 14:31

sens where gona be out of here 14:36

anoing to buy one and have to return it in 2v 14:37

p.suwala I think so as well 14:37

shit, I need to buy new cellphone 14:38

(just relized) 14:38

Jonas Johansson yeah... 14:39

or take it as a signof bonus 14:40

p.suwala what about that A meeting 16:33

Jonas Johansson good question 16:33

let me find him 16:33

p.suwala what's our entering line? 16:43

Jonas Johansson dont know 16:43

that we will loose money for staying 16:44

or? 16:46

p.suwala yes, that's the point - but I wonder how to break it to him 16:46

Jonas Johansson "the only economic way for us to stay is a month extra pay" 16:47

p.suwala do they know what's our new salary? 16:48

Jonas Johansson the old one +10% 16:48

p.suwala and you mentioned that we are losing part of our sign-on bonus? 16:48

what % is it? 16:49

Jonas Johansson no, i didn't speak anything abute this 16:49

p.suwala ok 16:49

Jonas Johansson im trying to speak as little as possible abute this without you 16:49

basicy i just broke that we wont be able to stay 16:50

and then we just spoke abute the new project 16:50

p.suwala did ou say to A that we can stay until December? 16:50

Jonas Johansson that i did 16:50

but nothing more 16:50

no specifics 16:50

p.suwala ok 16:51

Jonas Johansson and i told him that i will be able to help them on the side 16:51

if needed 16:51

but that was only 4 me 16:51

if they have problems with loxy etc 16:52

p.suwala ok 16:52

	Hej Pawel!	14:50
	Jag jobbar på Aevy (www.aevy.com) och vi hjälper just nu teamet på Gavagai att hitta en frontendutvecklare. Vi såg på GitHub att du har erfarenhet av att jobba med JavaScript och tänkte kontakta dig för att höra (konfidentiellt såklart) om det kunde vara intressant.	
	Hur ser det ut för dig nu? Skulle det vara intressant att diskutera?	
	(Du kan läsa mer om jobbet här: aevy.com/opportunities/1074455)	
	Med vänliga hälsningar, Anton
