Genomgång av mobiltelefonförmningar

Undertecknad har undersökt innehållet i de mobiltelefoner som tagits i beslag i ärendet.

2025-0150-BG70-6

Enheten består av en mobiltelefon av modell Galaxy A21s som anträffades på misstänkt. Enheten fabriksåterställdes senast 2024-09-26. Användarkontoinformation som finns lagrad i mobiltelefonen går att härleda till misstänkts personuppgifter, bl.a. via namn, efternamn samt personnummer. Monica kan i vart fall antas ha brukat telefonen mellan 2024-11-01 t.o.m. 2025-04-21 då det finns omfattande samtalshistorik mellan mobiltelefonen och Monicas dotter. Ett utav Monicas Bank-ID certifikat finns kopplat till mobiltelefonen sedan 2024-10-22 och användes senast 2025-04-23.

I mobiltelefonen återfinns bl.a. 185 SMS-konversationer, 225 chattkonversationer via Facebook Messenger samt 110 chattkonversationer via Snapchat¹. En betydande andel av de meddelanden som tyder på att misstänkt säljer narkotika i och runt orten där hon är folkbokförd återfinns i applikationen Snapchat där Snapchatkonto elcapitan7siete (Kapten77) har använts. I konversationerna framgår i huvudsak vilket preparat som säljs, vilken mängd samt till vilket pris. Det framgår även att narkotikan portionsförpackas samt att misstänkt själv brukar narkotika. Den konversation som senast tyder på narkotikaförsäljning ägde rum 2025-04-21.

Gällande Snapchatkonto elcapitan7siete (Kapten77) så är detta det enda Snapchatkontot som nyttjats för kommunikation i mobiltelefonen. I mobiltelefonens nyckelring finns inloggningsuppgifter till ett annat Snapchatkonto lagrat (mpersson545), detta konto har inte använts för att skicka eller ta emot meddelanden.

För att säkerställa att Monica Persson är användare av Snapchatkonto elcapitan7siete (Kapten77) samt att kontot använts via aktuell mobiltelefon har följande åtgärder vidtagits:

- Bank-ID rapport för Monica Persson har bearbetats för att identifiera datum och tid för såväl signaturer som autentiseringar mot olika e-tjänster.
- Applikationsloggar från mobiltelefonen har sedan bearbetats för att identifiera huruvida Bank-ID applikationen i mobiltelefonen

samt andra tjänsteapplikationer (t.ex. Swish, bankapplikationer) används vid samma tillfällen som Bank-ID rapporten visar en signatur eller autentisering.

- Applikationsloggen har även bearbetats tillsammans med Bank-ID rapporten för att identifiera huruvida applikationen Snapchat används i närtid (+-10 minuter) till andra tjänsteapplikationer som kräver antingen signatur eller autentisering via Bank-ID.

De slutsatser som går att dra av analysen är följande:

1. Monicas Bank-ID används, via mobiltelefonen, för att signera eller autentisera mot tredjepartstjänster som t.ex Swish, SEB, Swedbank m.fl. Geodata för när applikationerna används gör gällande att mobiltelefonen vid flera tillfällen befinner sig på Monicas folkbokföringsadress.
2. Monicas Bank-ID används tillsammans med tredjepartstjänster, med +- 10 minuters tidsdifferens, från det att Snapchatapplikationen är aktiv i mobiltelefonen. Geodata för när applikationerna används gör gällande att mobiltelefonen vid flera tillfällen befinner sig på Monicas folkbokföringsadress.

2025-0150-BG70-13

Enheten består av en mobiltelefon av modell Motorola E13. Användarkontoinformation som finns lagrad i mobiltelefonen går att härleda till misstänkts personuppgifter, bl.a. via namn, efternamn samt personnummer. Mobiltelefonen innehåller ingen övrig relevant information för utredningen.

Självklart. Det är rätt smidigt att ta buss hit annars, hållplatserna ligger precis utanför mitt hus och man hinner ganska exakt hoppa av bussen och göra ett snabbt ärende innan bussen tillbaka till stan kommer

Jag undrar mer vem du tror att du är? Om du har glömt så gav jag dig för det första en hundring rabatt för att VARA SNÄLL för att det blev sent. Sen stal du av mig och så ljög du för mig och det är inte gratis heller din jävla idiot. Så länge jag inte har fått en lax så finns det fortfarande en skuld, och så länge det finns en skuld så kallar jag inte tillbaks någon.

Man kan ju tycka att eftersom du säger att det inte var du utan din vän som var dit så vore det väl lite halvtelligent att tala om vem den där vännen är för att slippa ta skiten själv? Men det enda som spelar roll just nu är om du tänker swisha några pengar eller inte, för jag har annat att göra än att tjafsa med dig.

Ni blåste mig på de 550 jag betalade för Rivotriolen jag aldrig fick, och så säger Ph att ni sa till honom häromdagen att ni inte alls hade fått nån fivish av mig den där kvällen/natten vi möttes utanför mig och jag gick upp till Andreas när ni stannade i cykeltunnet (eller vad det var för utrymme).

Han skulle lägga dem i brevlådan, det var dealen. Dagen efter hade han bara 8 kvar som han försökte sälja till nån annan som jag känner. Så 550 spänn ska tillbaks till mignilla kvickt

Jag skulle åka och lämna cykeldäck till capri och få en gubbe då jag själv bara tagit del av 10 utav 15 utlovade gubbar för cykeln (som jag fixat). Men då hade Tommy hämtat dom redan och var påväg till capri med dom.. så jag blev utan

(om man ska vara riktig petig tog jag bara del av 8 av påstådda 30, vi fick 3 av honom när vi lämnade cykeln sen har du lämnat 5.. det är vad jag tagit del av) däremellan handlade vi av honom en gång när vi hjälpte en kompis.. men dom antar jag att han inte räknar in eftersom han fick betalt för det. Nåt stämmer inte i alla fall och jag har ändå svårt att se att tommy ska ha hämtat 20 utan min vetskap

är rätt så säker på att capri inte är helt ärlig med vad vi ska ha fått i alla fall.. vi borde snacka irl i alla fall.. tycker det känns piss när det blir såhär. Skulle kännas bra om vi kan reda ut detta oss två emellan åtminstone. Så slipper det bli en vägg av text såhär dessutom

Det var djupt störande och jag har svårt att tro att det är sant, och även om det skulle vara sant så tycker jag ändå inte att det är något som någon annan har något med att göra. Om du har möjlighet är det kanske enklast om du ringer vanligt, 072-447 35 02, men annars på Snap, det är för långt för att ta i skrift
